CONDITIONS OF APPROVAL

1. This right is limited to the irrigation of 25 acres within the place of use described above in a single irrigation season.
2. Rights 22-325B, 22-326D and 22-2002A when combined shall not exceed a total annual maximum diversion volume of 455 af at the field headgate, and the irrigation of 130 acres.
3. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 3.5 afa per acre at the field headgate for irrigation of the lands above.
4. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 01.
5. The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion.
6. The right holder shall accomplish the change authorized by this transfer within one (1) year of the date of this approval.
7. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
8. Approval of this transfer does not preclude the opportunity for review of the validity of this water right in the ongoing Snake River Basin Adjudication.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
