$4.0 \times 1.9835 \times 210 = 1666 \text{ AFA}$

NOTES: 216 ac $\times$.022 = 4.32 cfs.

The well shows water by submergence from a low-temp geothermal confined aquifer. The pressure and discharge decrease as the well and a similar well located in 45.95, S9 (2+ well) withdraw water from the aquifer. The measurement on 3-27-97 was understood to estimate the maximum capacity of the well at the most optimum time with the daily draw down the pressure should be the highest level.

Civil No. 2248

D E C R E E

The plaintiffs herein being represented by Anderson, Kaufman,
Anderson & Ringert; the defendants William H. Walker and Margaret
Walker, Gilbert C. Walker and Lena Walker, Worth E. Walker and

ANDERSON & DALY

Pauline Walker and Gilbert Walker and Sons, a partnership, being represented by Parry, Robertson & Daly, and the defendants Hazel Rowena Lee, individually and as executrix of the estate of Worth S. Lee, deceased, being represented herein by Hall & Rowett, and the said parties having executed and filed with the Court a written stipulation for the entry of a decree settling and adjusting the respective rights of the parties, NOW, THEREFORE;

Pursuant to the stipulation of the parties, IT IS HEREBY FOUND BY THE COURT AS FOLLOWS:

1. The defendants William H. Walker and Margaret Walker, husband and wife; Gilbert C. Walker and Lena Walker, husband and wife; Worth E. Walker and Pauline Walker, husband and wife; and Gilbert Walker and Sons, a co-partnership consisting of Gilbert C. Walker, Lena M. Walker, Worth E. Walker and William H. Walker, are hereinafter referred to collectively as the defendants Walker. Hazel Rowena Lee, as executrix of the estate of Worth S. Lee, also known as Worth Scott Lee and also known as Worth S. Lee, Jr., and Hazel Rowena Lee, individually, are hereinafter referred to collectively as defendants Lee.

2. The plaintiffs Adin Hall and Ruby Hall, husband and wife, have released, relinquished, transferred and conveyed to the defendants Lee all of their right, title, claim and interest in and to the waters of the Hot Springs, sometimes known as the Lee Hot Springs, located near the corner common to Sections Sixteen, Seventeen, Twenty and Twenty-one, Township Three South, Range Eight East, Boise Meridian, in Elmore County, Idaho, which waters flow into a creek known as Warm Springs Creek, and the said plaintiffs have transferred and conveyed to the defendants

Lee all of their right, title, claim and interest in and to all waters produced by the said Lee Hot Springs and to all waters from said springs flowing in Warm Springs Creek after being so produced, and that by virtue of such transfer and conveyance, the defendants Lee are now the owners of all of the rights of the plaintiffs in and to the waters produced at said Hot Springs and flowing therefrom into Warm Springs Creek.

3. The defendants Walker are the owners of an artesian well located in the Northwest Quarter of the Northeast Quarter of Section Eight, Township Four South, Range Nine East, Boise Meridian, in Elmore County, Idaho, drilled pursuant to Permit No. G25745 issued by the Department of Reclamation of the State of Idaho, which permit has a priority date of June 10, 1955, and which said well is hereinafter referred as the Walker well.

4. The defendants Lee are the owners of an artesian well located in the Northwest Quarter of the Southeast Quarter of Section One, Township Four South, Range Eight East, Boise Meridian, Elmore County, Idaho, which well was drilled pursuant to Permit No. G29317 issued by the Department of Reclamation of the State of Idaho, which permit has a priority date of January 19, 1961, and which said well is hereinafter referred to as the Lee well.

5. Waters flowing from the Lee Hot Springs and from the Walker well and the Lee well, both of which are artesian wells, all come from a common source of water in the same aquifer or the same subterranean body of water and the flow of water from both artesian wells tends to decrease, interfere with and eliminate the flow of the Lee Hot Springs.

61 0301 2. During said irrigation season, the defendants Walker shall have the right to the use of 320 miner's inches of continuous flow of water from the Walker artesian well with a priority date of June 10, 1955, for use upon the following described lands located in Elmore County, Idaho, to-wit:

The Southwest Quarter, the West Half of the East Half, and the Southeast Quarter of the Southeast Quarter of Section Eight; the Southwest Quarter of the Southwest Quarter of Section Nine; the North Half of the North Half of Section Seventeen; the East Half of the Northeast Quarter, the North Half of the Southeast Quarter and the Southwest Quarter of the Southeast Quarter of Section Twenty-nine; the South Half of the Southwest Quarter and the Southwest Quarter of the Southeast Quarter of Section Ten; the West Half of the Northwest Quarter of Section Fifteen; the East Half of the Northeast Quarter and the Northwest Quarter of the Southeast Quarter of Section Sixteen, all in Township Four South, Range Nine East, Boise Meridian.

61 0302 3. During said irrigation season, the defendants Lee, in addition to the rights provided for in paragraph 1 above, shall be entitled to and shall have the right to the use of 1000 miner's inches of continuous flow of water from the Lee well with a priority date of January 19, 1961, for use upon and which water shall be appurtenant to the real property of the defendants Lee described in paragraph 1 above.

4. Neither the defendants Lee nor the defendants Walker shall have the right, without the consent of the other, to pump water from their respective wells.

