Difficult to locate & GPS individual springs/POA's making up entire flow since they all are running high right now, but end up making up the total flow in the ditch.

In 1987, they had 700 calves. Currently they have 500 calves + 5 sheep.

House (internal/external) is tied into the spring system found ~~on~~ at same location as A63-24095. There is a separate collection box w/ 1/4" line that runs to the house

Irrigation: Season 3/1 - 11/15 = 260 days

$$\text{Acres} = 70.0 \times 0.02 \text{ cfs} = 1.4 \text{ cfs}$$

$$V_{ir} = 70 \text{ acres} \times 4.5 = 315.0 \text{ af}$$

$$V_{dr} = 1.4 \text{ cfs} \times 260 \text{ days} \times 1.9835 = 721.9 \text{ af}$$

$$V = 315.0 \text{ af}$$

Stockwater: Table 1 Rec. Div. Rate (Exh. 15A)

Livestock confirmed: 500 calves^{cattle} + 5 sheep

1987 (700 calves) cattle

sheep 0-25 = 0.02 cfs

1987 601-700 head cattle = 0.16 cfs

Current 401-500 head cattle = 0.12 cfs

* Recommend staying with 1987 figure,
since John Wilson stated the numbers
go up & down.

cattle $V_{ir} = (700 \text{ head} \times 12 \text{ gpd/head} \times 365) / 325,850 = 9.4 \text{ af}$

$$V_{dr} = 0.16 \text{ cfs} \times 365 \text{ days} \times 1.9835 = 115.8 \text{ af}$$

$$V = 9.4 \text{ af}$$

$$V_{dr} = 0.02 \text{ cfs} \times 365 \times 1.9835 = 14.479 = 14.5 \text{ af}$$

$$V = 0.01 \text{ af}$$

Flow Measurements: (from culvert @ PO2)

Bucket Measurement

$$\frac{6 \text{ gallons} \times 60 \text{ sec.}}{1.5 \text{ sec}} = 240 \text{ gpm}$$

$$240 \times 0.00223 = 0.53 \text{ cfs} = 0.54 \text{ cfs}$$

Weir Measurement (from south side of Marsing Rd

where flow comes on to the property)

$$H = 3\frac{1}{2}'' = 0.29' \quad L = 2.5'$$

$$Q = \frac{3.247 \text{ L}}{L} = 1.145 = 1.15 \text{ cfs}$$

U of I table 1 Flow over rectangular weirs shows:

$$H = 0.29' \quad L = 2.0' = 1.02 > \text{Range}$$

$$H = 0.29' \quad L = 3.0' = 1.53 > \text{Range}$$

$$0.54 + 1.15 = 1.69 \text{ cfs total capacity}$$

ADJUDICATION MEMORANDUM

CLAIM NO.: 463-24095 - 26219, 26220

SUBJECT: Evidence of priority

EMPLOYEE: - 26241 M M Wilson CC

DATE: Aug 29, 1995

Tim Callanan called regarding evidence of priority for above claims, requesting extension past Sept 1, 1995.

The letter to Mr. John Wilson was inadvertently sent to IDWR, & visa versa. Mr. Wilson is the nephew of the owners (Alderson) and is working on obtaining evidence.

Mr. Wilson is the contact for field exams. Mr. Callanan will call later this week w/ Mr. Wilson's tel. no.

09/12/1995: ~~That~~ Melinda of Elan & Burke called regarding these claims. She wanted to know what information we had on them historically. Since these water rights were not recorded previous to the SRBA, we have not historical records of the rights. Melinda will convey this info to Mr. Callanan and he will continue to pursue evidence for these claims.

Dear Western Region Office:

This letter will confirm the discussion I had with your office on August 29, 1995, in which I was informed that my previous correspondence, dated August 11, 1995, requesting an extension of the September 1, 1995 deadline for submitting proof of beneficial use, was not received by your office. You also agreed to extend the deadline 30 days in which to submit the required proof of beneficial use. The new due date is now October 1, 1995. If this understanding is incorrect, please contact me immediately.

Thank you for your cooperation.

RE: Snake River Basin Adjudication (SRBA)
Canyon and Elmore Counties
Aldecoa Notices of Claim

Dear Counselor:

Thank you for returning the Aldecoa claims sent to your office last month. More copies are enclosed for your records. Please note that for claim #A63-26220 we interpreted the point of diversion to be T02N, R04W, S01, SWNW, in Canyon County.

In addition, two more issues concerning this set of claims need to be resolved.

First, if you are to continue representing this claimant, we need a change in the notice of appearance from Scott Campbell to you. As the claims are filed now, they specifically list Mr. Campbell, not your firm, in the notice of appearance. Rather than amending each of the 26 claims one by one, we will accept a form prepared by you and signed by you and the claimant. On the form, please list all the claims which require the notice of appearance change. I have enclosed a printout which shows the numbers of the 26 claims filed either by Basil and Dorothy Aldecoa or by J.D. Aldecoa and Son, Inc.

