Dear Mr. Davis:

We are returning your Notice of Claim. A filing fee was not included with the claim. There are some items on the claim that need to be clarified. Item #3 does not list the source of the water. It appears that it should be groundwater.

In item#6 you list irrigation. If it is for lawn and garden irrigation that is less than ½ acre, then that can be included in the domestic use. If it is for more than the ½ acre then an application for a permit which leads to a water license needs to be filed.

We assume that the legal is township 50n, range 3w section 9 NW1/4NW1/4. If that is correct, then please list that in item 4 and 9.

If the use is only domestic, then send the claim back with the required \$25 filing fee.

Sincerely,
