RE: Notice of Claim to a Water Right 95-10811, Location of Well

Dear Ms. Carey:

In regard to our phone conversation this morning about the location of your well – enclosed is a copy of claim number 95-10811 and a map showing the parcel number of the property where the well is located, as well as your property location. Please show on this map where the well is located, and where the water is being used. You may add the parcel number of the well location under item 5 on the claim, description of diverting works. I have highlighted the parcel number of the property in question on the map. Please initial and date any additions/changes that you make on the claim form.

Also enclosed is a change of address form and a copy of a well driller's report. If the well report is for your well, please return this along with the other information as it may be used as evidence of the first usage date.

Please return this information, to my attention, as soon as possible. Upon receipt we will update and complete the recommendation of your claim for decree in the Coeur d'Alene-Spokane River Basin Adjudication (CSRBA).

If you have any questions regarding this matter, please call me at 208-762-2802.

Sincerely,

Linda A. Werner
Water Resource Agent, Sr.
