RE: Subcase No. 01-322 (Progressive Irrigation District)

Dear Judge Melanson:

An *Order of Partial Decree* was entered for this water right on January 9, 2009. Recently, it has come to the attention of the Idaho Department of Water Resources ("Department") that a transfer was approved for this water right prior to the issuance of the partial decree. The Department failed to file a Notice of Completed Administrative Proceeding ("NCAP") explaining that the transfer was approved. The Department requests that the partial decree be modified to reflect the transfer so as to prevent any confusion and to assist with the proper administration of this water right.

I am attaching an Amended Director's Report which accurately describes the elements of this water right.

I am sending a copy of this letter to the claimant, so that it is aware of this issue.

If you should have any questions or comments, please feel free to contact me at (208) 287-4811.

Sincerely,

RE: Water Right 1-322

To Whom It May Concern:

You may recall that last year you filed transfer application 74730 in order to add a pump as a point of diversion to water right 1-322. That transfer was approved on November 18, 2008. On January 9, 2009 the SRBA court issued a partial decree for water right 1-322. However the partial decree did not reflect the changes that were made by transfer 74730. Therefore I have updated the adjudication database in order to reflect the water right as it was changed by the transfer. Enclosed is a copy of the water right as it now appears in the adjudication database. Soon the record as shown in the adjudication database will be moved to the water right database. Please review the enclosed Director's Report and contact me at 525-7161 if you have any questions or concerns regarding this matter.

Respectfully,

Michael Holliday
Water Resource Agent, Sr.
