

IDAHO DEPARTMENT OF WATER RESOURCES
PRELIMINARY RECOMMENDATION OF WATER RIGHTS ACQUIRED UNDER STATE LAW

688.9 ACRES TOTAL

11/16/2006

IDAHO DEPARTMENT OF WATER RESOURCES
PRELIMINARY RECOMMENDATION OF WATER RIGHTS ACQUIRED UNDER STATE LAW

The rights listed below are limited to the irrigation of a combined total of 688.9 acres in a single irrigation season. Combined Right Nos.: 22-42, 22-160, 22-545, 22-616, 22-13160.

The rights listed below are limited to the irrigation of a combined total of 736.3 acres in a single irrigation season. Combined Right Nos.: 22-312, 22-487C, 22-13016, 22-42, 22-160, 22-545, 22-616, 22-13160.

This right is limited to the irrigation of 160.0 acres within the place of use described above in a single irrigation season.

OTHER PROVISIONS NECESSARY FOR DEFINITION OR ADMINISTRATION OF THIS WATER RIGHT:

This water right is subject to the delivery provisions contained in Roxana Canal Co. v. Daniels, Equity No. 2447 (D. Wy. Feb. 4, 1941) ("Roxana decree"). Nothing in this Partial Decree is intended to relieve or alter the state of Idaho nor the state of Wyoming from their obligations contained in the Roxana decree.

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.

EXPLANATORY MATERIAL: BASIS OF CLAIM - Decreed

Right includes accomplished change in place of use pursuant to Section 42-1425, Idaho Code.

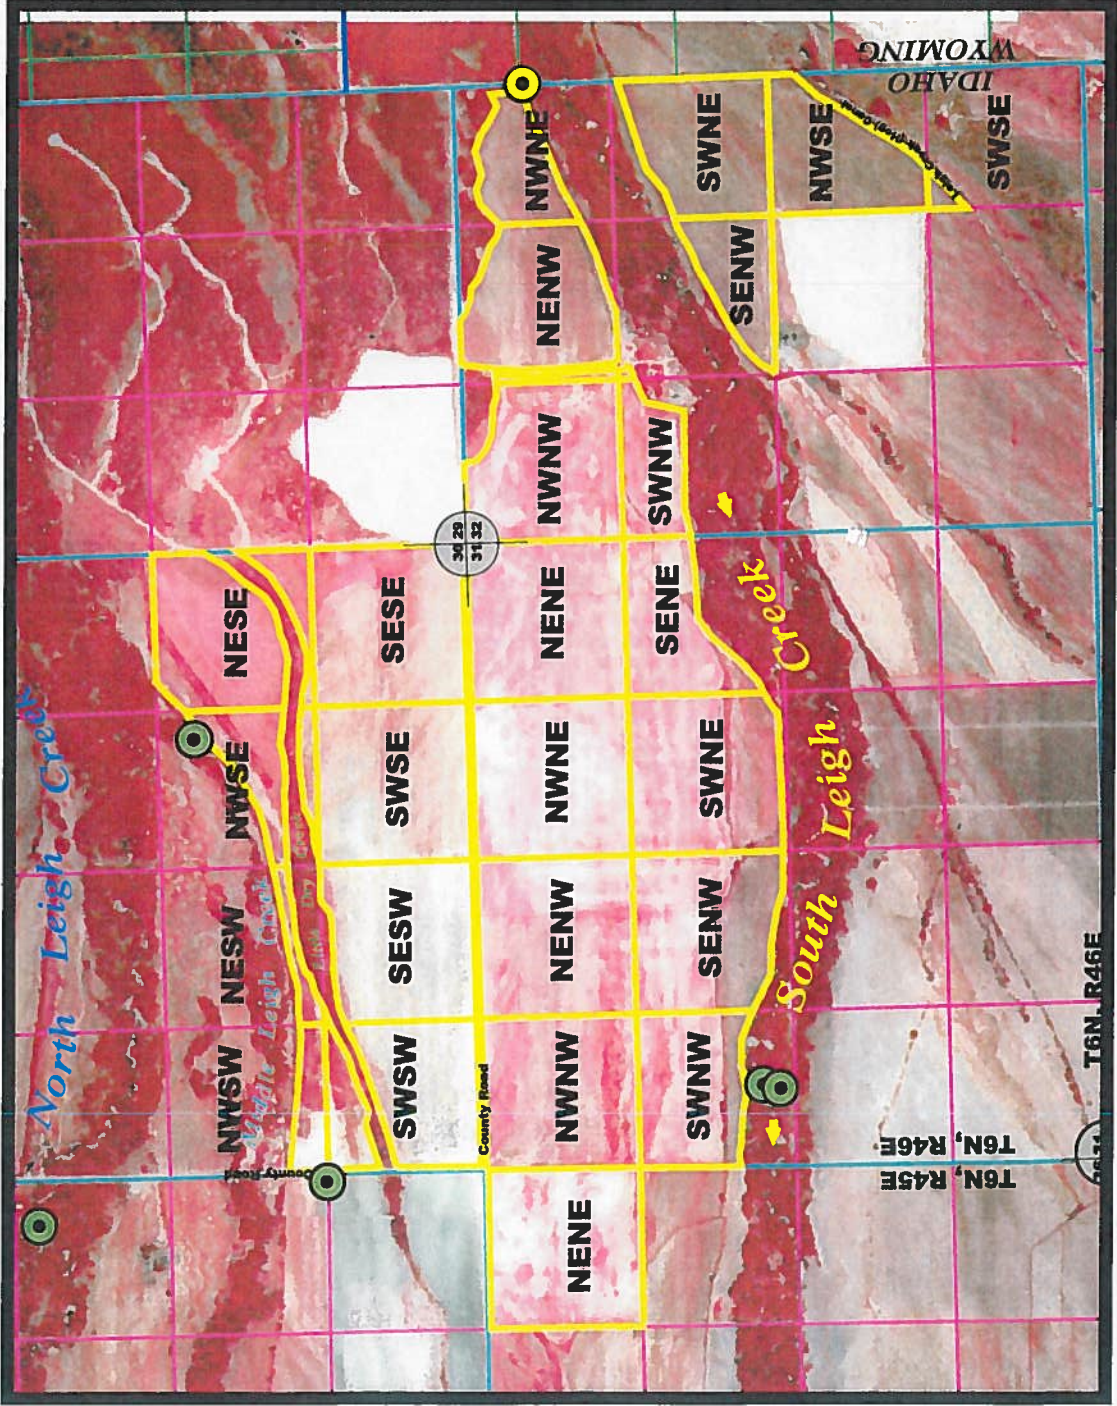

Water is delivered through Killpack Pipeline.

22-13144, 22-13148, 22-13160 and Notice of Completed
Administrative Proceeding (NCAP)

Dear Mr. & Mrs. Smith:

On November 23, 2007, the Idaho Department of Water Resources (IDWR) approved Transfer #74019, modifying the above referenced water right. Based on this transfer, IDWR water right records for the Snake River Basin Adjudication (SRBA) have been updated.

Furthermore, as directed by the SRBA Court, this office mailed a copy of the updated water right record(s) to each party listed on the enclosed NCAP. The intent of this mailing is to ensure each party has a current record of the water right(s) as recorded in the SRBA.

Please feel free to contact me if you have any questions concerning this matter.

Respectfully,

Jennifer Crabtree

NOTICE OF COMPLETED
ADMINISTRATIVE
PROCEEDING

IDWR has completed the following Administrative proceeding:

- ☐ Address change
- ☐ Substitution of Party
- ☒ I.C. § 42-222 transfer **74019**

- | | |
|---|--|
| ☐ point of diversion | ☒ place of use |
| ☐ period of use | ☐ nature of use |
| ☐ split of water right | ☐ change in ownership |

IDWR certifies that it has completed its investigation into the changes to the elements of the water rights listed above as set forth in the attached *Amended Director's Reports* for said water rights. No other changes have been made to the elements of these water rights except as set forth above.

IDWR has served copies of the *Notice of Completed Administrative Proceeding* and *Amended Director's Report(s)* on the claimant(s), prior claimant(s) and all parties in the subcases affected, if any, as reflected on the attached certificate of mailing.

IV-2003-3-6

Dear Mr. Woolstenhulme,

This letter is in regard to the Boyd Charles and Jill Johnson Smith Trust, the William E. Hansen, the Rex L. Hansen, the Margaret Hansen, the Lorenzo and Ardis Kofoed, and the James and Leona Beard Trust petitions for affirmation of point of diversion and means of conveyance in the matter of certain rights to the use of waters of South Leigh Creek for which the point of diversion, and a portion of the means of conveyance of the Kilpack Ditch, which are pending before the State Board of Control.

The State Board of Control discussed these petitions at its February meeting, and voted to grant these petitions. Orders confirming the Board's action will be issued in the near future.

If we can be of any further assistance, please let us know.

