To Whom It May Concern

As of May 20, 1960 I (William Dickerson) can confirm that there was an existing and working well and irrigation system (a pump located on the ground with a pipe and foot valve in the river to pull water for the irrigation) on the following address, 6061 W Harbor Drive, CDA (Parcel number 0-3320-000-034-0). During this time I can confirm that I (William Dickerson) did some repairs to both water systems (well and irrigation system). And I noticed at that time the plumbing was galvanized piping. The well provided water to a one room cabin for kitchen use and a small bathroom with a toilet and shower. I also helped in preparing for the well that was put in 1993 to replace the old preexisting well.

A handwritten signature in cursive script that reads "William Dickerson". The ink is dark and the signature is fluid, with a large loop for the 'W' and a long, sweeping tail for the 'n'.

William Dickerson
