CONVERSATION MEMORANDUM TO CLAIM FILE

TO: CLAIM FILE NOS. 67-723A
FROM: VICKY L MUSIC, SR WATER RESOURCE AGENT, IDWR / WESTERN
REGION
SUBJECT: NOTICE OF ERROR REVIEW
DATE: 12/12/2006
CC:

Claimant returned an NOE form that seems to disagree with combined use remarks on this right and the overlaps, 67-723C, D and E. 67-723 was decreed in Monroe Irr Dis v Dickerson, et al. The decree decreed all elements of water rights and included a measuring device requirement.

The agent who recommended these claims, Dan N, disallowed the C, D and E portion. There is a comment in the ecvr that he recombined these into the A portion. I do not have the C, D and E files to determine if this is correct. I did not make any changes to this recommendation.

1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

I disagree with the deletion of Water Rights associated with this property 67-723C for 0.09 CFS, 67-723D for 0.01 CFS, 67-723E for 0.12 CFS. These shares will be transferred to segments of the property as they are sold. I do agree with the indication of 67-723A for 0.310 CFS from Monroe Creek. Documents included outlining Water Rights with the property.

2. Describe the changes you wish to make in the proposed recommendation:

I want these Water Rights assigned back to the subject property and not combined into 67-723A

3. Give a brief explanation as to why you disagree with these portions:

They are not the rights assigned to the property when I bought the property

☐ I AGREE with this proposed recommendation: no changes need to be made.
