Re: Priority date for CSRBA claim 95-14455

---

This is a 1958 air photo downloaded from the USGS Earth Explorer website. Circled in red is the pond that is the source of water for claim 95-14455

Below is a 1953 air photo downloaded from the USGS Earth Explorer website. Circled in red is the location that the pond that is claimed as the source of water for claim 95-14455 currently is located. You can see by comparing the above 1958 photo, that the pond didn't exist in 1953.
