IDAHO DEPARTMENT OF WATER RESOURCES
PRELIMINARY RECOMMENDATION OF WATER RIGHTS ACQUIRED UNDER STATE LAW

RIGHT NUMBER: 1-214B

NAME AND ADDRESS: BURLEY IRRIGATION DIST
246 E 100 S
BURLEY ID 83318

SOURCE: SNAKE RIVER

TRIBUTARY: COLUMBIA RIVER

QUANTITY: 544.000 CFS

The diversions under this right and Right No. 1-214A shall not exceed 1000 cfs. If the demands of Burley Irrigation District and the United States Department of the Interior, Bureau of Reclamation, for and on behalf of the North Side Division of the Minidoka Project (Minidoka Irrigation District) for diversions under this right and Right No. 1-214A exceed 1000 cfs or the flows then available under these rights, the right to divert water under this right by Burley Irrigation District will be reduced to meet the demands of Minidoka Irrigation District for water under this right, but the right under such condition shall not be reduced to less than 38% of the flows then available under this right and Right No. 1-214A.

The rights listed below are limited to a total combined diversion rate of 1460 cfs from the point of diversion located at T09S R25E S1 SWSESW. Combined Right Nos.: 1-211B, 1-214B, and 1-7 (Burley Irrigation District); and Right Nos. 1-211A, 1-214A, and 1-8 (Minidoka Irrigation District).

PRIORITY DATE: 08/06/1908

POINT OF DIVERSION:

T09S R25E S1 SWSESW Within CASSIA County
T10S R22E S19 NWSESE Lot 1 Within CASSIA County
T10S R22E S22 NESENW Within CASSIA County
T10S R24E S30 SWSESE Lot 1 Within CASSIA County

PURPOSE AND
PERIOD OF USE:

<u>PURPOSE OF USE</u>	<u>PERIOD OF USE</u>	<u>QUANTITY</u>
IRRIGATION	03/15 11/15	544.000 CFS

PLACE OF USE:

47,643 ACRES TOTAL

The boundary encompassing the place of use for this water right is described with a digital boundary as defined by I.C. Section 42-202B(2) and authorized pursuant to I.C. Section 42-1411(2)(h). The data comprising the digital boundary are incorporated herein by reference and are stored on a CD-ROM disk issued in duplicate originals on file with the SRBA District Court and the Idaho Department of Water Resources. A map depicting the place of use is attached hereto to illustrate the place of use described by the digital boundary.

Place of use is within the boundary of Burley Irrigation District pursuant to Section 43-323, Idaho Code.

Use of the rights listed below is limited to the irrigation of a combined total of 47,643 acres in a single irrigation season. Combined Right Nos.: 1-7, 1-211B, and 1-214B.

OTHER PROVISIONS NECESSARY FOR DEFINITION OR ADMINISTRATION OF THIS WATER RIGHT:

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.

EXPLANATORY MATERIAL: BASIS OF CLAIM - Decreed

Water is delivered through Minidoka South Side Canal.

RE: Burley Irrigation District SRBA Claims to
Water Right Nos. 01-0211B, 01-0214B, and 01-0007

Dear Susan:

As we discussed over the telephone, most of the issues involved in the above claims have been resolved. For instance, it has been agreed by Burley Irrigation District to accept 47,818 acres within its place of use, even though many of its records show the project with 48,000 to 49,000 irrigable acres. Issues unresolved include the quantity of the natural flow rights under 01-0211B and 02-0214B. These rights originated from natural flow rights obtained by the Bureau of Reclamation for the Minidoka Project, consisting of Minidoka Irrigation District and Burley Irrigation District. A portion of these rights was conveyed to Burley Irrigation District when we completed a title transfer of the project and the distribution of works of the project. Another issue is the limitation of acres in the Preliminary Recommendation for Water Right No. 01-0211B to 34,563 acres. We believe that the place of use under this right should be the entire acres irrigated. I have enclosed an explanation of our position for your consideration. A summary of my concerns are as follows:

Water Right No. 01-0211B

The quantity of this right should be 1,200 cfs from an original right of 1,726 cfs divided between Burley Irrigation District and Minidoka Irrigation District. I have proposed a remark to show that when the two districts demands are greater than 1,726 cfs, combined, Burley Irrigation District's right will be reduced by an amount equal to Minidoka Irrigation District's demands above their portion of the right, but not a reduction greater than 38% of the 1,726 cfs.

