Water Right Number: 22-163B

Enclosed is my response to the preliminary recommendation of water right 22-163B. I disagree with the "Disallowed" recommendation due to non-use from 1983-1988 because we did irrigate this field from 1983 until 1986.

According to the Farm Service Agency in Fremont County, a crop report was filed in 1983 with new seeding alfalfa. Subsequent crops reports for 1984-1986 indicate alfalfa crop. I have enclosed a cancelled check to show payment for the alfalfa seed in July 1983. This alfalfa crop was irrigated in 1983, 1984 and 1985 and possibly 1986. I have also included a cancelled check to show repairs on the irrigation pump in July of 1985. The hay harvested from this farm was hauled to feed our livestock. After 1986 we pastured our sheep on this alfalfa field.

I am requesting a reconsideration of your earlier recommendation and allow our water right claim.

Sincerely,

Jeff Siddoway