The second issue is a matter of fees and accounting. Claim #A63-26241 filed by Basil and Dorothy Aldecoa requires a \$170.00 filing fee. Receipt #C019730 paid by Basil and Dorothy Aldecoa covers #A63-10496 with \$6.00 left over. Receipt #C019731 paid by J.D. Aldecoa and Son, Inc. covers 24 claims with \$94.00 left over. (Two receipt maintenance printouts are enclosed for your reference.) Perhaps the easiest way to handle this would be for Basil and Dorothy Aldecoa to pay an additional \$164.00 and for us to refund \$94.00 to J.D. Aldecoa and Son, Inc. If you or your client have other suggestions, please let us know. However you decide to handle this, please submit payment by March 16, 1992.

RE: Snake River Basin Adjudication (SRBA)
Canyon and Elmore Counties
#A37-04381, #A37-10496 and other Aldecoa Notices of Claim

Dear Counselor:

I have enclosed four original Notices of Claim to a Water Right filed by you on behalf of your clients, J.D. Aldecoa and Son, Inc. and Basil and Dorothy Aldecoa. I have also enclosed a data entered copy of Notice of Claim #A37-04381. Each of these notices has one or more items which requires your attention.

On three of the original notices, the information describing your client's stockwater use appears to be incomplete. One of these three also needs a consumptive use entry in item #8. On the fourth original notice, #A63-10496, the total quantity claimed in item #7 exceeds the total for the use listed in item #6. The data entered copy of #A37-04381 is included so that you may check some interpretations we have made based on the information you provided.

Regarding the stockwater entries, Idaho Department of Water Resources recognizes that stockwater use can be incidental to irrigation use during the irrigation season. In other words, water that is diverted for irrigation use may also be used to water stock during the irrigation season. Such "incidental" stockwater uses do not have to be listed as separate purposes of use in item #6 of the claim notices. Instead, incidental stockwater uses may be claimed by simply writing the type and number of the head of stock in the non-irrigation uses section (item #9) of the notices of claim.

If, however, your clients want to claim rights to stockwater uses outside the irrigation season, then those uses must be listed as separate purposes of use at item #6. The seasons of use and diversion rates for the stockwater uses must also appear in item #6. The total diversion rates (item #7) can be either the additive value of the diversion rates for each use, or it can equal the diversion rate of the greater of the two uses. Correspondingly, places of use for the stockwater uses must be indicated at item #10.

MICROFILMED

Aldecoa
January 2, 1992
Page 2 - Canyon County

If your clients are claiming stockwater uses that are incidental to the irrigation uses, then please remove the stockwater references at item #6. However, if the stockwater uses on these two notices are separate from the irrigation uses, then please correct items #6, #7, and #10 of each notice as explained in the preceding paragraph. Please have your client initial and date all changes you make.

The data entered copy I have enclosed is for Notice of Claim #A37-04381. In the process of data entry, we have interpreted the data from this claim in a manner which we feel more accurately reflects the true status of this water right. (We interpreted the "5" in item #10 to be an "S".) The items that were modified are highlighted. Please review the enclosed claim to ensure that these modifications are correct.

If you believe our data is incorrect and you wish to make changes to Notice of Claim #A63-10496, then please cross out the incorrect information and insert the correct information, making sure to initial the changes. Then, have your client sign the notice, and have the signature notarized. Finally, return all the notices of claim to this office by January 31, 1992.

If you have any questions, please contact me at 327-7936.

Sincerely,

John D. Carlson
Adjudication Supervisor

RE: J. D. Aldecoa & Son, Inc.
Basil and Dorothy Aldecoa
Snake River Basin Adjudication Claims

Dear Carter:

Pursuant to our recent telephone conversation, I have enclosed Notices of Claim to Water Right in the Snake River Basin Adjudication to be filed on behalf of J. D. Aldecoa & Son, Inc. and Basil and Dorothy Aldecoa. I have also enclosed two separate checks to cover the filing fees for the claims.

Additionally, you should note that several of the claims have an attached Power of Attorney which documents the fact that Dorothy Aldecoa has been granted full authority to sign on behalf of Basil Aldecoa, who is the President of J. D. Aldecoa & Son, Inc. Please contact me if you require further documentation with regard to this issue.

The filing fees which I have enclosed with the claims have been based upon my calculation of the filing fees, together with the late penalty fees associated with the late filing. If you find that my calculations are incorrect in some regard, please contact me and we will make the appropriate adjustment.

After the filing has been completed and recorded with the Department, please provide me with a date stamped, filed copy of the claims so that we may retain a permanent record for our files.

Re: Claim No(s). A63-24095

A63-26219, A63-26220

A63-26241

Dear Claimant(s):

In the past, you submitted the above referenced claim(s) in the Snake River Basin Adjudication. Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is NOT to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is under a legal requirement to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water. Any other claims you may have filed, that are not listed above, do not require evidence of priority be submitted at this time.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes why evidence of the priority date is necessary along with examples of types of evidence that can be submitted to fulfill this requirement. If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify claims in this area are now being conducted by Department personnel. Please contact this office as soon as possible to schedule a field exam appointment convenient for you.

The required evidence supporting the priority date(s) must be submitted by September 1 1995, referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter, or the enclosed pamphlet, please call the Western Region office shown above.