Yours truly,

RE: SRBA Claim numbers 22-160, 22-545, 22-616

Dear Jennifer:

We recently received printouts of revisions of the above Notices of Claim. As a result of our amendments of these claims, you added the land in section 30. However, I have reviewed the lands in Sections 31 and 32, it appears to me that these new printouts may contain some errors. It looks like it is our fault because you just followed our amended claims. I have enclosed a copy of 22-160 with what appear to me to be the necessary corrections marked in red. I believe all three Notices of Claim contained the identical information. Would you mind reviewing those notices to see whether you think they should be corrected?

Normally I would wait until the preliminary recommendations come out because the corrections will probably be made at that time. However, we have a situation here where we are trying to comply with Wyoming law also because the state of Wyoming wants to document the point of diversion and conveyance means within that state, but is also reviewing the information from Idaho to make sure their records conform. I have received inquiries from the state of Wyoming about these numbers and thought perhaps I had better point this matter out to you now rather than wait. As always, thank you for your kind assistance.

Yours very truly,

Kent W. Foster

RE: SRBA Claims of Boyd C. and Jill J. Smith Trust,
Nos. 22-160, 22-545, and 22-616

Dear Mr. Carlsen:

We are enclosing with this letter Amended Notices of Claim for the above numbered water rights of the Boyd C. and Jill J. Smith Trust. The purpose of these amendments is to account for a practice which commenced before 1987, which results in the use of South Leigh Creek water north of the road known as 600 North between South Leigh and North Leigh Creeks essentially along the south section line of Section 30. The land which is benefitted by the use of South Leigh Creek water is approximately 260 acres in the South half of Section 30 of T6N., R46E. The practice is described in the attached depositions of Jim Beard and Dee O'Brien and the affidavit of Mr. Delmar Scroughams, the ranch manager for the Smith Trust.

Please let us know if we may provide any additional assistance in this matter. Thank you for your kind attention to the matter.

Very truly yours,

Kent W. Foster

2 PROCEEDINGS

3 JIM BEARD,

4 Produced as a witness at the instance of Boyd Smith,

5 was sworn, examined and testified as follows:

6 (Deposition Exhibit Number

7 One was marked

8 for identification.)

9 EXAMINATION

10 BY MR. FOSTER:

11 Q. State your full name and your address, please.

12 A. James Beard, P. O. Box 300, Teton, Idaho.

13 Q. Jim, the purpose of this deposition, of course,

14 I've talked with you about it before so you know what we're

15 trying to do.

16 If you have questions -- the most important

17 thing is that we try to be truthful. I know that being

18 accurate when we start talking about dates will be

19 difficult, but I guess all we can do is the best we can.

20 My assignment is to try to ask intelligent

21 questions, and yours is to try to figure out what I asked

22 and see if you can answer it as accurately as is possible.

23 Jim, what is your occupation?

24 A. I farm primarily. I have another job I work in

25 the winters, maintenance, and a few things at the Teton

Page 6

1 Ridge Ranch.

2 Q. You've farmed for quite a number of years,
3 haven't you, in the valley?

4 A. Yeah, I've farmed pretty much all my life, I
5 mean, you know, involved with Tilt there on this place we're
6 talking about. And I went into business on my own, it's
7 right about '85 farming on my own.

8 Q. Okay. I'm going to say "all of your life" has
9 got to be at least twenty-nine years?

10 A. Thank you, double that; right?

11 Q. Well --

12 A. Some mornings it feels triple that.

13 Q. I understand.

14 But it's been actually -- you've actually farmed
15 land in the basin for several decades?

16 A. Right. I'm forty-four and I probably, well,
17 like I say, I started farming pretty much as an occupation
18 when I was twenty-two, twenty-one.

19 Q. Well, let's come to this map that I'm showing
20 you here. It's been marked as Deposition Exhibit One. It's
21 the only exhibit we're going to have today. You've had a
22 chance to look at it a little bit.

23 I'm going to represent to you that it's a
24 photocopy, a color copy of a section of a United States
25 geological survey seven and a half minute quadrant angle map

Page 7

1 from the Clauson quadrant angle. And you'll see that some
2 colors have been shown here. There is land that is shown in
3 yellow and -- in the squares. And each of the squares
4 represents -- is supposed to represent a quarter quarter
5 section. Wherever that isn't a government lot, it would be
6 about forty acres approximately.

7 And you can see where the roads would be, I
8 think, located on this map. And you can see some land
9 that's in an orange color. Actually, I tried to make it a
10 different color, but when you put a pink marker on the
11 yellow, it turned orange. But you can see the difference in
12 the colors, can't you?

13 A. Uh-huh.

14 Q. How long have you been familiar with this land?

15 A. Many years. I used to, you know, pick potatoes
16 on this place for Briggs when I was seven, eight years old,
17 so since then, you know.

18 Q. And then at some point in time you actually
19 operated the property, didn't you?

20 A. Yeah, I managed it for Albert, you know, for
21 close to ten years, this piece here (indicating).

22 Q. You're pointing at the land in yellow that's --

23 A. Right.

24 Q. -- that's south.

25 A. South of --

Page 8

1 Q. South of that road. Is that road, am I accurate
2 in saying that road is called 600 North?

3 A. Well, I believe it would be because we've got
4 500 here, I know. Yeah, that would be 600, sure.

5 Q. And 600 North is a road that's shown as going
6 east and west right about through the center of the map and
7 through the center of this property. And so land south of
8 that road was the land that was owned by, did you say his
9 name was Tilt?

10 A. Well, Briggs, worked for Briggs, then a fellow
11 by the name of Andrew Little bought it and I worked for
12 them.

13 Q. Okay.

14 A. And then Albert Tilt bought it from them and I
15 worked for Albert there so --

16 Q. So you've actually operated it for more people
17 than just Tilts?

18 A. Yeah, four different people. Well, I didn't
19 operate it. I mean, I worked on the place for Briggs and
20 Andrew Little.

21 Q. Okay.

22 A. His foreman was John Rogers and we built fences
23 there and I moved a lot of pipe when I was young.

24 Q. All right.

25 A. Then I planted the grass that's there now for

Page 9

1 Ned Twining when he owned it, so four or five different
2 owners.

3 Q. And you're familiar with the owner now?

4 A. Yeah, sure.

5 Q. And that's --

6 A. Boyd, Boyd Smith.

7 Q. And that's the client that I'm representing as
8 you're aware of.

9 A. Sure, uh-huh.

10 Q. Let me ask you this. During the time that you
11 were familiar with this property and working there or
12 operating it, let's try to pin down, you said about ten
13 years?

14 A. Uh-huh.

15 Q. Do you know about which ten years that would be?

16 A. Yeah, I went to work for Albert as pretty much,
17 you know, farm manager in '78.

18 Q. Okay.

19 A. It was two years after I graduated, I believe,
20 the spring of '78. And pretty much actively operated it, we
21 started plowing the place fourteen years. And this
22 (indicating) what we call the Brown place that Darwin Brown
23 owned, I think we run it about five years of that ten.

24 Q. That would be the property that's shown here in
25 orange?

Page 10

1 A. Yeah.
 2 Q. At the time that you were operating the property
 3 for Mr. Tilt then, this property was owned by Darwin?
 4 A. Darwin Brown, uh-huh.
 5 Q. And Mr. Tilt or you rented that from Mr. Brown?
 6 A. Well, Albert did, yeah.
 7 Q. Albert did, okay.
 8 How was that land irrigated when you were there?
 9 A. Well, it was irrigated by ditches and then, you
 10 know, for supplemental water, you know, as we talked, we
 11 come across 600 to the north.
 12 Q. Tell me just how you did that. How did you get
 13 across the road?
 14 A. As I recall Del Bainbridge dug the trench. And
 15 we just put a pipe, a steel metal pipe in the road. And, of
 16 course, not knowing at the time that, you know, you can
 17 legally do that or not. I mean, nobody said anything and we
 18 just thought it was, you know, part of the thing to do.
 19 It's the way Clampets farm around here.
 20 Q. You looked at Mr. O'Brien who's here today. And
 21 he was at that time the deputy water master. He knew about
 22 it as far as you know?
 23 A. I presume. I don't recall us having any
 24 conversations, but we may have done, yeah. It's been awhile
 25 ago obviously.

