HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

Re: Field exam for SRBA claims 67-673, 67-662, 67-2063, and 67-14575

I met with the claimant Jerome Grandi on 5-9-05. We discussed his SRBA claims and filed claim 67-14575. So the claimed POU for 67-14575 was data entered by me upon guidance from the claimant.

67-673, 67-662, 67-2063:

There really isn't much to do with these on the field exam other than verify the delivery system as described below.

67-14575 (b-use):

Field Exam:

- verify POD
- verify historical POU. In my office, Mr. Grandi claimed historical irrigation of property in the SESE of Section 3. The evidence of priority also mentions irrigation in that QQ. However, I can not see good historical evidence of irrigation of that ground. The following sources did not show solid signs of irrigation in that QQ:

1987 NAPP

1998 DOQQ

2004 SID

In order to recommend that as irrigated ground as being irrigated with a historical water right (before May 20, 1971) we will need evidence of historical use and evidence that the water can get to that ground currently.

- We need a system description. Confirm that this water is to be recommended as a PPU with the claimant. In order to recommend a PPU, it has to be a common system meaning any of the water can get to any of the POU. I am pretty sure it can from our conversation.
- We don't need a measurement unless you find there is significantly more acreage than I initially found (shown on the layouts enclosed). I found 245 acres and we

have delivery records of 242 inches. So the system has capacity to deliver one inch per acre at the acreage initially found.

If the claimant had any measurement records, we would take that. And if there is a weir get a picture of that with dimensions. If the claimant is running sprinklers, count sprinkler heads.

IF this is not a PPU, make sure we know what ground is irrigated with what water right.

5-9-06 : POU claimed fits licensed POU

: Need to verify POU

: Need to verify POU

: Priority date ok - But why wasn't spoke about
in decree? Need to find out if superseded

4-12-06: 10.9V Superseded By decree

We are returning the Notice of Change of Ownership to you to COMPLETE OR RESEARCH ONLY THE FOLLOWING ITEM(S) SHOWING A CHECKMARK IN THE BLANK FOR THAT ITEM(S).

_____ Legal description of property. Please complete showing the legal description by 1/41/4 (40-acre tract), section, township and range for the property changing ownership. If you only have a subdivision lot & block legal description, please send us a copy of your subdivision plat map.

X It appears you receive your water from an irrigation district, ditch company, municipality or community water company. If this is the case, then the water right remains in the name of this entity and you should contact them concerning the ownership change. SEE NEXT PAGE.

_____ Name and address of former owner (seller). This will clarify the original owner of the water right.

_____ Name, address and phone number of new owner (purchaser).

In order to accurately split this right we must know what portion of the right was sold. The amount of water in CFS, the place of use by 1/4 1/4 with the number of acres in each 1/41/4 (if applicable) and the point of diversion by 1/41/4, Section, Township and Range is needed. If this right is not being split, please submit proof of ownership for the remaining portion.
Enclosed is a computer copy of this right for your review.

_____ Proof of ownership is needed. This proof can be a copy of the warranty deed, sales contract or tax assessment in your name which includes a description of this property by 1/41/4, Section, Township and Range.
