IDAHO DEPARTMENT OF WATER RESOURCES
PRELIMINARY RECOMMENDATION OF WATER RIGHTS ACQUIRED UNDER STATE LAW

RIGHT NUMBER: 22-288

NAME AND ADDRESS: TETON ISLAND FEEDER CANAL CO
386 N 2400 E
REXBURG ID 83440

SOURCE: TETON RIVER

TRIBUTARY: HENRYS FORK

QUANTITY: 3.200 CFS

PRIORITY DATE: 05/15/1883

POINT OF DIVERSION:
T07N R40E S36 NWSNW Within FREMONT County

PURPOSE AND
PERIOD OF USE:

<u>PURPOSE OF USE</u>	<u>PERIOD OF USE</u>	<u>QUANTITY</u>
IRRIGATION	04/01 10/31	3.200 CFS
STOCKWATER	01/01 12/31	3.200 CFS

PLACE OF USE:

9448.2 ACRES TOTAL

The boundary encompassing the place of use for this water right is described with a digital boundary as defined by I.C. Section 42-202B(2) and authorized pursuant to I.C. Section 42-1411(2)(h). The data comprising the digital boundary are incorporated herein by reference and are stored on a CD-ROM disk issued in duplicate originals on file with the SRBA District Court and the Idaho Department of Water Resources. A map depicting the place of use is attached hereto to illustrate the place of use described by the digital boundary.

Place of use is within the area served by Teton Island Feeder Canal Company.

The rights listed below are limited to the irrigation of a combined total of 9448.2 acres in a single irrigation season. Combined Right Nos.: 22-288, 22-571, 22-589B, 22-12694, 22-12695, 22-12696, 22-12697.

This right is limited to the irrigation of 160.95 acres within the place of use described above in a single irrigation season.

OTHER PROVISIONS NECESSARY FOR DEFINITION OR ADMINISTRATION OF THIS WATER RIGHT:

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.

EXPLANATORY MATERIAL: BASIS OF CLAIM - Decreed

November 7, 2006

TETON ISLAND FEEDER CANAL
386 N 2400 E
ST ANTHONY ID 83445

RE: CHANGE OF ADDRESS FOR 22-12694, 22-12695, 22-288,
22-571, 22-589B, 22-12698, 22-12697, AND 22-12696.

Dear Claimant:

It has come to our attention that your address may have recently changed. The address currently recorded on the above referenced water right(s) is as follows:

TETON ISLAND FEEDER CANAL
386 N 2400 E
REXBURG ID 83440

We recommend if, in fact, the address in question has been changed, you file a "Change in Address" with this department in order that we may send all further correspondence to the appropriate address.

Enclosed is a Change in Address form. Please fill out the form completely, sign and date it and return it to my attention.

If you have any questions regarding this matter, please call 525-7161.

Respectfully submitted,

Katy Jackson
Office Specialist 1

Galbraith, Trent

Subject: Rod Dalling Teton Island Feeder

Start: Tue 9/19/2006 9:00 AM

End: Tue 9/19/2006 10:00 AM

Recurrence: (none)

Rod Dalling called and said they need to keep water all under teton Island feeder because that is the only way they can do it. The other canal co. cant get water without the feeder. Water district 1 regulates them as one entity because they only have 1 point of diversion. Fremont Madison list them as having different storage. Rod said they will keep it as it was filled.

Boise, ID 83720-0098

To Whom It May Concern:

The Board of Directors of the Teton Island Feeder Canal Co. has deemed that the service area boundary of the Teton Island Feeder Canal Co. is illustrated accurately, without modifications, and in its entirety on the map(s) created by Danielle Favreau on July 24, 2006. Additionally, the previously identified map(s) accurately illustrate the location of land serviced by the company as of 1987. We understand that in the process of finalizing the SRBA recommendations, these maps may be adjusted.

Salem Irrigation Canal Company

February 13, 2006

To Whom it May Concern:

I am writing this statement in regards to winter water rights in the Salem Irrigation Canal Company.

Let this serve as an affidavit of my personal recollection concerning water in the irrigation canal during the winter months. During the winter of 1935 the Salem Irrigation Canal ran water in the canal for the purpose of watering livestock and recharge. I know this to be a fact because I lived on a home that sits directly on the canal bank in Salem which was the last property served by the Salem Irrigation Canal Company. We used the canal to water livestock during the winter months because there was not electrical service to pump groundwater.

