Comments:

1. segbert 6/22/2004 POD

Comment: Did not put in any POD points. Could not tell where they should go.

2. mmount 10/11/2006 contacts

Comment: The contact for this claim is Mary Dickenson the daughter of Carlos and Ella Weed who have since passed. The estate is still being figured out so no change of ownership has occurred yet. The phone number for Mary is 253-4881.

3. mmount 10/11/2006 POU

Comment: The pou for this claim is being recommended as a larger pou limited to the licensed acres. The basis for the larger pou is because two other beneficial use claims 67-10437 and 67-4302 claimed extra acres but the priority date could not be supported or recommended before the licensed priority date. Part of the pou also overlaps ground that can be irrigated by Grossen Cr water / runoff water that runs down the Sorenson ditches and is stored in several ponds. Acreage and diversion conditions have been applied.

4. mmount 10/11/2006 POD

Comment: The source is a group of springs located very near the qq line and both qq s were mentioned on the license. The springs are piped to a single diversion point and then piped throughout the property. Only one pod is being recommended for this reason.