Page 11

1 Q. And the pipe that was across the road, how big a
 2 pipe was it?
 3 A. I'm thinking it had to house a four-inch hand
 4 line is what we stuck under there, so it's probably six
 5 inch, five or six inch well casing type.
 6 Q. Steel pipe?
 7 A. Uh-huh.
 8 Q. And so you basically just put this pipe to run
 9 another pipe through it?
 10 A. To protect an aluminum four-inch hand line is
 11 what it was.
 12 Q. And that's how you got water under pressure, I
 13 assume, to the other side?
 14 A. Right. And we had some port mains we scattered
 15 out over here (indicating). Fairly ineffective as far as
 16 covering the acreage, but it seemed to help --
 17 Q. But it supplemented?
 18 A. -- in the dry years.
 19 Q. What kinds of crops were grown there?
 20 A. Well, we was growing barley when we was farming
 21 that.
 22 Q. Okay. Now the water that was used on it without
 23 taking it across the road, was from what source?
 24 A. Well, it was out of North Lee. And we didn't --
 25 we dry farmed this a little over in here. It's better dirt

Page 12

1 back over in here (indicating) and there's not much farm
 2 ground there anyway.
 3 Q. You're saying the northern portion of this land
 4 in orange?
 5 A. Right, uh-huh. This was all, you know, we tried
 6 to supplement or irrigate. And we come off this ditch that
 7 heads, you know, back up in the North Lee a ways.
 8 Q. Okay.
 9 A. What do you call that on the map? It's not
 10 Little. It's a ditch that comes right through.
 11 Q. Yeah, I think "Little" refers to Little Dry
 12 Creek.
 13 A. Uh-huh. See, this ditch, (indicating) I'm
 14 surprised it isn't on the map. It comes in right here
 15 (indicating). That old canal that goes through the Galloway
 16 Hill subdivision.
 17 Q. Will it might -- would it be this one?
 18 MR. O'BRIEN: It's shown as the Weaver ditch.
 19 Q. (BY MR. FOSTER) It doesn't --
 20 A. This ditch come in right here. It's not showing
 21 it on the map.
 22 Q. Okay.
 23 A. This may have been at one time, I see, that's a
 24 drainage there of some sort, isn't it?
 25 Q. It shows as a broken line. I understand that's

Page 13

1 an intermittent kind of stream.
 2 A. This is where it headed in with what we
 3 irrigated this area with anyway (indicating).
 4 Q. And then what was the purpose of bringing water
 5 -- where did the water come from that was brought across the
 6 road?
 7 A. Well, it was out of this irrigation system that
 8 Albert had put in, I believe about '78 or -- well, no.
 9 Let's see. It was prior to that because Briggs had it in
 10 there and they had hand lines.
 11 Q. Okay.
 12 A. And that headed right here (indicating), ducted
 13 into the main line right here (indicating).
 14 Q. You're showing about the --
 15 A. This is where the houses are right now where --
 16 Q. Okay. Near the houses?
 17 A. Ducted in that main line right there and run the
 18 length of the place (indicating). And we just come off a
 19 riser right here somewhere (indicating) and headed that
 20 direction.
 21 Q. And went north up under the road. What's the
 22 source of that water?
 23 A. South Lee.
 24 Q. And under what kinds of conditions, just
 25 describe the conditions generally, if you can, when the

Page 14

1 water from South Lee was used on the north side of the road?

2 A. Well, one, when this ditch that fed this area
3 here (indicating), this canal that heads back up here in
4 Wyoming, had a lot of problems. You can see by the topo
5 here it was steep. It would wash out.

6 Q. And that's the one from North Lee Creek?

7 A. Uh-huh. We always had trouble with it washing
8 out. Trying to keep water in it was a big hassle. So those
9 sorts of circumstances. Generally, when, you know, it was
10 real drought, it was cut off anyway, but we would use it too
11 because we had plenty of water here (indicating) and the
12 ditches would suffer.

13 Q. When you say "here," plenty of water south of
14 the road on the land that had the South Lee Creek water?

15 A. Yeah, we seemed to have plenty of water there.
16 And actually, we diverted it over there in them sort of
17 situations.

18 Q. Now, let's just try as close as we can to try to
19 pin down the time frame which that might have happened. If
20 you operated the property for Mr. Tilt between about '78 and
21 '88 approximately?

22 A. Yeah, or '85 or '6, right in there.

23 Q. Okay.

24 A. Eight to ten years. And I've thought about that
25 some. I really think we probably operated Darwin's place

Page 15

1 three to five years.

2 Q. Do you know which would have been on that one
3 end or the other of that ten year period?

4 A. It's probably been toward the earlier end. I'm
5 thinking, I'm trying to think of who -- let's see. Twining
6 bought that from Darwin. I just, you know, to recall that,
7 I'm going to be honest about it, I won't know. And there
8 again, it would be within that time frame and we would have
9 operated it between three and five years, three more
10 realistic probably than five, might be long, somewhere in
11 there, maybe four years.

12 Q. And you're thinking that would have been nearer
13 the '78 or '82 or '81 or '82 time period?

14 A. No. It would have been two or three years after
15 I was there. I doubt we started farming that until -- I was
16 just trying to think of some events there that would help me
17 recollect because it took us -- we run the cattle here
18 (indicating), until probably '81 or '2 and then we started
19 plowing. So it would be the tail end of my tenure there as
20 far as, you know.

21 Q. Would it have been prior to 1987?

22 A. For sure.

23 Q. So you feel confident it was prior to '87?

24 A. I've got think so. Sure. Yeah.

25 Q. And if you were there operating the property

Page 16

1 until '85 or '86 or that time frame, do you know who did it
2 after you?

3 A. Well, my brother, see, I started farming on my
4 own right at the '85 area. So I wasn't farming, you know,
5 we could look through the records and see when Twining
6 bought this from Tilt. That would tell us when, you know, I
7 was done there. And then I planted it. I think I planted
8 it for Albert that spring, and then Twining bought it.

9 And then the following year Twining wanted back
10 the grass so he hired me to plant the grass. And that would
11 be, you know, in that -- look through the records and see
12 when Twining bought it from Albert and know when.

13 Q. Okay. So it would have been the spring after
14 Twining bought it that you planted --

15 A. Planted it back to grass.

16 Q. And that would have been the land in orange?

17 A. No.

18 Q. The land south of the road?

19 A. Yeah, let's see. Yeah, the land south of the
20 road. I'm trying to think. It's been a long time, a lot of
21 ground under the bridge since then, water too. We may have
22 just barley'd this (indicating) and kept this in hay too as
23 far as --

24 Q. You're speaking of the land north?

25 A. Right, north. I know I planted all this to

Page 17

1 grass for Twining.

2 Q. That's the land south of the road?

3 A. Uh-huh. And then I think I planted some of this
4 too (indicating).

5 Q. Okay. And that was just before you went on your
6 own?

7 A. Yeah.

8 Q. Didn't operate it?

9 A. Right.

10 Q. Okay. I can't really think of any more
11 questions, Jim. If you can think of anything --

12 A. I wished I could be more thorough in my
13 recollection, but I understand -- did you try to get a hold
14 of Darwin?

15 Q. Yes.

16 A. I've had a hard time finding him.

17 Q. Have you ever been able to find him?

18 A. Huh-uh.

19 Q. I haven't been successful in reaching him
20 either.

21 A. And Albert, he said, without looking through all
22 his records, and I'd hate to bother him with it, but he
23 could pin down some time frames, I suppose. I don't know
24 Albert well, but is he getting somewhat elderly?

25 A. His mind is still together, I mean, pretty well.

1 He's, what, the same age as pa, I think, 72, but his mind is
2 good. He could probably recollect maybe even better than me
3 as to what went on.

4 Q. Okay. I have spoken with him and nothing was
5 inconsistent with what you've said. He kept insisting that
6 you'd be the guy that knew.

7 A. Well, okay. I don't know maybe --

8 Q. You've done a good job. I appreciate that. I
9 think I don't have any further questions.

10 (Off the record.)

11 (The deposition of JIM BEARD was

12 adjourned at 1:10 p.m., December 19, 2002.)

OFFICER'S CERTIFICATE

1 STATE OF IDAHO
2 }

3 County of Bonneville)

4 I, Katherine McCoy, CSR, do hereby certify
5 JIM BEARD, P. O. Box 300, Tetonia, Idaho 83452, was sworn to
6 testify the truth in the within-entitled cause; that said
7 deposition was taken at the time and place therein named;
8 that the testimony of said witness was reported by myself,
9 Notary Public and Certified Court Reporter; that the
10 deposition is a true record of the testimony given by the
11 witness, as recorded on the foregoing 17 pages.

12 And I further certify that I am not related to any of
13 the parties nor do I have any financial interest in the
14 matter.

15 IN WITNESS WHEREOF, I have hereunto set my hand and
16 affixed my seal of office this 30th day of December, 2002.

BEARD
T&T REPORTING

OFFICER'S CERTIFICATE

STATE OF IDAHO)
)
County of Bonneville)

I, Katherine McCoy, CSR, do hereby certify
JIM BEARD, P. O. Box 300, Tetonia, Idaho 83452, was sworn to
testify the truth in the within-entitled cause; that said
deposition was taken at the time and place therein named;
that the testimony of said witness was reported by myself,
Notary Public and Certified Court Reporter; that the
deposition is a true record of the testimony given by the
witness, as recorded on the foregoing 17 pages.