Susan Hamblin Nygard
Deputy Attorney General
Department of Water Resources
June 2, 2005
Page 2

Place of Use: I have enclosed a short review of certain documents that I think justify showing the place of use as 47,818 acres. This has historically been used for that many acres, and it would disrupt things considerably if it were necessary to make a beneficial use claim for the additional acres. This does not constitute an enlargement or expansion claim in my view.

Water Right No. 01-0214B

I have enclosed a draft of remarks to be attached to this right, which should have a quantity of 544 cfs. I believe corrections have been made as to the points of diversion to include areas where water is pumped directly from the Snake River to serve lands of Burley Irrigation District, which border the Snake River, and the total acres shown as the place of use.

Water Right No. 01-0007

I believe all of the issues have been resolved on this claim, which is a right awarded under the Eagle Decree.

Please contact me if you have any questions.

Very truly yours,

Roger D. Ling

encs

Water Right No. 01-0211B

Quantity:

This right should be for 1,200 cfs from the Snake River with a priority of March 26, 1903, for use on the lands of Burley Irrigation District. (1200 cfs of 1726 cfs per Deed from U.S.) The right is subject to a remark or other provision, which should provide:

The diversions under this right and Water Right No. 01-0211A shall not exceed 1,726 cfs. If the demands of Burley Irrigation District and the United States Department of the Interior, Bureau of Reclamation, for and on behalf of the North Side Division of the Minidoka Project (Minidoka Irrigation District) for diversions under this right and Water Right No. 01-0211A exceed 1,726 cfs or the flows then available under these rights, the right to divert water under this right by Burley Irrigation District will be reduced to meet the demands of Minidoka Irrigation District for water under this right, but the right under such condition shall not be reduced to less than 38% of the flows then available under this right and Water right No. 01-0211A.

Place of Use:

This right should be limited to the irrigation of 47,818 acres within the place of use described in a single irrigation season, not the 34,563 acres shown in the Preliminary Recommendation. The place of use is justified under the following:

1. The right to use natural flow right of 1726 cfs for the irrigation of all irrigable lands within the Burley Irrigation District and Minidoka Irrigation District. was established by Water License No. 66 granted to the Secretary of Interior by the State Engineer of the State of Idaho on December 20, 1912. The license states in part: "... I hereby grant this license to the United States Reclamation Service in trust for the use and benefit of all parties who have established or who may hereafter establish a right to participate in such use and benefit, confirming a perpetual water right dating from March 26, 1903, to the use of 1726 cubic feet per second of time, or so much thereof as may be necessary for irrigation and domestic purposes, ..." (Emphasis added.)
2. This right to use this natural flow right upon the lands within Minidoka Irrigation District and Burley Irrigation District was confirmed by the Foster Decree of June 20, 1913, Right No. 3, in which the court decreed: "... the Secretary of the Interior is hereby awarded the use of the water of the natural flow of the Snake River diverted at Minidoka Dam for use upon the lands lying in the Minidoka Project under the canals of the Minidoka Project in Minidoka and Cassia Counties, Idaho, in the following amount from the following date: 1726 second feet from March 26, 1903, hereby designated as the right No. 3." (Emphasis added.)

The Foster Decree further provides in part: "It is further ORDERED, ADJUDGED AND DECREED that the rights and priorities hereinbefore determined and awarded be and the same are each of them quieted and confirmed as against each and every party hereto; and furthermore that each and all claims to the waters of the Snake River by each or all aforesaid parties adverse to the rights herein awarded and determined, be and they are hereby held for nought and such parties forever barred from asserting same."

Water Right No. 01-0214B

Quantity:

This right should be for 544 cfs from the Snake River with a priority of August 6, 1908, for use on the lands of Burley Irrigation District. The right is subject to a remark or other provision, which should provide:

The diversions under this right and Water Right No. 01-0214A shall not exceed 1,000 cfs. If the demands of Burley Irrigation District and the United States Department of the Interior, Bureau of Reclamation, for and on behalf of the North Side Division of the Minidoka Project (Minidoka Irrigation District) for diversions under this right and Water Right No. 01-0214A exceed 1,000 cfs or the flows then available under these rights, the right to divert water under this right by Burley Irrigation District will be reduced to meet the demands of Minidoka Irrigation District for water under this right, but the right under such condition shall not be reduced to less than 38% of the flows available under this right and Water Right No. 01-0214A.

