Re: Water Right No. 57-02055

PRIORITY DATE	USE PERIOD	QUANTITY
11-13-1913	03-15 To 11-15	3.70 CFS

I am asking for a hearing on my case 57-02055 to explain my objections to the IDWR proposal.

I had made my necessary filings within the dates on the notices. I had been told at the beginning that I would have the opportunity to explain my objection.

Not until September 9, 1996 was I told that my objection had not been forwarded to District Court. From July 27, 1992, when I filed the Notice of Error at the IDWR office, and again on October 14, 1992 at the same office, I was led to believe that my papers had been sent to District Court and that I could explain my objection to a representative of the court.

On an attached sheet I have listed my procedures since adjudication sign-up in 1988.

I would appreciate your consideration in reviewing my case.

If there is something more I must do, please let me know.

Respectfully Yours,

Ray Mansisidor

ADJUDICATION RECORD

Water Right No. 57-02055	Priority Date 11-13-1913	Use Period 03-15 to 11-15	Quantity 3.70 CFS
-----------------------------	-----------------------------	------------------------------	----------------------

December 5, 1988	Adjudication Sign-up
November 8, 1990	IDWR, Roxanne McCarthy, check water ways.
March 4, 1991	Priority Date Review of 57-02055. Priority Date November 13, 1913. Priority claimed as licensed.
July 20, 1992	IDWR recommendation to the Snake River Basin Adjudication District Court.
July 27, 1992	We filled out our Notice of Error at the IDWR office with Roxanne McCarthy, she stamped it, received.
July 28, 1992	Judy Schultz - Notice of Error flag "A" on our records.
August 20, 1992	Signed a type written SRBA Notice of Error on water right 57-02055 at the IDWR, Boise.
August 24, 1992	I visited Don Shaff at the IDWR office, stating that I had already taken off the 7.13 acres, the stack yard, the 2.7 in the 40, and 5 more acres for the city ditch and concrete ditches. Which left 185 acres at 3.7 cfs. I was not aware of the notation Mr. Shaff had made August 24, 1992 on the bottom of the SRBA type written Notice of Error until September 16, 1996. I had assumed that the Notice of Error, as I had signed it, had been delivered to the SRBA District Court.
October 14, 1992	I received my notice of the filing of the Directors Report on 57-02055 without my objection being noted. I immediately went to the Boise IDWR office. David Shaw and Roxanne McCarthy lead me to believe that everything had been sent to District Court and I would be hearing from them.
November 29, 1994	I met David Shaw at the Legislative Council Committee meeting on the Snake River Adjudication, at the Statehouse, and asked him if I would be called up to present my case. Mr. Shaw said yes.
January 2, 1996	We went to IDWR with Notice of Filing Amended Director's for report. Judy stamped the notice with the date and the man brought out the records (same as old recommendation from IDWR). I wanted to know about any chance to represent our case, and he said not to worry; that we would be notified of a meeting with a representative of the Court to voice our objection before having to go to Court.

September 9, 1996 I called Jan at the IDWR Adjudication Bureau and asked her about my case. She said no Notice of Error had been filed with the District Court.

September 16, 1996 I went to the Adjudication Office to get information from my files. Was advised to send a Standard Form 1 Objection to the SRBA District Court. I went to see Mr Shaff at the IDWR Main Office and he also advised me to send the Standard Form 1 Objection.