And I further certify that I am not related to any of
the parties nor do I have any financial interest in the
matter.

IN WITNESS WHEREOF, I have hereunto set my hand and
affixed my seal of office this 30th day of December, 2002.

Katherine McCoy
Katherine McCoy
Certified Shorthand Reporter
Notary Public for Idaho
Commission expires 3/12/2008

DEPOSITION OF DEE O'BRIEN

Thursday, December 19, 2002, 1:15 p.m.

Driggs, Idaho

Katherine McCoy

Page 2

CSR No. 678

DEPOSITION OF DEE O'BRIEN

BE IT REMEMBERED that the deposition of

DEE O'BRIEN was taken by the attorney for Boyd Smith at the
 Super 8 Motel Conference Room, 133 S. Highway 33, Driggs,
 Idaho, before Katherine McCoy, Court Reporter and Notary
 Public in and for the State of Idaho, on the 19th day of
 December 2002, commencing at the hour of 1:15 p.m., in the
 above-entitled matter.

A P P E A R A N C E S

P R O C E E D I N G S

DEE O'BRIEN,

4 Produced as a witness at the instance of Boyd Smith,
 5 was sworn, examined and testified as follows:

(Deposition Exhibit Number
 One was marked
 for identification.)

E X A M I N A T I O N

10 BY MR. FOSTER:

11 Q. Sir, will you please state your name?

12 A. John D. O'Brien.

13 Q. And your address?

14 A. 58 South 3rd East, Driggs.

15 Q. What is your occupation, Mr. O'Brien?

16 A. I'm a school teacher.

17 Q. Here in Teton Valley?

18 A. Teton County, right.

19 Q. Mr. O'Brien, in prior years you had another
 20 occupation that took your summers up, and you remember that?

21 A. Yes, I got rid of that one.

22 Q. What was that?

23 A. I was the deputy water master for Water District

24 Number One.

25 Q. Okay. And your assignment was specifically

Page 5

1 Teton basin --
 2 A. Right.
 3 Q. -- area.
 4 You were here during the deposition of Mr. Jim
 5 Beard?
 6 A. Yes.
 7 Q. And, of course, you've seen the map that was
 8 marked as Deposition Exhibit One for his deposition. We'll
 9 just use the same map. There is no point in using another
 10 one.
 11 A. Okay.
 12 Q. You've looked at it long enough to orient
 13 yourself on it?
 14 A. Yes.
 15 Q. And you heard his testimony about a time period
 16 when he operated the property shown in yellow and orange?
 17 A. (Witness nods head.)
 18 Q. As I understood his testimony, he described that
 19 when some of this land was owned by people prior to
 20 Mr. Tilt, Mr. Briggs and others. He worked there so he was
 21 familiar with the land. And then I think he said that about
 22 maybe 1978 or approximately that time, he began to operate
 23 the property for Mr. Tilt as a farm manager?
 24 A. Yes.
 25 Q. And sometime during, approximately eight to ten

Page 6

1 years, if I understood his testimony correctly, Mr. Tilt
 2 rented the land shown in orange here as the south half of
 3 Section 30 which is across the road to the north from his
 4 other land, he rented that from Darwin Brown?
 5 A. Uh-huh.
 6 Q. And Mr. Beard also operated that property.
 7 A. (Witness nods head.)
 8 Q. As I understood it, at some point in time in
 9 order to supplement the irrigation of the land north of the
 10 road that is shown in orange here, Mr. Beard said that he
 11 put a steel pipe across the road that permitted him to
 12 insert an aluminum, four-inch aluminum pipe through so he
 13 could sort of use it as main line to then sprinkle land
 14 north of the road with South Lee Creek water.
 15 A. Uh-huh.
 16 Q. Now you are familiar with that practice? Did
 17 you ever see that happening and know that it was happening?
 18 A. Did I condone it? You had talked with me about
 19 records. And I looked through to see if in my regulating
 20 South Lee or North Lee water, if there had been any record.
 21 Initially, I didn't see anything. However, going back
 22 through, in fact, about the third time through, 1984.
 23 July 11, 1984, I have a note, "Talked to Lyle"
 24 referring to Lyle Swank at the water office, "about
 25 Harlanders" (phonetic). Harlanders were people that owned

Page 7

1 this land down here (indicating).
 2 Q. You're speaking of --
 3 A. -- the land that is west of the orange property.
 4 Q. About the southeast quarter of 25 then?
 5 A. Uh-huh.
 6 Q. Okay.
 7 A. And just -- I have a note, talk to Lyle, "Talked
 8 to Lyle about Harlanders and Tilts watering out of South Lee
 9 pump" which would be even though it doesn't say North Lee
 10 ground, it does say "Harlanders" where these -- ran this
 11 place (indicating). And Tilt was running this place at the
 12 time (indicating). And so the practice was going on in '84.
 13 I had a question about it so I talked to Lyle
 14 Swank. I didn't write down the conversation Lyle and I had,
 15 but I made a note in the top of the next page, "Talked to"
 16 meaning action to be taken, "Tilt needs to transfer right
 17 and talk to Don Harlander."
 18 And there is no follow-up information, but I'm
 19 sure I did talk to Albert Tilt about -- and had he done that
 20 at the time, we wouldn't be having this conversation.
 21 Q. That's correct.
 22 A. But -- so it was a practice. It was going on
 23 that I had questions about in 1984.
 24 Q. Okay.
 25 A. So that pinpoints the date somewhat.

Page 8

1 Q. It does, and I very much appreciating taking the
 2 time to go through your records again, Mr. O'Brien. That's
 3 very helpful. So it's clear that the practice began prior
 4 to 1987 because we know it was happening in the year of
 5 1984.
 6 Do you have any clear recollection it happened
 7 other years prior to 1987 or during that time period?
 8 A. Well, apparently as early as '84, but I don't
 9 have any records, my main concern was about diversions, not
 10 about places of use.
 11 Q. Uh-huh.
 12 A. And knowing that they did have a South Lee
 13 right, I was -- because I checked for water, I had to drive
 14 right by this place so I was aware that the practice was
 15 going on, but definitely had some concerns. And I don't
 16 have any information about the years specifically that it
 17 went on.
 18 Q. But you think it was more than one?
 19 A. Oh, I know it was more than one year. It
 20 definitely went on a number of years.
 21 Q. Do you remember anyone ever questioning it or
 22 you were concerned about the fact it was --
 23 A. I questioned it.
 24 Q. You questioned it because it was water coming
 25 out of South Lee?

Page 9

1 A. Out of South Lee.

2 As Mr. Beard mentioned in his testimony, there
3 were all sorts of problems with what I call in my records,
4 the Weaver ditch or Weaver Canal.

5 Q. And that was the canal that had water --

6 A. Out of North Lee.

7 Q. -- coming out of North Lee?

8 A. Right. That's the canal they had horrible
9 maintenance problems. It comes along a rocky hillside. And
10 I do recall a number of times the farm managers calling and,
11 saying our canal is in trouble, can we use this water and
12 the pipe to irrigate while we get this place fixed, while we
13 get this canal fixed up, or there were beaver problems up in
14 the main creek, North Lee the branch where the Weaver
15 headgate was.

16 And if it didn't, in my opinion, damage water
17 rights downstream and, you know, I made sure that they knew
18 they were to stay within their existing amount of their
19 water right, then I allowed it to go on. But there were
20 times that -- when water was short on South Lee that I would
21 go up and tell them to shut off that portion.

22 Q. Okay. So in your mind you had at least some
23 conditions under which you felt it could be used and
24 conditions under which it shouldn't be used?

25 A. Right.

Page 10

1 Q. And did the water users pretty much adhere to
2 your recommendations?

3 A. For the most part.

4 Q. Okay.

5 A. You know, if I went up and said, okay, the
6 decrees are off, you've got to shut off, or we're having
7 trouble getting water down South Lee, you know, you've got
8 to shut that off until we get things -- if there was plenty
9 of water, if it was during high water time early in the
10 irrigation season, I didn't have any problems with it. Or
11 if anybody from downstream complained that they were running
12 short of water, then I immediately went to them and said,
13 shut off.

14 Q. Okay.

15 A. So it was something that I was aware of.

16 Q. Do you, first of all, I probably ought to ask
17 you, what years did you serve as the deputy water master?

18 A. From 1978 to 2000, through 2000.

19 Q. Okay. So you just recently terminated --

20 A. Retired.

21 Q. -- that job?

22 A. Yeah.

23 Q. Retired from that job. Okay.

24 We've talked about this use prior to 1987. To
25 your recollection have you seen that use occur since 1987?

Page 11

1 A. Uh-huh. I couldn't pinpoint exact years, but it
2 has occurred since then.

3 Q. Any more than one year?

4 A. More than one year.

5 Q. Okay. As I recall 1997 was a fairly high water
6 year. In fact, I seem to recall hearing that that year,
7 there was some additional serious damage that occurred on
8 the Weaver ditch to the point it couldn't even be used after
9 that. Do you know if water was used after '97 from --

10 A. On this ground?

11 Q. Yeah, from the South Lee source.

12 A. I couldn't say for sure, you know, from my
13 records, but there is a good likelihood.

14 Q. Okay. I think I've covered all the things I can
15 think about. Can you think of anything else that's
16 important?

