IDWR/NORTHERN

Idaho Water Rights:

In response to your inquiry, I approached Betty Drift, daughter of Willa Fandry, as to when she was a witness to her parent using the irrigated water on said property (12259 W Span Way Rd, Post Falls, ID 83854.)

Betty remembers her parents moving to the property in 1950, and planting their garden the next summer, i.e., 1951, using a pump and irrigating from the river. There was no grass as yet, but was planted soon. The plot of property is 1 2/3 acres now.

This property is identified as "Hoffman 95-4168 PIN 50N05W-03-7165."
