Evan,

Attached is a draft timeline for the City.

Please let me know if you have any questions.

Thanks,

Chris

DRAFT CITY OF POST FALLS TIMELINE

1890: City is using water from a steam pump supplied by the Spokane River for fire and domestic purposes

1908: City pumps 350 gpm well directly into water mains (City nomenclature: Well 0.)

1941: City replaces pump for "the well"

1947: Two new wells are drilled (City nomenclature: Well 1 and Well 2)

1958: "Water Shortage" documented in council minutes; recommendation to increase Well 1 pump to 1800 gpm in the future.

1964: Well 3 drilled July 7 (connected to then-existing main system)

1974: Well 4 drilled Aug 29 (connected to then-existing main system)

1975: South Park irrigation well dug (not municipal system)

1980: Well 5 drilled Oct 7 (connected to then-existing main system)

1992: Majestic View system constructed (separate system)

1993: Main system expanded west on Seltice Way to McGuire Road

Prior to 1996: City operates Majestic View as a separate water system

1996: Well 6 drilled Feb 13 (connected to then-existing main system); main system expanded west on Seltice Way to Pleasant View Road

2002: City constructs Inter-Tie Connection between Main System and Riverbend System (private at that time)

2004: City becomes owner of Riverbend Water System, Apr 30. (separate system)

2004: Well 7 drilled Jun 7 (connected to then-existing main system)

2004: Well 8 drilled Jul 20 (connected to then-existing main system)

2007: Well 9 drilled Aug 8 (connected to then-existing main system)

2008: Majestic View connected to system as part of Riverbend Commerce Park Phase IV

2012: Well 2A drilled Jun 8 (replaces Well 1 and Well 2)
