

**STANDARD FORM 5 REVIEW REPORT**

**Subcase No. 34-02593**

In Re SRBA

Twin Falls County Civil Case No. 39576

Report to the SRBA District Court

Prepared by the Idaho Department of Water Resources  
Karl J. Dreher, Director

September 10, 1996

## DESCRIPTIVE SUMMARY

IDWR submits this report to inform the Court and the parties that IDWR has reviewed the Standard Form 5 submitted by the parties in this subcase and that the Director has chosen not to sign the Standard Form 5.

## DISCUSSION

The Director did not sign the Standard Form 5 for the reasons set forth below.

1. **The description of the elements of the water right in the Standard Form 5 are not correct as stated below:**

**[X] Quantity**

The quantity of water for this right is correctly stated in the SF5 as ".05 cfs." However, IDWR did not sign the SF5 because further description of the quantity element for this right should be consistent with the resolution of Basin Wide Issue 12, which is currently under consideration by the Court.

Respectfully submitted this 10 day of September, 1996.

  
Matt J. Howard  
Deputy Attorney General  
Idaho Department of Water Resources
