RE: (A) 37-00211, (A) 37-00127, (A) 37-02515 (C), A37-11612, 37-08729

Dear Mr. and Mrs. Peterson,

Per our phone conversation today, I am sending you information about transferring water rights, in addition to, instructions regarding drilling a well. Also, I have included your claims.

Your original question was, "Can the well that is used for emergency supplemental groundwater be transferred to property in Gooding County?" The intent of this right, 37-08729, is to be used when there is no surface water.

Usually when an individual transfers a water right, a portion of the existing place of use is dried up in order to irrigate the new place of use.

The issue regarding transfers is complex. However, I wanted to send you all the information to possibly begin the process. Please call our office for any additional help you may need.

Sincerely,
