Re: Reinstatement Order

The permit lapsed as of August 1, 1988. The lapse notice was sent on August 12, 1988. On September 2, 1988, a proof of beneficial use form was sent to the regional office. It was not acceptable because the licensing examination fee did not accompany the proof.

The proof sat in the region until it was sent to the state office on October 4, 1988. On October 17, 1988, Jodi sent a letter requesting the filing fee. The fee was received and receipted in the region on October 24, 1988.

There is one concern regarding this permit. The water right staff has noticed a defect in the lapse notice letter where a line of text is missing. The information missing discusses the need to return any action document within 60 days. For this reason, the permit should be reinstated with an advance in priority the number of days the proof is late, under the provisions of 42-218a, I.C.
