RE: Maps for Long Island Irrigation Co.

Dear Brent:

Enclosed for review are maps illustrating the boundary and irrigated acres of Long Island Irrigation Company. These maps, which were created in our Boise office, reflect most of the corrections you noted on the last set of maps sent to you. I did find some corrections you noted that did not appear on the enclosed set of maps. I have since made those changes, which resulted in an additional 26 acres for a total of 13,042 irrigated acres. I also made some minor boundary changes. The changes I made since receiving the maps from Boise have been marked by hand on the enclosed maps.

Please review these maps to see if there are any other corrections which need to be made. If so, please mark the appropriate changes and **return the maps to me by May 20, 2005**. I anticipate that there will be additional corrections because it was noted on the previous maps the need to add in the Brad Foster Farm (White Island Pump) which takes water out of the Dry Bed.

Naturally if you have questions or concerns feel free to contact me.

Respectfully yours,

Michael Holliday
Water Resource Agent