5. For a period of three years from and after October 18, 1967, the defendants Lee shall not withdraw more than 200 miner's inches of continuous flow of water at any time from the Lee artesian well unless it is sooner determined to the satisfaction

6. Each tract of land herein described is arid in character and requires the artificial application of water to render such tract valuable for agricultural purposes and the amount of water awarded to each party under the provisions hereof is necessary for the successful irrigation and cultivation of the land to which the water is made appurtenant.

IT IS THEREFORE HEREBY ORDERED, ADJUDGED AND DECREED AS FOLLOWS:

61 0300 1. During the irrigation season of each year, which season is hereby established as beginning April 1 and ending on November 1, the defendants Lee shall have the right to use 125 miner's inches of continuous flow of water from the Lee artesian well, with a priority date of May 1, 1889, which amount of water represents and is in lieu of the flow of the Lee Hot Springs, and withdrawal of said water from the Lee well will constitute a change of the point of diversion and a change of the place of use of the entire flow of the Lee Hot Springs and of the waters flowing therefrom into Warm Springs Creek and shall be for use upon and shall be appurtenant to the following described land located in Elmore County, Idaho, to-wit:

80 The West Half of the Southeast Quarter and
40 the Southeast Quarter of the Southwest Quarter
320 of Section One; the North Half, the Southwest
240 Quarter and the West Half of the Southeast
Quarter of Section Twelve; the Southeast Quarter
40 of the Southeast Quarter of Section Eleven; the
West Half of the Northeast Quarter, the North
Half of the Northwest Quarter, the Southeast
280 Quarter of the Northwest Quarter, the Northeast
Quarter of the Southwest Quarter and the North-
west Quarter of the Southeast Quarter of Section
40 Thirteen; and the Northeast Quarter of the North-
east Quarter of Section Fourteen, all in Township
Four South, Range Eight East, Boise Meridian.

1040

of the defendants Lee and Walker that the water supply is ample for a larger withdrawal.

6. The right of the defendants Lee to withdraw 125 miner's inches of continuous flow under paragraph 1 above is hereby established as the first right in order of priority; that the right of the defendants Walker to withdraw 320 miner's inches of continuous flow is hereby established as the second right in order of priority and the right of the defendants Lee under paragraph 3 above to withdraw 1000 miner's inches of continuous flow is hereby established as the third right in order of priority; that if the Lee well does not produce an artesian flow of 125 miner's inches of continuous flow throughout each entire irrigation season, the defendants Walker shall reduce the flow of water from the Walker well in an amount sufficient to insure the continued artesian flow of 125 miner's inches of water from the Lee well throughout each entire irrigation season; that if the Walker well, subject to the foregoing limitation, does not produce an artesian flow of 320 miner's inches of water throughout each entire irrigation season, the defendants Lee will reduce the flow of water from the Lee well under the rights set forth in paragraph 3 above in an amount sufficient to insure the continued artesian flow of 320 miner's inches of water from the Walker well throughout each entire irrigation season, but in no event shall the defendants Lee be required to reduce the flow of their well below the 125 miner's inches recognized as a first right, as set forth in paragraph 1 above.

7. Before the start of the irrigation season for the year 1968, the defendants Lee and the defendants Walker shall each construct at their respective wells a permanent-type concrete

or metal weir adequate for accurate measurement of the water produced by their well; that both wells shall be maintained and equipped at the owner's expense with the necessary valves and equipment to control the flow of water from the wells and for capping and closing off completely the flow of water from said wells when the same are not in use; that both of said wells shall be kept closed at all times except during said irrigation season; provided, however, that during the nonirrigation season each of said parties shall be entitled to withdraw from their respective wells for domestic purposes, including water for livestock, an amount not to exceed one miner's inch of water.

*water master
control
provision*

8. At the written request of either the defendants Lee or the defendants Walker, transmitted to the other, the operation of both artesian wells shall be placed in charge of the water master of Bennett Creek, providing such water master be willing to take charge of and supervise the operation of the wells pursuant to this decree. If such water master be not so willing, then another person shall be selected by said parties to serve as water master, to take charge of the operation of the two wells in accordance with this decree; that if the parties are unable to agree upon such a water master, then he shall be selected by three arbitrators, one chosen by the defendants Lee, one by the defendants Walker and a third by the two thus chosen. The decision of any two of the three arbitrators shall determine who shall serve as water master. The expenses and compensation of such board of arbitrators and of the water master for services in connection with the operation of the wells and the cost of providing a pressure gauge shall be borne equally by the

defendants Lee and the defendants Walker.

9. The rights and duties of the defendants Lee and the defendants Walker shall inure to the benefit of and be binding upon the heirs, administrators, executors, successors and assigns of the said parties insofar as the same are related to the ownership of the land and the operation of the artesian wells above described, and each of said parties is hereby ordered to comply with the provisions of this decree.

10. All of the parties hereto, their agents, employees, attorneys, privies and successors in interest are, and each of them is hereby, enjoined and restrained from any and all interference with the enjoyment of the rights to the use of said subterranean waters, as set forth in this decree and the rights and priorities, as herein determined and awarded, be and each of them is hereby quieted and confirmed as against each and every party to this action.

11. All pleadings filed herein be and the same are hereby amended to conform to the terms of this decree and each party shall pay his own costs herein.

Dated this 6 day of November, 1967.
