Comments:

1. Igraves 4/29/2004 Priority

Comment: Application was filed 12/9/1952, which was listed as the priority date on the original typed license document, however, was data entered as 12/19/1952. The later priority date automatically was listed on the computer generated claim. The priority date was corrected to 12/9/1952.

2. awamtje 4/29/2004 Period of Use

Comment: No period of use on license

3. Igraves 11/19/2006 Overlaps

Comment: Claimant referenced permit 67-7680 as also used for irrigation, however that permit has lapsed.

4. Igraves 11/19/2006 Parcel Nos.

Comment: Irrigation is within Parcel Nos. RP14N03WS253600 and RP14N03W261200.

5. Igraves 11/19/2006 Source

Comment: Source was clarified to Dixie Creek as listed on the topo map.

6. Igraves 11/19/2006 P/U

Comment: Acres were recommended north and south of the creek in S26 because the licensing exam report described the system as a combination of gravity and sprinkler irrigation via portable pump. A concrete dam is located for gravity irrigation at the licensed p/d, however, the examiner stated that the owner was able to use a portable pump anywhere along the stream. Note: only one p/d was licensed and claimed.