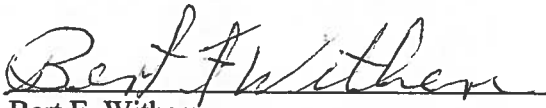

In 1903 the Idaho Sugar Company built a plant in Sugar City, Idaho. My father worked at the plant in Sugar City where the only source of water to flume beets was the Salem Irrigation Canal. An excerpt from a history book entitled "Beet Sugar In The West" states:

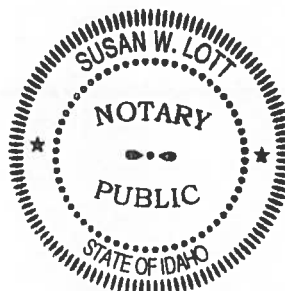

"The first campaign was a bad one; full of new experiences. The weather was extremely cold, going down to 50 degrees below zero. The canal supplying the water filled with mush ice and shut off the water. Beets coming into the yards in cars froze to a solid pile. Beets in the sheds were frozen from top to bottom and had to be cut down into the flumes with picks."

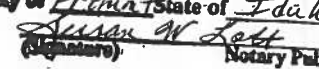

This quote clearly states that the canal was used during the winter months and had to have ample supply to meet the needs of the sugar factory and the needs of all those along the canal route to the end of the canal.

This fact is also referenced in the book entitled "Pioneer Irrigation , Upper Snake River Valley" in which it states that water was used for both domestic and irrigation purposes.

I have personal knowledge of the facts stated herein, and wish to add my statement to the others that have been presented to the board.

Bert F. Withers

21 Annual Meeting of the Oregon
Salem Irrigation Canal
held at the Opera house Eugene City
Febr 20. 1905.

Present:
E. L. Jagues Chairman
Thomas M. Grover - Vice Pres
John R. Dene

H. B. B. Socy
Chairman E. L. Jagues stated the
object of the meeting viz.
to hear report of the year 1904
The Socy was instructed to read
report and on motion of
Th. M. Grover Report was accepted
The Socy desires to simplify the
work in transfer the stock
Motion of John L. Roberts that
wherever a transfer of waterstock is
made that the stockholder surrender
his Certificate and a new certificate
is issued.

Chairman E. L. Jagues made a
report of the present lawsuit.

The condition in which the lawsuit
is in can not be ascertained at
present. Money to be paid this season
for court amount to about \$400.00.

Motion of John L. Roberts to authorize
the Officers of the Company to borrow
the necessary money to carry on
this lawsuit. was carried.

Gottfried Klingler reported that his trees
are under water, and desires the water
be stopped as it spoiled the trees.

The Chairman was appointed to pay the bills by checks.

No further Business came before the meeting.

The Feeder was considered complete.

G Bohi Secy

Special Meeting of the Directors
of Teton Island & Salem Canal Co's
held at the Salem Meetinghouse

July 19th 1901

Present: Wm F Garner

A L Jorgens

Chas Valentine } Directors

David Hirsch } Salem Irrig. Co

Ephs Ricks }

G. Bohi Secy

Gar A Berry, James Park & G H Statham
from Teton Island Co. were present

also Alfred Ricks

A L Jorgens who acted as Chairman
stated the object of the meeting viz.

To consider the matter of getting more water
into the Feeder.

Alfred Ricks reported that A L Jorgens
and himself went along the river and found
that Wilford & Teton had considerable water.
Thought best to call a meeting of the Stock-
holders of both Companies to find out what
could be done in getting more water.

The Question was asked: Have we a legal
right to take out the dam what holds the
water back and runs toward Rexburg?

It was the opinion of Mr H Larsson to go first
to the Teton & Wilford people.

Mrs Jas A Berry's opinion was that it will cause trouble if the dams are taken out, no matter who it may concern; Yet something has to be done in order to get more water. It is not Rexburg that has the main water, but it is Welford and Teton.

Mr Geo H B Harris ask: Who put the rocks into the river, to cause the water to take its present course?

Ephr. Ricks and Nels Nelson stated that in order to obtain water in winter, they put the obstruction into the river about 16 years ago. There are about 15 boulders imbedded in the river.

Mr Geo H B Harris is of the opinion that this obstructions are the cause of the river leaving its natural channel.

Stated that we has a right for our water, and that our water right is recorded about two months earlier than that of Rexburg. His opinion is to go ahead and clear out the rivers obstructions in order to get our water.

Mr Ephr Ricks is in favor of taking chances, which opinion was sustained by Geo H B Harris.

Mr Jas Park cautioned to work in harmony with the village of Rexburg.

Should a channel be opened we will soon have them against us; but if the dams along the river are opened up the aforesaid people will raise no objection.

Mr Wm F Garner desires to avoid lawsuits, but something must be done in order to get the water rightfully belonging to us. He wishes to have it settled peacefully.
