Andrew Dahlman
Box 250
Liberty Lake, WA 99019

Re: 95-16318

Dear Mr. Dahlman:

We are returning your Notice of Claim. You have listed the use of water from two springs starting in 1900. You list the use of water from a well starting in 1995. These two rights should be filed under two claims.

The use of water from Lake Coeur d'Alene was started in 1987. When a new diversion of surface water is started after May 20, 1971, an appropriation permit had to be obtained first. An application for a permit to use the water needs to be filed to secure a water right from the lake.

We are sending you a blank claim form and an application for a water right form. Based on the information you provided us, we suggest that you submit two claims for the well and springs, and an application for the lake water.

Domestic use is defined a household use and up to ½ acre of irrigation.

If you have any questions, feel free to contact us.

Sincerely,

Kenneth Knoblock
Water Right Supervisor
