To Whom It May Concern:

I have been asked by John, Bevan to write a letter of verification concerning water right 22-189.

During my 20 years as watermaster, at least 3.0 cfs was delivered to the Bevan's while there was sufficient water to fill their decree. - Part of the water was delivered by ditch and part was delivered by pump.

I don't have any records to pinpoint dates, but I know the water was delivered initially in the late 70's or early 80's as best as I can recall.

I don't know if the water that was diverted was delivered to Dick Egbert or not, I didn't follow the water down the ditch to verify where it was used.

Sincerely yours,
Dee O'Brien

Claims 40 Acres irrigated but field
check shows approx 25 acres.
