Re: NOE

Dianne Tidbet called regarding her NOE and how to read them. After going over them with her, she was happy with the recommendations and asked if she had to send anything in. I figured that she went through enough and if she agreed, then she didn't have to send the NOE in. She wanted me to document our phone call and put it in the file that she agrees with the recommendations.

At first she thought she could only irrigate 27 acres but there were two different water rights for two different 27 acre fields. So she actually has 54 acres.
