Statement regarding Irrigation Well Located at 3000 Cloverdale Road

In 1944 we moved to the Treasure Valley and the well referenced above was in operation and was considered an older well. In 1959 we purchased the 170 acres on which the well is located and continued to use the well for the irrigation needs on our land.

The well is 12 inches in diameter with a 15 horse power pump. To the best of my knowledge, the pump is the original pump and has been in place since at least 1944. The location of the well is the NE 1/4 of the SE 1/4 of Section 9.

I have no knowledge of the depth of the well and to the best of my knowledge, there are no written records regarding the well.

The above statements are based on my direct knowledge and are true and accurate.