Minidoka Project, Idaho

QUITCLAIM DEED

THE UNITED STATES OF AMERICA, hereinafter **GRANTOR**, acting by and through the Bureau of Reclamation, Department of the Interior, pursuant to the provisions of the Minidoka Project Act of November 3, 1998 (Public Law 105-351, 112 Stat. 3219), and for good and valuable consideration as detailed in said Act, does hereby **REMISE, RELEASE, AND FOREVER QUITCLAIM** to **BURLEY IRRIGATION DISTRICT**, an irrigation district duly organized under the laws of the State of Idaho, of 246 East, 100 South, Burley, Idaho 83318, hereinafter **GRANTEE**, all of its right, title and interest, without warranties, in and to those portions of the natural flow, waste, seepage, return flow, and groundwater rights held in the name of the **GRANTOR** for the benefit of the Minidoka Project or specifically for the **GRANTEE**, situated in the County of Cassia, State of Idaho, to wit:

1. Water Right No. A01-00211

This natural flow water right held by The United States has a priority date of March 26, 1903 for the diversion of 1,726 cubic feet per second (cfs) from the Snake River for the irrigation of lands within the Minidoka Project, under the canals of the Minidoka Project in Minidoka and Cassia Counties, Idaho.¹ The United States conveys a portion of this right (hereafter A01-00211B) to Burley Irrigation District (hereafter Burley) and retains a portion of the right (hereafter A01-00211A) for Minidoka Irrigation District (hereafter Minidoka) to be used as provided by contract with The United States.

- a. The water right conveyed to Burley, Right No. A01-00211B, is defined with the following elements:

Source is the Snake River.

Priority Date is March 26, 1903.

¹ This natural flow water right was established by decree of the Fourth Judicial District of Idaho on June 20, 1913 in the case of Twin Falls Canal Co. v. Charles N. Foster as Right No. 3 of The United States at p. 31

Quantity is for the diversion of a maximum of 1,200 cfs from the Snake River. In the event Burley and the Secretary of the Interior on behalf of Minidoka do not agree on a distribution of water that the districts are collectively entitled to under rights A01-00211B and A01-00211A, for whatsoever reason, the water will be divided proportionately with Burley entitled to the delivery of water equivalent to thirty-eight percent (38%) and Minidoka entitled to the delivery of sixty-two percent (62%) of the total water available under said rights up to a maximum of 1,726 cfs.²

Season of Use is a period each year beginning April 1 and ending October 31 of that year.

Nature of Use is for irrigation.

Place of Use is 48,000 acres within the boundary of Burley.

Points of Diversion are

Township 9 South, Range 25 East of the Boise Meridian, Cassia County, Idaho

Section 1: SWSESW

Township 10 South, Range 22 East of the Boise Meridian, Cassia County, Idaho

Section 19: SWSW, SESE

Section 22: SENE

Section 23: NWSW

Township 10 South, Range 23 East of the Boise Meridian, Cassia County, Idaho

Section 19: NENE

Section 21: NENE

Section 22: SWSW

Township 10 South, Range 24 East of the Boise Meridian, Cassia County, Idaho

Section 30: SESE

- b. The right retained by The United States for the benefit of Minidoka, A01-00211A, pursuant to contract 14-06-100-1833 shall be defined with the following elements:

Source is the Snake River.

Priority Date is March 26, 1903.

Quantity is for the diversion of water under both this right held by The United States for Minidoka and Right No. A01-00211B held by Burley and shall not exceed 1,726 cfs. In the event Burley and the Secretary of the Interior on behalf of Minidoka do not agree on a distribution of water that the districts are collectively entitled to under rights A01-00211A and A01-00211B, for whatsoever reason, the water will be divided proportionately with Burley entitled to the delivery of water equivalent to thirty-eight

² This percentage division of water rights is in accordance with the Repayment Contract between The United States and Burley, No. 14-06-100-2455, dated June 6, 1962.

percent (38%) and Minidoka entitled to the delivery of sixty-two percent (62%) of the total water available under said rights up to a maximum of 1,726 cfs.³

Season of Use is a period each year beginning April 1 and ending October 31 of that year.

Nature of Use is for irrigation of acreage as provided by contract with The United States.

Place of Use is within the boundary of Minidoka for acres as provided by contract with The United States.