17 A. I think points that are -- that probably need to
18 be made, you know, I feel a lot like Mr. Beard as far as
19 wanting to protect existing water rights on South Lee,
20 concern that there not be any damage done there.

21 And I think one point that was always made to
22 the users was that there were two pumps that were diversion
23 points for this South Lee property up here along the state
24 line. And anytime water was being used over here
25 (indicating) --

Page 12

1 Q. Speaking of the orange?

2 A. -- speaking of the land over on North Lee, my
3 records indicate, and I don't mention anything again about
4 point of use, but I made notes in my records about only one
5 pump being used.

6 And early on when this was started, they
7 maintained a meter so that there was no question. Later,
8 under later owners it became more difficult for me to make
9 sure they maintained that meter so I knew exactly how much
10 water was being used, but I did make note that there was
11 only one pump which I felt was at least protecting the
12 downstream users by limiting the amount they could pump.

13 Q. So you wanted to make certain that no more
14 water --

15 A. Right, that they just weren't running both pumps
16 wide open to irrigate land that was outside.

17 Q. So the amount of water that was used there never
18 increased the diversion rate --

19 A. Right.

20 Q. -- that was allowed under the water rights --

21 A. Right.

22 Q. -- that you were administering from the South
23 Lee source?

24 A. Right. And the way I saw their set up, I didn't
25 feel like it was, you know, that they were even reaching the

1 capacity of their water right on South Lee.
 2 Q. Okay.
 3 A. Which made it a little easier to justify,
 4 they're having trouble with this other canal, okay, they're
 5 staying within -- they're cutting down some of their use
 6 here to use that there (indicating).
 7 Q. So they were primarily using the water from
 8 south Lee on the land in orange as a supplemental source?
 9 A. Right.
 10 Q. All right. I can't think of any other
 11 questions.
 12 A. Okay.
 13 Q. Maybe we ought to do the same thing and let
 14 Mr. O'Brien review it.
 15 THE REPORTER: Do you have a P. O. Box?
 16 THE WITNESS: P. O. Box 331.
 17 THE REPORTER: Driggs?
 18 THE WITNESS: Driggs.
 19 (Off the record.)
 20 (The deposition of DEE O'BRIEN was
 21 adjourned at 1:25 p.m., December 19, 2002.)

OFFICER'S CERTIFICATE

STATE OF IDAHO)
)
County of Bonneville)

I, Katherine McCoy, CSR, do hereby certify
DEE O'BRIEN, P. O. Box 331, Driggs, Idaho 83422, was sworn
to testify the truth in the within-entitled cause; that said
deposition was taken at the time and place therein named;
that the testimony of said witness was reported by myself,
Notary Public and Certified Court Reporter; that the
deposition is a true record of the testimony given by the
witness, as recorded on the foregoing 13 pages.

