RE: Amended Director's Report, Subcase No. 94-2173

Dear Clerk:

An Amended Director's Report (ADR), Subcase No. 94-2173 (Shoshone Golf & Tennis Club, Inc.) was filed with the CSRBA Court on July 31, 2017 via facsimile. The ADR corrected an error detected in the quantity portion of the Purpose and Period of Use element that was not corrected on the Standard Form 5 (SF5) filed on July 11, 2017. This morning, IDWR discovered it had inadvertently not included the second page of the water right recommendation in the ADR filing. There were no changes made to the elements shown on that page--it listed the explanatory material as shown on the SF5.

For inclusion in the ADR filed on July 31, 2017, attached please find the page missing from that document. IDWR understands this oversight will not impact the docketing of the ADR on the July Docket Sheet, and there will be no impact to the objection and response deadlines to the ADR set yesterday (objections due September 28, 2017 and responses due October 10, 2017). IDWR apologizes for the oversight. Should you have any questions, please feel free to contact me at 208-287-4816. Thank you!

Sincerely,

Vicki Kelly,
