Dear Mr. Sherwood:

We are returning your Notice of Claim. You have not listed the uses that you have on your property. In order to develop a water right an individual must use the water or put it to a beneficial use. It appears that your property is undeveloped. If this is the case then a claim is not required and you can withdraw your claim. You do have the right to develop a water right in the future.

If you have any questions, please contact us.

Sincerely,

Kenneth Knoblock
Water Right Supervisor