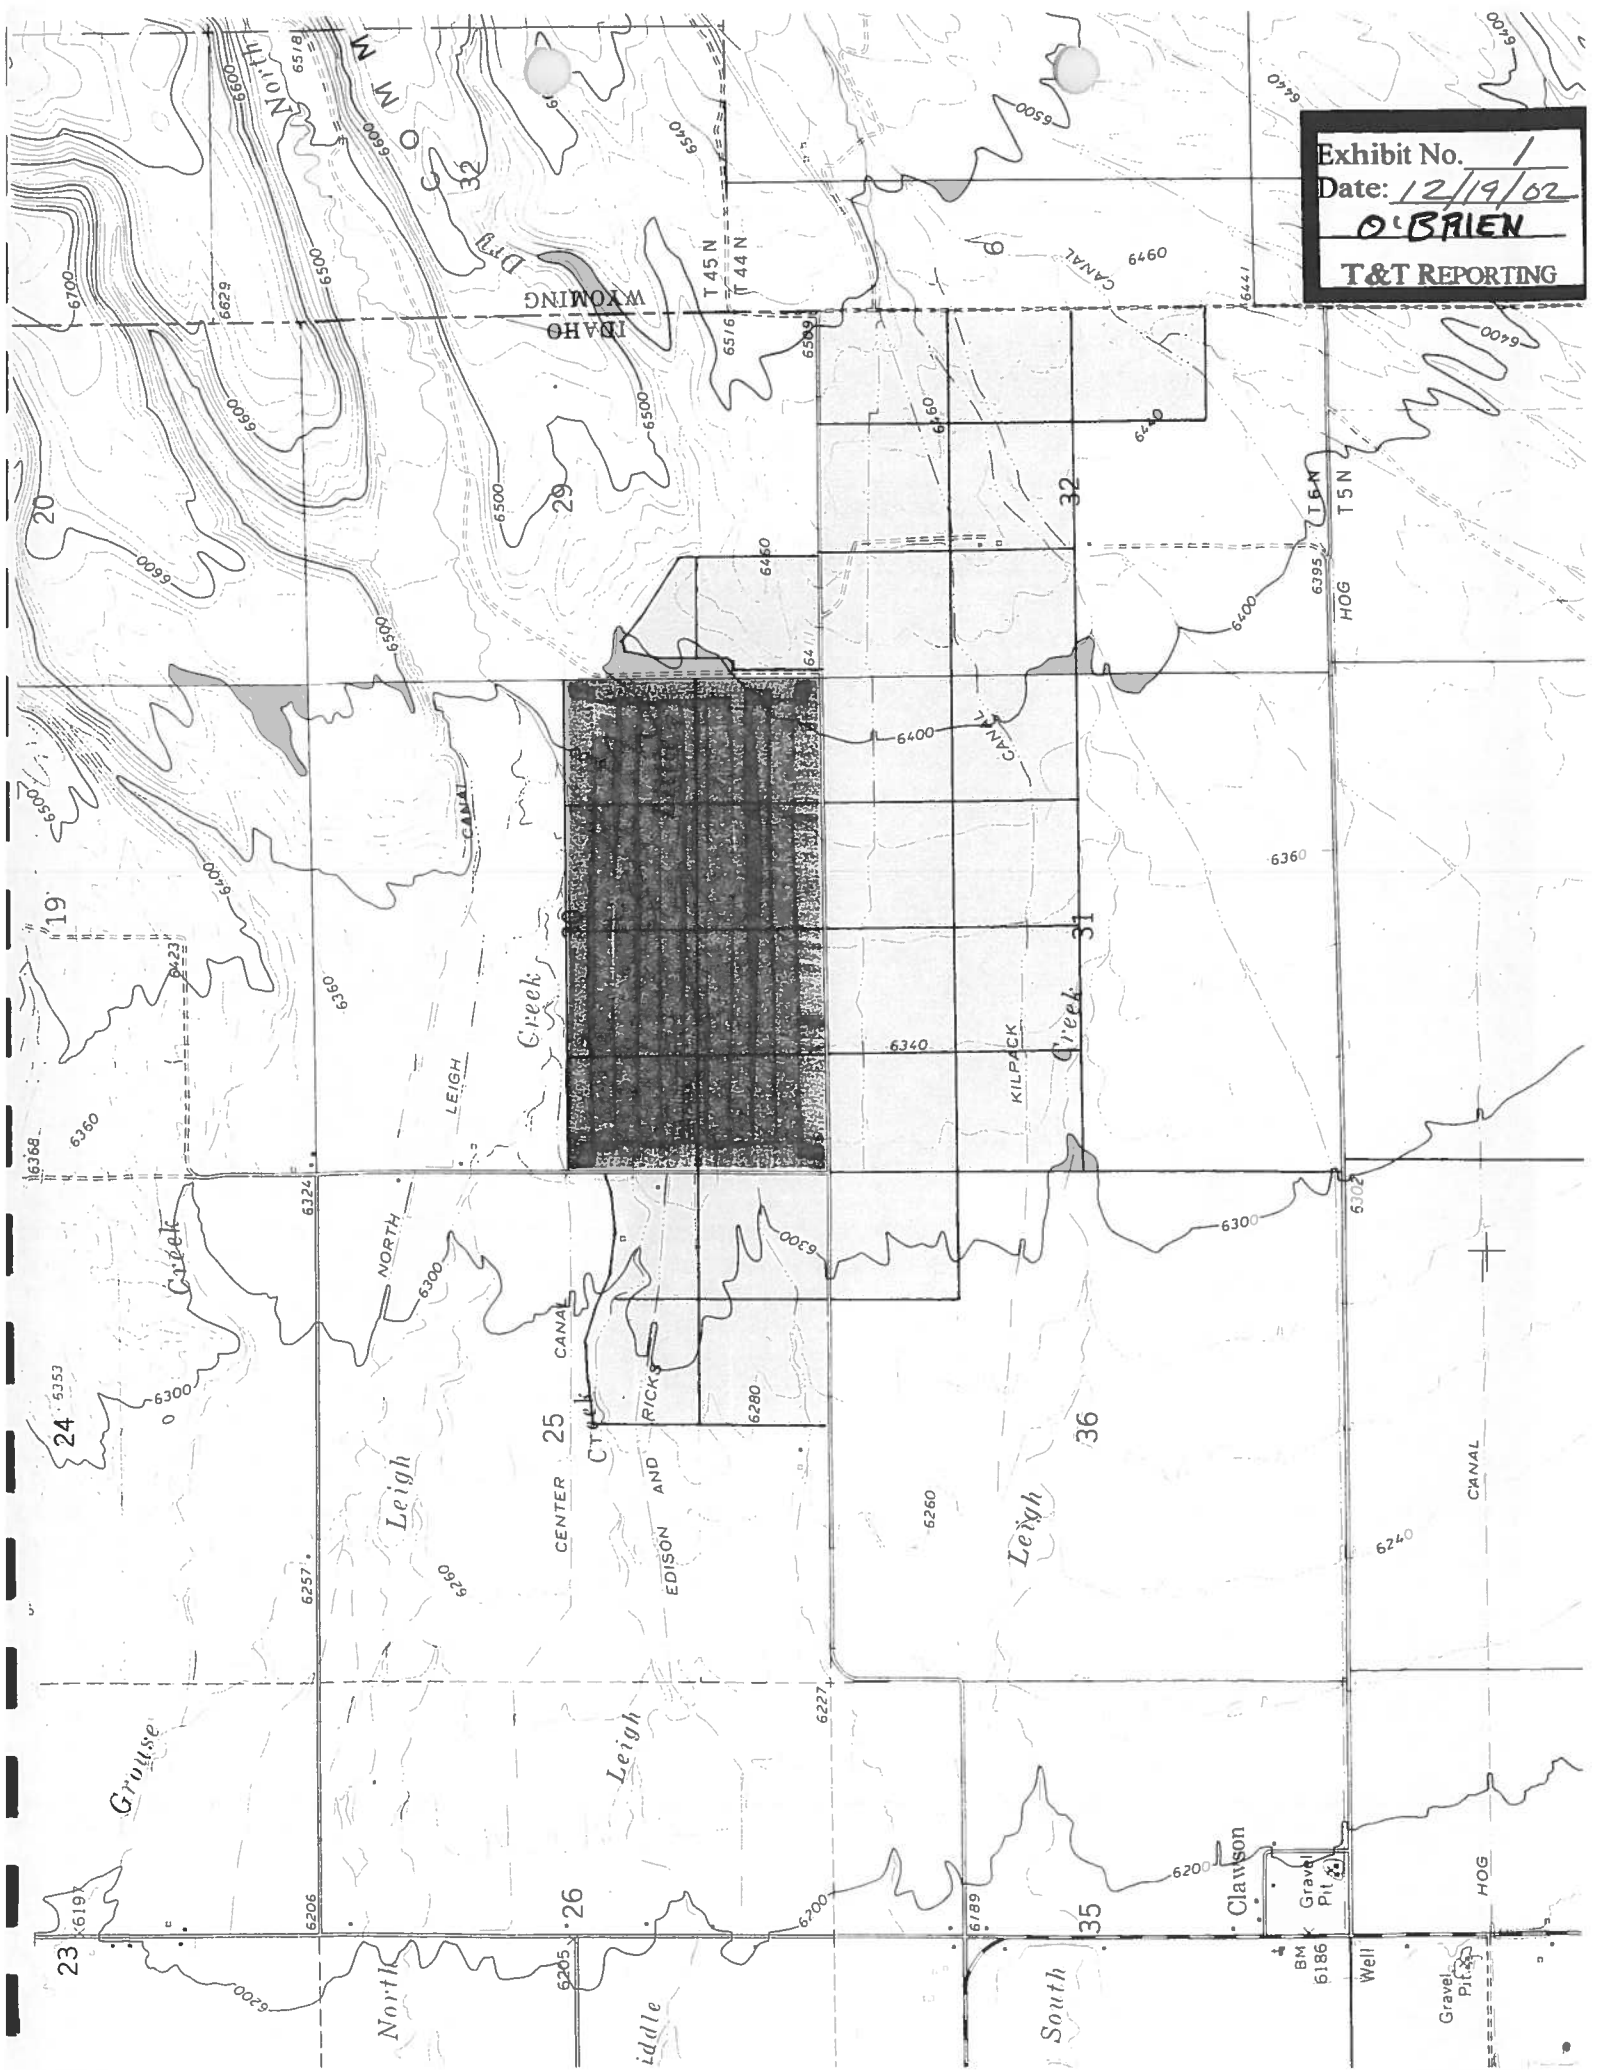

And I further certify that I am not related to any of
the parties nor do I have any financial interest in the
matter.

IN WITNESS WHEREOF, I have hereunto set my hand and
affixed my seal of office this 30th day of December, 2002.

O'BRIEN
T&T REPORTING

AFFIDAVIT OF DELMAR SCROUGHAMS

RECEIVED
JAN 09 2003
Department of Water Resources
Eastern Region

STATE OF IDAHO)
)ss
County of Teton)

Delmar Scroughams being first duly sworn, on his oath deposes and says:

1. Affiant is, and has been, a resident of Teton County, Idaho, for the past 22 and one-half years.
2. Affiant is currently employed by the Boyd Charles and Jill Johnson Smith Trust, as manager of the Teton Ranch near Tetonia, Idaho, and has served in such capacity since the acquisition of the ranch lands by the Smith Trust in the fall of 1996. Affiant's duties include the irrigation and operation of the ranch lands.
3. At the time of the acquisition of the ranch lands by the Smith Trust, such lands included the south half of Section 30 and the north half of Section 31 in Township 6 north, Range 46 E.B.M., most of which were irrigated agricultural lands. There is an east-west road dividing these two (2) half sections. The south half of Section 30, which is located north of the road, has historically been irrigated primarily with water from the North Leigh Creek Drainage, and the north half of Section 31, which is located south of the road, has historically been irrigated with water under rights to the waters of South Leigh Creek. However, when affiant began operation of these lands, there were two (2) steel pipes located underneath the road, one near the eastern side of the two (2) half sections, and the other near the western side, through which main line could be placed to permit sprinkler irrigation of the land in the south half of Section 30, north of the road, with water diverted from South Leigh Creek. The South Leigh Creek source is usually a significantly more dependable source of water supply than the North Leigh Creek source, and affiant learned by his own experience and from former operators of

the property, that there were occasions when the land north of the road in Section 30 were short of water from the North Leigh Creek Drainage, when water had historically been brought from South Leigh Creek by means of the mainline placed under the road through the pipes, and used to supplement the irrigation of the land in Section 30 on the north side of the road. Affiant has continued this practice whenever needed since he began operation of these lands for the Smith Trust in the spring of 1997.

4. In the spring of 1997, the ditch (known locally as the Weaver Ditch) which diverted water from North Leigh Creek and transported the same to the lands in the south half of Section 30, was seriously damaged by wash outs because of the high run off early in the irrigation season of that year. The damage to the Weaver Ditch was so severe, that it was impractical to repair it, and it became necessary for the Smith Trust to substantially alter the diversion and delivery system from the North Leigh Creek drainage, and to apply to the Idaho Department of Water Resources for a transfer in point of diversion for the water rights from that source. This process took quite some time to complete, and for that and most of the next two (2) irrigation seasons, it was even more essential to rely on the water from South Leigh Creek to supplement the irrigation of the lands in the south half of Section 30 north of the road. Even after the new diversion and delivery system were completed, there have been substantial drouths during the irrigation seasons of 2000, 2001 and 2002, and there have been times when essentially no water was available from the North Leigh Creek source, and it was necessary to supplement the irrigation of the lands in the south half of Section 30 with water from South Leigh Creek, brought under the road through the pipes described.
5. In 1999, affiant replaced the western most pipe under the road with eight (8) inch double wall steel pipe because the old pipe was so badly rusted and deteriorated. Affiant had understood from the former Deputy Water Master for the Teton Basin,

Mr. Dee O'Brien, that the practice had been in effect from the late 70's or early 80's, whenever there was inadequate water from North Leigh Creek and adequate water from South Leigh Creek, and the lands in the south half of Section 30 required the supplemental irrigation, so long as no more water was diverted from South Leigh Creek than authorized under the existing rights of the ranch lands south of the road to the use of the waters of South Leigh Creek.

IN WITNESS WHEREOF, affiant has hereunto set his hand this 26 day of November, 2002.

