QUANTITY

IRRIGATION

04/01 10/31

29.860 CFS

PLACE OF USE:

~~4434~~ 4666
4377 ACRES TOTAL

The boundary encompassing the place of use for this water right is described with a digital boundary as defined by I.C. Section 42-202B(2) and authorized pursuant to I.C. Section 42-1411(2)(h). The data comprising the digital boundary are incorporated herein by reference and are stored on a CD-ROM disk issued in duplicate originals on file with the SRBA District Court and the Idaho Department of Water Resources. A map depicting the place of use is attached hereto to illustrate the place of use described by the digital boundary.

Place of use is within the area served by Reid Canal Company.

OTHER PROVISIONS NECESSARY FOR DEFINITION OR ADMINISTRATION OF THIS WATER RIGHT:

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.

EXPLANATORY MATERIAL: BASIS OF CLAIM - Decreed

Water is delivered through Reid Canal.

Reid Canal Co

RE: Reid Canal Phone Call

The secretary for Reid Canal called and was concerned because she received their preliminary recommendations after the deadline date. I told her it was OK, (we had more to do than we could get out by the deadline) and that she should get them in as soon as possible. She said she needed a deadline date for her board of directors. I talked to you and you said by Tuesday, December 5th. I told her this and she said that was impossible. Her board needed at least two weeks. She refused to leave a message for you and was very belligerent on the phone.

RE: Map for Reid Canal Co.

Dear Rod:

Enclosed for review is a map illustrating the boundary and irrigated acres of Reid Canal Company. This map, which was created in our Boise office, reflects most of the corrections you noted on the last map sent to you. I did find two corrections you noted that did not appear on the enclosed map. I have since made those changes, which resulted in an additional 34 acres for a total of 4377 irrigated acres. The changes I made since receiving the map from Boise have been marked by hand on the enclosed map.

Please review this map to see if there are any other corrections which need to be made. If so, please mark the appropriate changes and **return the map to me by June 8, 2005.**

Naturally if you have questions or concerns feel free to contact me.

Respectfully yours,

Michael Holliday
Water Resource Agent

Re: Large POU map for Lenroot Canal and Reid Canal

Met with Lynn Nelson and Glen Munns today to discuss their map. This was in direct response to questions raised yesterday in my discussion with Rod Robison of the Reid Canal. Glen Munns has Reid shares on a portion of his land and Lenroot shares on the rest of his land. Glen identified the acreage irrigated by the Reid Canal and I created a shape in my place of use theme corresponding to the Reid shares. The Reid shares are located in a portion (28 acres) of the west half of the NW quarter of section 30.

According to Lynn Nelson, the SWNE and the east half of the NW quarter of section 35 (the Dee Bowen place) is irrigated with Reid and Lenroot shares and the shares from both canals can be used anywhere on the place. Yesterday, Rod Robison said that the Reid has 40 acres on this land. Lynn Nelson said that he would let me know the number of acres the Lenroot has on the place.

Rod Robison said that the land where the freeway crosses the Reid Canal service area was all irrigated prior to its construction. He said Rainbow Lake and vicinity was also irrigated up through 1978.

MEMO

Date: July 17, 1992

To: Application for Transfer
01-00149B, etc.
Reid Canal

From: Ernie Carlsen

FINDINGS

On July 10 and 15, 1992, I met with: Delas Munns, president for Lenroot canal; Robert Hansen, president for Reid canal; Loran Mortinsen and Roddy Robison, board members of Lenroot canal. Statements from these gentlemen indicated originally the lands in question were served by the Reid canal. But because of continued problems with maintenance of a ditch levee in the S1/2NW, Section 30, Twp 5N, Rge 40E, intended to move water east, it was decided to abandon the levee and have the Lenroot canal serve the lands. This occurred about 40 years ago, however, the records for the Water District 01 and IDWR were not changed.

The place of use (POU) described in Section B of Part 2 and carried forward to Part 1 was checked in the field. This inspection revealed the POU has been served by the Lenroot canal and no new lands will be put under irrigation as a result of this change. Also found were discrepancies in the land list on the Notices of Claim for both canal companies. The transfer application contains some of these discrepancies since the POU listed on Reid canal's Notices was in preparation of the application.

RECOMMENDATION

Because of discrepancies in the POU on the Notices for both canals the POU for each canal should not be modified exactly as listed on the transfer application. The 9 acres in the SESW and the 14 acres in the SWSE are not shown on the Notices of Claim for Reid canal, and were only partially claimed by the Lenroot canal. Consequently with approval of this application the 102 acres in the S1/2NW and NWSW (as shown on the Notices of Claim) should not be in the POU for the split Notices of Claim of Reid canal. This acreage should be applied to the service area for the Lenroot canal along with 11 acres in the SWSE, bringing the total for that tract to 16 acres. For the purposes of data entry pursuant to this transfer the land list on Notices for Reid canal and Lenroot canal should correspond to Attachment A and Attachment B, respectively.

Conditions placed on the transfer should include:

1. Approval of this transfer does not preclude the opportunity for review of the validity of the water right(s) in the ongoing Snake River Basin Adjudication.
2. Use of water under this water right will be regulated by the

SCANNED

NOV 10 2004

356-6379.
PROFILED

watermaster of State Water District No. 01.

ADJUDICATION REVIEW

The field investigation also determined that further changes to the land list will be required via amendments to each canal's Notices. In Sec 19 the Reid canal only serves 32 acres in the W1/2NW. While in Sec 19 the Lenroot canal serves the following: 40 ac in SWNW; 22 ac in SENW; 26 ac in NESW; 40 ac in NWSW; 80 ac in S1/2SW; 9 ac in NWSE; and 16 ac SWSE totaling 233 acres. See Attachments C and D respectively. The north 12 acres in the NESW is served by the Sunnydell canal.

The quantity of water listed on each split notice for the two canal companies is shown on Attachment E.

11. Place of use in counties: MADISON

12. Do you own the property listed above as place of use? NO

13. Other Water Rights Used:

01-0151, 0182A, 0150, 0187A, 0251, 0284, 0323, 2068, STORAGE

14. Remarks:

APPLICANT IS A CANAL COMPANY WHICH HOLDS WATER RIGHTS AND OWNS THE DIVERSION AND DELIVERY STRUCTURES. THE LANDS SHOWN AS PLACE OF USE ARE OWNED BY STOCKHOLDERS OF THE COMPANY.

FROM ITEM 5 -

THE DIVERSION STRUCTURE IS A ROCK DAM APPROXIMATELY 200' LONG AND 3-5' HIGH ACROSS THE RIVER CHANNEL. THE HEADGATE IS A CONCRETE STRUCTURE WITH GATES APPROXIMATELY 10' WIDE X 12' HIGH, EACH OPERATED WITH A WINCH BOLTED TO THE DECK ACROSS THE TOP TO THE

14. Remarks: Continued

STRUCTURE. THIS IS THE INTAKE FOR THE BANNOCK FEEDER CANAL. ABOUT 3/4 MILE DOWNSTREAM, THE CANAL SPLITS INTO THE REID CANAL AND THE TEXAS FEEDER CANAL. JUST DOWNSTREAM FROM THE SPLIT THERE IS A RATING FLUME IN THE REID CANAL WHERE THE WATER IS MEASURED. THE REID CANAL COMPANY OWNS AN UNDIVIDED ONE-THIRD INTEREST IN THE ABOVE DESCRIBED STRUCTURES DOWN TO THE SPLIT.

15. Basis of Claim: DECREED
