RE: SRBA Claims 1-10015 and 1-10016

Dear Lynn:

Charles Coiner
Hansen

I've researched the Water District #1 delivery (previously Water District #36) of the 6/1/1891 and 6/1/1892 amended decreed water rights to the Lenroot Canal (SRBA claims 1-10015 and 1-0016). The amended decreed rights have been delivered to the Lenroot Canal since (or prior to) the 1919 irrigation season.

The delivery of Snake River stored water and natural-flow during the years 1911 through 1918 were under dual control by two or more organizations, and wasn't well documented prior to 1919. Beginning in April 1919, the Committee-of-Nine was elected to represent the various sections of Water District #36, and a single office headquarters for water distribution was established in Idaho Falls. The first comprehensive listing of decreed water rights and priorities delivered by the water district was published in the annual report titled *Water Distribution and Hydrometric Work, District No. 36, 1919*.

Plate XXII in the 1919 annual report shows 15 cfs of 6/1/1891-priority and 5 cfs of 6/1/1892 delivered to the Lenroot Canal (see attached copy). Remarks shown in parenthesis indicate the 5 cfs of 6/1/1892 priority was amended from the originally decreed 6/1/1903 right (1-101), and the 15 cfs of 6/1/1891 priority was amended from the originally decreed 6/1/1903 (1-101) and 6/1/1899 (1-100) water rights. Water district annual records indicate 15 cfs of 6/1/1891 priority; 5 cfs of 6/1/1892 priority; 76 cfs of 6/1/1899 priority; and 100 cfs of 6/1/1903 priority have been delivered to the Lenroot Canal each year at least since 1919.

Sincerely,

Tony Olenichak
Program Manager

RE: Water Right Nos 01-100, 01-101, 01-10015 & 01-10016

Dear Mr. Nelson:

I am the Deputy Attorney General assigned to Basin 01 representing the Idaho Department of Water Resources in the Snake River Basin Adjudication. Michael Holliday, Senior Water Resource Agent at IDWR's office in Idaho Falls has informed me that Lenroot Canal Company's claims to water right numbers 01-10015 and 01-10016, are based on an amendment to the *Rexburg Irrigation Co. v. Teton Canal Co. Decree* (Idaho 6th Jud. Dist., December 16, 1910) ("Rexburg Decree"), which essentially advanced the priority dates from 1899 and 1903 to 1891 and 1892, respectively. However, the Department has not been able to locate an amendment to the Rexburg Decree that supports the claimed priority date.

Please provide a copy of the amendment or other historical documentation that illustrates that the priority dates of these water rights were advanced as claimed to Michael Holliday, or me by **July 31, 2006**. Without additional documentation, the water rights will be recommended in accordance with the original priority dates as decreed in the Rexburg Decree.

If you should have any questions or comments, please feel free to contact me at (208) 287-4810.

Very Truly Yours,

Candice M. McHugh
Deputy Attorney General, IDWR
