CONVERSATION MEMORANDUM

TO: CLAIM FILE NO. 63-26907 AND 63-26908

FROM: VICKY L MUSIC, SR. WATER RESOURCE AGENT, IDWR / WESTERN REGION

SUBJECT: PHONE CALL TO JIM FUHRMAN/ CLAIM REVIEW

DATE: 5/24/2006

CC:

On 4-27-06, I called current owner James Fuhrman to follow up on my letter request for evidence of priority and commercial use for these 2 beneficial use claims. The 63-26907 claim is for domestic for 1 home and commercial for a dairy. 63-26908 is a claim for domestic and commercial also - same purpose, same pou but different well. He had sent in the commercial use worksheet but no evidence of priority. I did not ask for a change of ownership in the letter because I was not sure at that time if he was the owner of Burrilane farms.

Mr Fuhrman was very argumentative and uncooperative. He kept interrupting me and I finally was able to get him to let me explain what I needed. In the beginning of the conversation he was pretty insistent that I was asking for something that he could not get.

As the conversation progressed, he said that he had worked at the farm as a teenager and could get in touch with the prior owner for evidence of priority. I also explanted that I would need a change of ownership.

He stated that he bought the property in the last couple of years and that the dairy was no longer operating but that he wanted to keep the water right. I explained that I would need more information about the dairy use and the evidence of priority to recommend it as a valid right.

The evidence of priority that I have is Canyon Co Assessor information that states that the house was built in 1965 and IDSOS information that Burrilane farms was incorporated in January 1965. This would indicate that the operation of the dairy as a commercial enterprise was in violation of the groundwater licensing statute.

A field exam was attempted in 2003 but the dairy was no longer operating at that time, so the uses claimed could not be verified. As of this date, I have not received evidence of priority so will reduce 63-26707 to commercial [field eams note says this well not used for house or yard] with a 2500 gpd limitation and 63-26908 to domestic and stockwater. VLM

commercial w/2500 gpd limite. Claimant already has domestic rt 63-22141.

RE: EVIDENCE OF PRIORITY, COMMERCIAL USE -
Snake River Basin Adjudication Claim No(s): A63-26907 AND 63-26908

Dear JAMES A FUHRMAN:

In the past, BURRILANE FARMS INC submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. You may be the owner of this water right claim. Enclosed is a computer generated printout of the claim(s) for your reference. BURRILANE FARMS INC indicated, when this claim was filed, that the water right(s) was based on a "Beneficial Use" of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. This claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date.**"

Additionally, BURRILANE FARMS INC claimed a commercial use. Information is needed about this commercial use. If no evidence of this priority date or the commercial use is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s) if water availability problems arise in the future.

The required evidence supporting the priority date(s) and the commercial use requested needs to be submitted by March 17, 2006. Please call me as soon as possible if you think you may own a portion of this claim, to let me know if you may not be able to submit proof of priority or if you have any questions not covered by this letter and the enclosed pamphlet.

Respectfully Submitted,

Vicky L. Mysis
Sr. Water Resource Agent
Adjudication Bureau

Enclosures: "Evidence of Priority" pamphlet, Notice of Claim Reports, commercial use worksheet

NOTE: If you do own the property upon which this claim was filed, please contact this office immediately. Idaho State law requires that the Department be notified of a change of owner or address on a water right.