Points of Diversion are

Township 9 South, Range 25 East of the Boise Meridian, Minidoka County, Idaho

Section 1: SESENW Lot 7, SWSESW

Township 10 South, Range 23 East of the Boise Meridian, Minidoka County, Idaho

Section 26: SENW, lots 5 and 6

2. Water Right No. A01-00214.

This natural flow water right held by The United States has a priority date of August 6, 1908, for the diversion of 1,000 cfs from the Snake River for the irrigation of lands within the Minidoka Project.⁴ The United States conveys a portion of this right to Burley (hereafter A01-00214B) and retains a portion of the right for Minidoka (hereafter A01-00214A).

- a. The water right to be conveyed to Burley, A01-00214B, shall be defined with the following elements:

Source is the Snake River.

Priority Date is August 6, 1908.

Quantity is for the diversion of a maximum of 544 cfs from the Snake River. In the event Burley and the Secretary of the Interior on behalf of Minidoka do not agree on a distribution of water that the districts are collectively entitled to under rights A01-00214B and A01-00214A, for whatsoever reason, the water will be divided proportionately with Burley entitled to the delivery of water equivalent to thirty-eight percent (38%) and Minidoka entitled to the delivery of sixty-two percent (62%) of the total water available under said rights up to a maximum of 1,000 cfs.⁵

³ This percentage division of water rights is in accordance with the Repayment Contract between The United States and Minidoka, No. 14-06-100-1833, dated February 2, 1960.

⁴ This natural flow water right was established by decree of the Fourth Judicial District of Idaho on June 20, 1913 in the case of Twin Falls Canal Co. v. Charles N. Foster as Right No. 6 of The United States at p. 32.

⁵ This percentage division of water rights is in accordance with the Repayment Contract between The United States and Burley, No. 14-06-100-2455, dated June 6, 1962.

Season of Use is only from a period each year beginning April 1 and ending October 31 of that year.

Nature of Use is for irrigation.

Place of Use is 48,000 acres within the boundary of Burley.

Points of Diversion are

Township 9 South, Range 25 East of the Boise Meridian, Cassia County, Idaho

Section 1: SWSESW

Township 10 South, Range 22 East of the Boise Meridian, Cassia County, Idaho

Section 19: SWSW, SESE

Section 22: SENE

Section 23: NWSW

Township 10 South, Range 23 East of the Boise Meridian, Cassia County, Idaho

Section 19: NENE

Section 21: NENE

Section 22: SWSW

Township 10 South, Range 24 East of the Boise Meridian, Cassia County, Idaho

Section 30: SESE

- b. The right retained by The United States for the benefit of Minidoka, A01-00214A, pursuant to contract 14-06-100-1833 shall be defined as follows:

Source is the Snake River.

Priority Date is August 6, 1908.

Quantity is for the diversion of water under both this right held by The United States for Minidoka and Right No. A01-00214B held by Burley shall not exceed 1,000 cfs. In the event Burley and the Secretary of the Interior on behalf of Minidoka do not agree on a distribution of water that the districts are collectively entitled to under rights A01-00214A and A01-00214B, for whatsoever reason, the water will be divided proportionately with Burley entitled to the delivery of water equivalent to thirty-eight percent (38%) and Minidoka entitled to the delivery of sixty-two percent (62%) of the total water available under said rights up to a maximum of 1,000 cfs.⁶

Season of Use is from a period each year beginning April 1 and ending October 31 of that year.

Nature of Use is for irrigation of acreage as provided by contract with The United States.

⁶ This percentage division of water rights is in accordance with the Repayment Contract between The United States and Minidoka, No. 14-06-100-1833, dated February 2, 1960.

Place of Use is within the boundary of Minidoka as provided by contract with The United States.

Points of Diversion are

Township 9 South, Range 25 East of the Boise Meridian, Minidoka County, Idaho

Section 1: SESENW Lot 7, SWSESW

Township 10 South, Range 23 East of the Boise Meridian, Minidoka County, Idaho

Section 26: SENW, lots 5 and 6

3. Water Right No. A45-00512

This is a natural flow water right held by The United States with a priority date of April 9, 1909, for the diversion of 150 cfs from Marsh Creek for the irrigation of land of the Minidoka Project within Burley.⁷

- a. Right No. A45-00512 is conveyed to Burley subject to the following elements:

Source is from Marsh Creek, a tributary of the Snake River.

Priority Date is March 26, 1903.

Amount is for the diversion of 150 cfs.

Season of Use is a period each year beginning April 1 and ending October 31 of that year.

Nature of Use is for irrigation.

Place of Use is 48,000 acres within the boundary of Burley.

