RE: Warranty Deed – Notice of Claim 95-12845, Two Notices of Claim to a Water Right

Dear Ms. Gage:

I have received the change of ownership information and two water right claims that you emailed to me on May 12, 2017. The ownership change has been processed for claim 95-10158. A separate letter was sent to you on May 17, 2017, verifying that the change has been completed.

I am, however, returning the two Notice of Claims received on May 15, 2017, and the warranty deed(s) submitted in January 9, 2017, for the following reasons:

The Warranty Deeds for the ownership of Notice of Claim 95-12845: We need a change of ownership form to accompany this before we can make the ownership change. The ownership change form you emailed to me was only for 95-10158. We need a change form for each Notice of Claim. Enclosed is a blank change of ownership form for this purpose. Please complete and return this form, with the warranty deeds and a map of the property, for completion of this change.

Notice of Claim to a Water Right (2): It is unclear if these claims are an amendment to the current claims, 95-10158 and 95-12845, or if they are additional claims. For an additional claim; there is a fee due. The fee for the claim for 2.6 acres of irrigation would be \$53.00, and the fee due for the claim showing 15 acres of irrigation would be \$65.00. Since these claims are being submitted after the commencement deadline date for claims with uses other than de minimis, there is also a late fee. This is \$50.00 per claim for a total due of \$218.00. This is based on a flat fee of \$50.00 per claim, \$1.00 per irrigated acreage plus the late fee of \$50.00 per claim. Please note – the \$1.00 per irrigated acreage fee only needs to be paid once. So if these acres were paid for on the previous claims we will not need a fee for this.

Additionally, we need the original signed claim form, rather than a copy. Also, please show on the map for each claim exactly where the irrigation usage is occurring and where the diversions are located. Plus, I am enclosing a copy of the recommendations for 95-10158 and 95-12845, as this may assist to help you in determining what additional claims are necessary.

If you have any questions regarding this matter, please call me at 208-762-2802.

Sincerely,

Linda A. Werner
Water Resource Agent, Sr.

AFFIDAVIT #1

Regarding the establishment of domestic and irrigation surface water use at 2533 S. Wolf Lodge Creek (AIN#111868), I attest to direct personal knowledge dating from 1954 as to the existence of the domestic and surface water use from Wolf Lodge Creek. I began dating and later married Clarence Chartrand's daughter Carolyn, and spent time helping Mr. Chartrand build improvements to the cabin. I clearly recall discussing his installation of the surface water pump in Wolf Lodge Creek at the time he built the cabin in 1951.

Regarding the establishment of groundwater usage at 2533 S. Wolf Lodge Creek (AIN #111868), I attest to direct personal knowledge of the drilling of the well there in 1971 and the use of the groundwater from the well for domestic purposes.
