RE: Director's Report of Deferred De Minimis Domestic and / or Stock Water Use
Snake River Basin Adjudication (SRBA)

Dear Mr. and Mrs. Smith:

Please find enclosed the Idaho Department of Water Resources (IDWR) Director's Report of Deferred De Minimis Domestic and/or Stock Water Use, which has been filed with the SRBA Court. The Director's Report contains the recommendation of your domestic and stock water use claimed under water right 86-12042. I have also enclosed a Notice of Filing Director's Report of Deferred De Minimis Domestic and / or Stock Water Use (Notice) for the right which contains instructions for reviewing the recommendation and other important information.

Please note you have until September 22, 2017, in which to review the recommendation of your water right and to file any objection you may have to the recommendation, should you disagree with it. Information on filing objections is contained in the Notice.

SRBA water right decrees play an important part in Idaho water management. I invite you to contact IDWR's regional offices with any questions you have about your water right(s) or this adjudication process. Questions also can be directed to the adjudication staff at 1-800-451-4129.

Sincerely,

Carter Fritschle
Manager, Adjudication Section