RE: CHANGE OF WATER RIGHT OWNERSHIP FOR TWINING TO BOYD C. & JILL
J. SMITH TRUST

Dear Ms. Sturm:

Please refer to the following columns:

A22-00042	A22-00488	22-11544	A22-00208
A22-00063	A22-00489	22-12134	
A22-00130B		22-12135	
A22-00130D		22-12136	
A22-00136C		22-12137	
A22-00160			
A22-00312			
A22-00313			
A22-00481A			
A22-00482A			
A22-00483A			
A22-00487C			
A22-00515B			
A22-00516B			
A22-00517B			
A22-00616			
A22-02029			
A22-04040			

The first column represents the claims that have been changed into the name of Boyd C. & Jill J. Smith Trust. Copies of computer print-outs reflecting this change are enclosed.

The claims in the second column were combined together in 1997 to form a new claim, and this claim was renumbered to A22-13016. The name was changed on this claim to Boyd C. & Jill J. Smith Trust. A computer print-out of this change is enclosed.

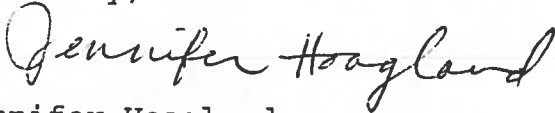

The claims in the third column are all domestic and stock claims, currently before the Snake River Basin Adjudication Court in Twin

Falls. I am required to notify the court of the change in owner and I am in the process of doing this. The owner will be changed to reflect Boyd C. & Jill J. Smith Trust and these claims will be sent to you in another mailing.

Finally, the fourth column reflects the claims that were not changed to reflect your client as the current owner. Claim A22-00208 was split in 1991 into an "A" part and a "B" part. Our records show that neither part was in the name of Twining. Again in 1991 the "B" part was split four more times into a "C" "D" "E" and "F". Again, our records show that none of these parcels of property was in the name of Twining. If the Smith's can prove through legal documents that they own all or some of these parts, then our office will proceed with this change. Otherwise, there is not enough evidence at this time. Copies of computer print-outs for A22-00208 and A22-00208B are enclosed.

If you have further questions regarding these matters, please contact me or Senior Water Agent Dave Carlson.

Sincerely,

A handwritten signature in cursive script that reads "Jennifer Hoagland".

Re: New Property Owner Notice of Change of Water Right Ownership/
State of Idaho Department of Water Resources Assignment of Notice
of Claims

Dear Glen:

We enclose with this correspondence two documents, a New Property Owner Notice of Change of Water Right Ownership and an Assignment of Notice of Claims these documents represent notice to the department of a change in water rights ownership in attendant to the purchase of certain real property located in Teton County by our clients, Boyd and Jill Smith. Apparently these documents have been languishing in someone's file for a considerable period of time but have never been forwarded to the appropriate office. Our records reflect that the documents were originally filed and that suggestions were made for changes and corrections. These current changes and corrections were made and the documents resubmitted but apparently no action has ever been taken on the same. We believe that the appropriate fee has already been submitted but again our uncertain whether that fact has been documented in your office.

We take this opportunity to forward these documents directly to your attention with the hope that you might forward them on to the appropriate office for proper processing. Please do not hesitate to contact me if you have questions or if there is additional information which is needed or if we need to review the matter of any fees or charges which need to be paid in conjunction with appropriate processing.

Thank you for you assistance in this very confusing situation.

Very Truly Yours,

Teresa L. Sturm

IDAHO FALLS ID 83405-1219

RE: CHANGE IN OWNERSHIP FOR TWINING AND SMITH

Dear Mr. Hopkins:

Enclosed are the documents you submitted to change the ownership from Twining to Smith. In order to process the change there are several items that need to be discussed.

First of all, "assignments for permits" are to be submitted to Jim Johnson's office in Boise with a fee of \$25. The address for the State office is 1301 N Orchard St, Boise ID 83706-2237.

The Department is now requesting a Warranty Deed with an aerial photo or platt map, showing the property being conveyed, accompany all Notices for Change of Ownerships (NCO). This applies even if both parties sign the NCO.

The Notices of Claim not found to be in Twining's name are "circled". They are A22-00043; 22-00489; and 22-00028.

A22-00063 is not listed on the NCO you sent, but it has been filed under Twining's name in the SRBA. Is it to be included in the "change"?

Please call if you have any questions regarding these changes or additions.

Sincerely,

Jo Thompson
Adjudication Secretary

Re: Twining/Smith--Teton County--Assignment of Claims--
Notice of Change of Water Right Ownership--Assignment of
Permit

Dear Folks:

This firm represents Boyd Charles Smith and Jill Johnson Smith who are the new owners and successors in interest of water rights and claims to water rights with respect to real property in Teton County, Idaho, formerly owned by Edmund S. Twining, III and others. You will see that we have enclosed an original Notice of Change of Water Right Ownership signed by the appropriate parties, an Assignment of Notice of Claims signed by the former owners and an Assignment of Permit signed by the former owners. We ask that these documents be filed by the Department and that your receipt of the same for filing be confirmed to us at the above address at your next convenience.

Should you have any questions in this matter please contact me at any time.
Thank you for your cooperation and assistance.

Very truly yours,

C. Timothy Hopkins

To Change the Point of Diversion and/or the Place of Use

RECEIVED
AUG 29 1977
Department of Water Resources
Eastern District Office

Name of applicant Albert &/or Catherine Tilt Phone 456-6492

Post office address Rt. #1, Box 55, Teton, ID 83432

A. DESCRIPTION OF RIGHT AS RECORDED

1. Right evidenced by:

a. Decree to Walter Barney & Prudential Ins. Co.
(Name) vs Teton Irrigation Canal Co., et al
in case of Rexburg Irrigation Co. et al
dated 12-16-1910 in 6th Judicial District county of Fremont
(Name of court)

b. License No. _____ issued by the Idaho Department of Water Resources
c. Claim No. _____ on file with the Idaho Department of Water Resources
2. If applicant is not the original holder of this right, explain how it was acquired and attach a copy of the deed or other evidence of ownership of the land to which the right is appurtenant
through purchase of lands to which rights pertain.