Points of Diversion are

Township 10 South, Range 24 East of the Boise Meridian, Cassia County, Idaho

Section 27: SENE, SESE

Section 28: NWSE

Section 36: SENE, SWNW

Township 10 South, Range 25 East of the Boise Meridian, Cassia County, Idaho

Section 30: SESE, SWSE

4. Foster Decree Return Flows

⁷ This natural flow water right was established by decree of the Fourth Judicial District of Idaho on June 20, 1913 in the case of Twin Falls Canal Co. v. Charles N. Foster as Right No. 8 of The United States at p. 33.

a. Allocation of Foster Decreed Return Flows Credits

In reliance upon the Foster Decree (Twin Falls Canal Company v. Charles N. Foster, et al., in the District Court of the Fourth Judicial District of the State of Idaho, in and for the County of Twin Falls, dated June 20, 1913), The United States claims a credit against the use of stored water for increased flows in the Snake River attributable to the operation of the Gravity Division and the Southside Pumping Division of the Minidoka Project as determined by the State Engineer of the State of Idaho (Director, Idaho Department of Water Resources), or his duly authorized agent.⁸

The United States conveys that portion of the right arising from the operation of the Southside Division (approximately thirty-eight percent [38%]) to Burley. The use and accounting of the return flow shall continue in a manner that will not injure the rights of the Minidoka Project or its water users. Current practice for the division of the right considers the proportionate diversions of Burley and Minidoka after ad hoc agreements on the monthly division of waste and losses from the Minidoka Southside Canal. If Burley and Minidoka fail to agree on the division of waste and loss or on the procedure to be used, thirty-eight percent (38%) of the credit will accrue to Burley, and sixty-two percent (62%) to Minidoka.

5. Domestic & Stock Groundwater Rights

a. Water Right No. A45-10389

This Snake River Basin Adjudication (SRBA) partial decreed water right has a priority date of June 19, 1909, for the diversion of 0.12 cfs of ground water for domestic purposes. The United States conveys the entire right to Burley.

b. Water Right No. A45-10391

This SRBA partial decreed water right has a priority date of June 19, 1909, for the diversion of 0.08 cfs of ground water for domestic purposes. The United States conveys the entire right to Burley.

6. Snake River Basin Adjudication Claims (SRBA)

a. Domestic Water Right Claim No. A45-10390

The United States filed for a statutory beneficial use claim in the SRBA. It has a priority date of June 19, 1909, for the diversion of 0.24 cfs of ground water for domestic purposes. The United States conveys its claim to water right, No. A45-

⁸ Decree of the Fourth Judicial District of Idaho on June 20, 1913 in the case of Twin Falls Canal Co. v. Charles N. Foster at p. 34.

10390, to Burley. However, Burley shall then be responsible for its ultimate confirmation as a water right in the SRBA proceedings.

b. Groundwater Water Right Claim No. A01-04047

- (1) The United States has filed for a groundwater recharge storage claim in the SRBA. It has a priority date of June 19, 1909, and is for the diversion of groundwater and Snake River surface water for the purpose of recharging and storage of groundwater. Because this water right is still necessary to sustain pumping flows for the B Unit of the Northside Pumping Division of the Minidoka Project and any change in ownership could injure project operations, The United States shall retain this right if decreed in the SRBA for the benefit of Minidoka Project Operations, except as provided by the following section.
- (2) The United States conveys to Burley its interest in water withdrawn from wells or captured by drains within Burley's boundaries that are used for either the purpose of improving or preserving the utility of land by draining them or for the purpose of recovering groundwater resulting from irrigation by Burley for further irrigation use on or drainage of lands to which the water rights of Burley are appurtenant.

IN WITNESS WHEREOF, the GRANTOR, through its duly appointed officer, has executed this Deed the 24th day of February, 2000.

Re: Notice of Change of Water Right Ownership

Dear Allen:

I have enclosed five (5) duly executed Notices of Change of Water Right Ownership. The Notice of Change of Water Right Ownership for Water Right Nos. 01-00211 and 01-00214 is a split of water rights held by the United States. Water Right No. 45-00512 is a water right that is completely transferred to Burley Irrigation District. The claim to Water Right No. 01-04047 is the entire claim being transferred to Burley Irrigation District, and the three domestic water rights are being transferred completely to Burley Irrigation District, as the land where these water rights are used has also been transferred to Burley Irrigation District, as shown by the Deed attached to the Notice of Change. If you have any questions in regard to these transfers, please feel free to contact this office.

Very truly yours,

Roger D. Ling
