Re: United Canal Company

Hello Ray. I just received a quitclaim deed whereby the Danskin and Trego were deeding fifteen water rights to the United Canal Company. In reviewing the list of rights, I noticed that water right claim number 1-2F was erroneously included in the list. This claim is owned by Brad Snarr and is delivered through the head of the Great Western Canal.

There was an error in our database which showed Trego as the current owner. Instead, it should have shown Trego as the original owner because Trego was the owner of record when the right was decreed in the Rexburg decree. I have since corrected the error so that Trego will now appear as the original owner.

If you have any questions about this matter, please give me a call at 525-7161.

1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

We disagree on the limit of volume - Total acres wrong
We would like recharge as a beneficial use.

2. Describe the changes you wish to make in the proposed recommendation:

Use of historical volumes - correct acreage.
Credit for beneficial use

3. Give a brief explanation as to why you disagree with these portions:

The volume limit would allow us about
5 weeks of water use. Could do a lot of recharge.

☐ I AGREE with this proposed recommendation: no changes need to be made.
