Ogden, UT 84403

We have reviewed your Notice of Claim. The date of priority is listed as May 1979. When a new diversion of surface water is started after May 20, 1971, an appropriation permit had to be obtained first. The date of priority is the date the water was first used regardless of who owned the property. If the priority date of your claim is incorrect, then you can correct the date and return it to our office with documentation of the priority date.

Your claim is incomplete. You need to list the legal descriptions in items 4 and 9. The amount of water in item 6 is the flow of the pump when it is operating, not the volume per day.

If there are no changes to the claim we will recommend to the court that it be disallowed.

Sincerely,

Kenneth Knoblock
Water Right Supervisor
