The A&B Irrigation District filed its *Notice of Claim to a Water Right* on approximately October 3, 1989, claiming .04 cfs of groundwater for domestic use based on beneficial use. On November 2, 1992, the Director of the Idaho Department of Water Resources filed his *Director's Report for Reporting Area 2 (Basin 36)* recommending the water right as claimed.

The United States of America, Department of the Interior, Bureau of Reclamation, filed its *Objection* on April 30, 1993, objecting to name and address and remarks. The Director's *Response to Objection* filed August 24, 1993, proposed no change in his recommendation.

On March 21, 1995, A&B, the United States and IDWR filed a *Standard Form 5* amending the claimant to be the United States. A *Preliminary Master's Report and Recommendation* was entered on May 15, 1996, and IDWR lodged its *Review of Preliminary Special Master's Report* concerning quantity and purpose of use.
