Dear Mr. Pardue

I have waived your assessment to the West East Snake Plain Measurement District (WMD). According to our records your adjudication claim # A37-12032 has an incorrect total diversion rate. You have listed on your adjudication claim that you have a diversion rate of .04 cfs for domestic use and .12 cfs for stockwater. These two diversion rates total to .16 cfs and the adjudication claim shows a total of 1.600 cfs. Since .16 cfs is below the minimum standard for the WMD you have been waived from the WMD. This means that you are required to pay the \$ 75.43 yearly assessment and you are not required to monitor the yearly volume of this well. However, you may be required to do so in the future if WMD is modified or you combine systems.

I have enclosed a copy of the assessment and of the profile report for your adjudication claim. I would strongly suggest that you come into the Southern Office of the Idaho Department of Water Resources as soon as possible to have this adjudication claim corrected in order to prevent complications during the adjudication process.

Sincerely,

Daniel A. Nelson
