IDAHO DEPARTMENT OF WATER RESOURCES

Adjudication Recommendation Report 1-235A V1

Comments:

1. mholliday 7/11/2005 total acres

Comment: The acres shape shows 2365 acres irrigated. However the Woodville townsite is not included in this total. Acreage for the townsite was determined by dividing the 52.12 shares allocated to the townsite by the 1.58 shares per acre as specified in the bylaws of the company. The townsite 33 acres was added to the acreage identified in the shape file to give a total of 2398 acres.

2. mholliday 7/11/2005 point of diversion

Comment: Transfer 3069 shows Wadsworth pump in lot 4. Water District 1 map shows pump in the SWSW of 16, but not in lot 4. Recommended accomplished change to correct legal description.

3. mholliday 7/11/2005 quantity

Comment: Maximum average monthly diversion rate was 130 cfs in July 1976. However Water District 01 records for July 28 through August 1, 1957 show an average diversion rate of 150 cfs over those 5 days. 150 cfs appears to be the most that can be justified. Decreed rights total 163.5 cfs. Recommended partial forfeiture of 13.5 cfs.

1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

2. Describe the changes you wish to make in the proposed recommendation:

Our 1893 origin bylaws state that the Woodville Canal Company was to irrigate approximately 3000 acres.

3. Give a brief explanation as to why you disagree with these portions:

I agree with Ron Carlson - It is the accounting process that is confusing. Why have we had to turn off weekends if we had to much water. This water was -

I AGREE with this proposed recommendation: no changes need to be made.

decreed to us and our board does not feel we can afford to lose it. We have to much gravel & sandy soils to lose water if we were to back to surface irrigation.

Also, I disagree on your acreage, original bylaws of 1893 state that we, woodville canal comp. irrigated approx. 3000 ACRES.

I feel also as Ron Carlson does, that the 13 C.F.S. you want to take away should be allocated the pump diversions that are to be filed after 1987 date.