3. Source of water South Leigh Creek tributary to Teton River

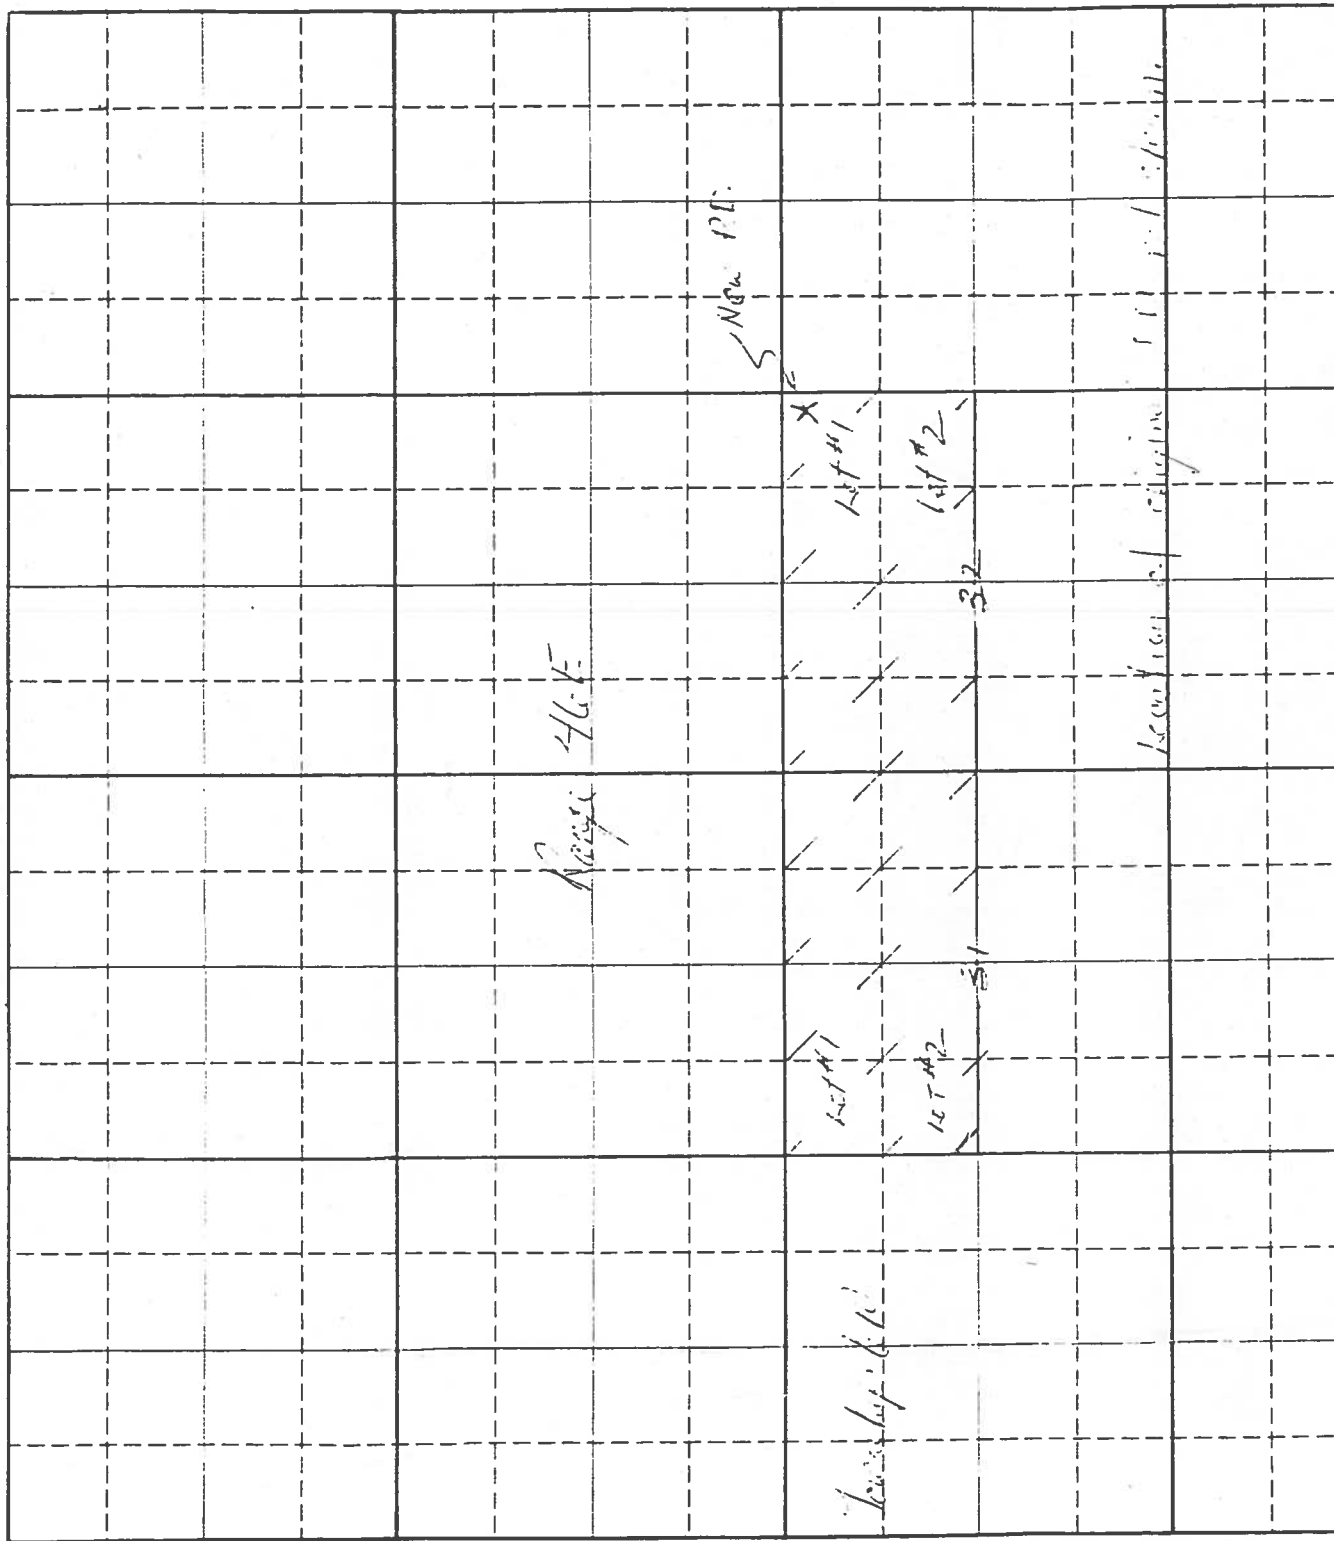

4. Date of priority 22-0160, 6-01-1891; 22-0616, 1-22-1916

5. Water is used for the following purposes:
22-0160 amount 3.20 for irrigation purposes from _____ to _____
22-0616 amount 8.00 for irrigation purposes from _____ to _____
amount _____ for _____ purposes from _____ to _____
(month/day - both dates inclusive)

6. Total amount of water under right: a. 11.2 cubic feet per second
b. _____ &/or
acre feet per annum

7. Location of original point of diversion is _____ 1/4 of _____ of Section _____

- b. Draw a map indicating the new point(s) of diversion and/or the new land to be irrigated. Show clearly the land involved by section, township and range number.

3. Remrks We want to keep the present point of diversion so we can gravity sprinkle
at high water.

I hereby assrt that no one will be injured by such change and the change does not constitute an enlargement
in use of the original right. The information contained in this application is true to the best of my knowledge.

11. Place of use in counties: TETON

12. Do you own the property listed above as place of use? Yes

13. Other Water Rights Used:

14. Remarks:

OTHER WATER RIGHTS USED: 22-545, 22-616 (AND 22-63, 22-312, 22-313, 22-487C, & 22-13016 FOR LANDS IN SECTION 30 ONLY)

THE LAND IN SECTION 30 IS IRRIGATED AS A RESULT OF AN ACCOMPLISHED TRANSFER WHICH TOOK PLACE BEFORE 1987. ACTUALLY, NO MORE THAN 467 ACRES ARE IRRIGATED WITH A COMBINATION OF RIGHTS 22-160, 22-545 & 22-616 AT ANY TIME. THE PERMISSIBLE PLACE OF USE WAS ENLARGED WHEN THESE RIGHTS WERE USED TO SUPPLEMENT IRRIGATION OF THE LANDS IN SECTION 30

SOURCE IS SOUTH LEIGH CREEK, TRIBUTARY TO THE TETON RIVER

POINT OF DIVERSION IS IN TETON COUNTY, STATE OF WYOMING T44N, R118W, S6, SENE,

15. Basis of Claim: Decreed

RECEIVED
JAN 09 2003
Department of Water Resources
Eastern Region

IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT OF THE
STATE OF IDAHO, IN AND FOR THE COUNTY OF TWIN FALLS

IN RE THE GENERAL ADJUDICATION
OF RIGHTS TO THE USE OF WATER FROM
THE SNAKE RIVER BASIN WATER SYSTEM

CIVIL CASE NUMBER: 39576
Ident. Number 22-160
Date Received _____
Receipt Number _____

AMENDED NOTICE OF CLAIM
TO A
WATER RIGHT
ACQUIRED UNDER STATE LAW

1. Name of Claimant(s) BOYD C & JILL J SMITH TRUST Phone (208) 523-0620
Mailing Address c/o HOLDEN KIDWELL HAHN & CRAPO, PO BOX 50130, IDAHO FALLS, ID Zip 83405
2. Date of Priority (Only (1) per claim) June 1, 1891
3. Source of water supply (a) SOUTH LEIGH CREEK
which is tributary to (b) TETON RIVER
- 4.a. Location of existing point of diversion is:
State of Wyoming, South Leigh Creek in Lot 2 which is the SENE of Section 6, Township 44 N., Range 118 W. of the
6th P.M., Teton County, Wyoming.
Additional points of diversion if any: _____
b. If instream flow, beginning point of claimed instream flow is:
Township _____ Range _____ Section _____, _____ 1/4 of _____ 1/4 of _____ 1/4, Govt. Lot _____ B.M., County of _____
ending point is: Township _____ Range _____ Section _____, _____ 1/4 of _____ 1/4 of _____ 1/4 Govt. Lot _____ B.M., County of _____
5. Description of existing diversion works (Dams, Reservoirs, Ditches, Wells, Pumps, Pipelines, Headgates, Etc),
including the dates of any changes or enlargements in use, the dimensions of the diversion works as constructed and as enlarged
and the depth of each well. Two (2) irrigation pumps at Idaho-Wyoming state line, or through Kilpack Ditch.
6. Water is claimed for the following purposes: (Both dates are inclusive)
(cfs) (acre feet)
For Irrigation purposes from April 15 to Oct. 15 amount 3.2 or _____
For _____ purposes from _____ to _____ amount _____ or _____
7. Total quantity claimed (a) 3.2 (cfs) and/or (b) _____ (acre feet)
8. Total consumptive use claimed is _____ acre feet per annum.

9. Non-irrigation uses; describe full _____ g. Domestic: Give number of households _____; Stockwater: Type and number of livestock Etc.) _____
10. Description of place of use:
- If water is for irrigation, indicate acreage in each subdivision in the tabulation below.
 - If water is used for other purposes, place a symbol of use (example: D for Domestic) in the corresponding place of use below. See instruction for standard symbols.

TWP	RNG	SEC	NE 1/4				NW 1/4				SW 1/4				SE 1/4				TLS
