Comment: Recommended as licensed.

3. Igraves 11/19/2006 P/D
Comment: Clarified claimed p/d to the NESE as it appears on the 1987 aerial photo. The Little Weiser River does not flow through the SESENE claimed p/d. Topo map and 1987 aerial photo support the diversion and ditch identified on the claim map.

4. Igraves 11/19/2006 P/U
Comment: Acres claimed match FSA reported acres available in ArcView (CLU layer). Primarily used the CLU field outlines to generate shape. The reported acres appear irrigated in the 1987 aerial photo.

5. Igraves 11/20/2006 Overlaps
Comment: Right 67-30C for additional water from the same source and right 67-2251 from an unnamed stream are also used on the property. Right 67-30C lists .925 cfs, which equates to less than one inch/acre when combined with this right (.925 + .60 = 1.525 cfs for 141 acres). All three rights, when combined, are limited to 141 acres.

6. Igraves 11/20/2006 Parcel No.
Comment: Irrigation is within Parcel No. RP14N03W150000.

THIS IS TO CERTIFY that CHARLES CLELLAND
 of Cambridge, Idaho, made application for a permit to appropriate the
 public waters of the State of Idaho, dated July 21, 1954; that Permit No. 25066
 was issued under said application; that Certificate of Completion of works, with a carrying capacity of
3.20 second feet, was issued thereunder on October 7, 1957, showing that said works
 were completed on the 20th day of September, 1957; and that on the 20th
 day of September, 1957, CHARLES C. CLELLAND

of Cambridge, State of Idaho, made proof to the satisfaction of the
 State Reclamation Engineer of Idaho, of the right to use the waters of Little
Weiser River, a tributary of Weiser River, for the purpose of Irrigation
under Use Permit No. 25066 of the Department of Reclamation
 and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
 and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
10 of Licenses at page 6278, on the 11th day of March, 1958;
 The right hereby confirmed dates from July 21, 1954;

The Point of Diversion is located

in the SW 1/4 NE 1/4, Sec. 15, Tp. 14 N., R. 3 W., B. M. County Washington

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
 aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
 not exceed .6 cubic feet per second.

Hi Craig,

Lori Graves has 67-2243 and 67-2251 so I will forward this on to her. I will send you the lists of what each person has as soon as I get them. They will be barcoded and I have requested lists - so that should help. Hope all is ok on this wonderful working Saturday.

See ya,
Jan

Subject: Overlap

Hey Jan,

If you have a list of who has what claims, could you pass this onto the person with 67-2243 and 67-2251 as it is on the list of claims we sent over.

67-30C overlaps with 67-2243 and 67-2251. I of course has file 67-30C.

I was planning on recommending 67-30C for 0.925 cfs with an acre limit of 42 acres. But I don't know what the overall boundary will be with 67-2243 and 67-2251.

So when whoever has these files conducts and overlap analysis, they shouldn't have to spend time figuring out a split tree as I already have it. They can call me with questions. (the A & B portions are recommended)

Thanks,

C

HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

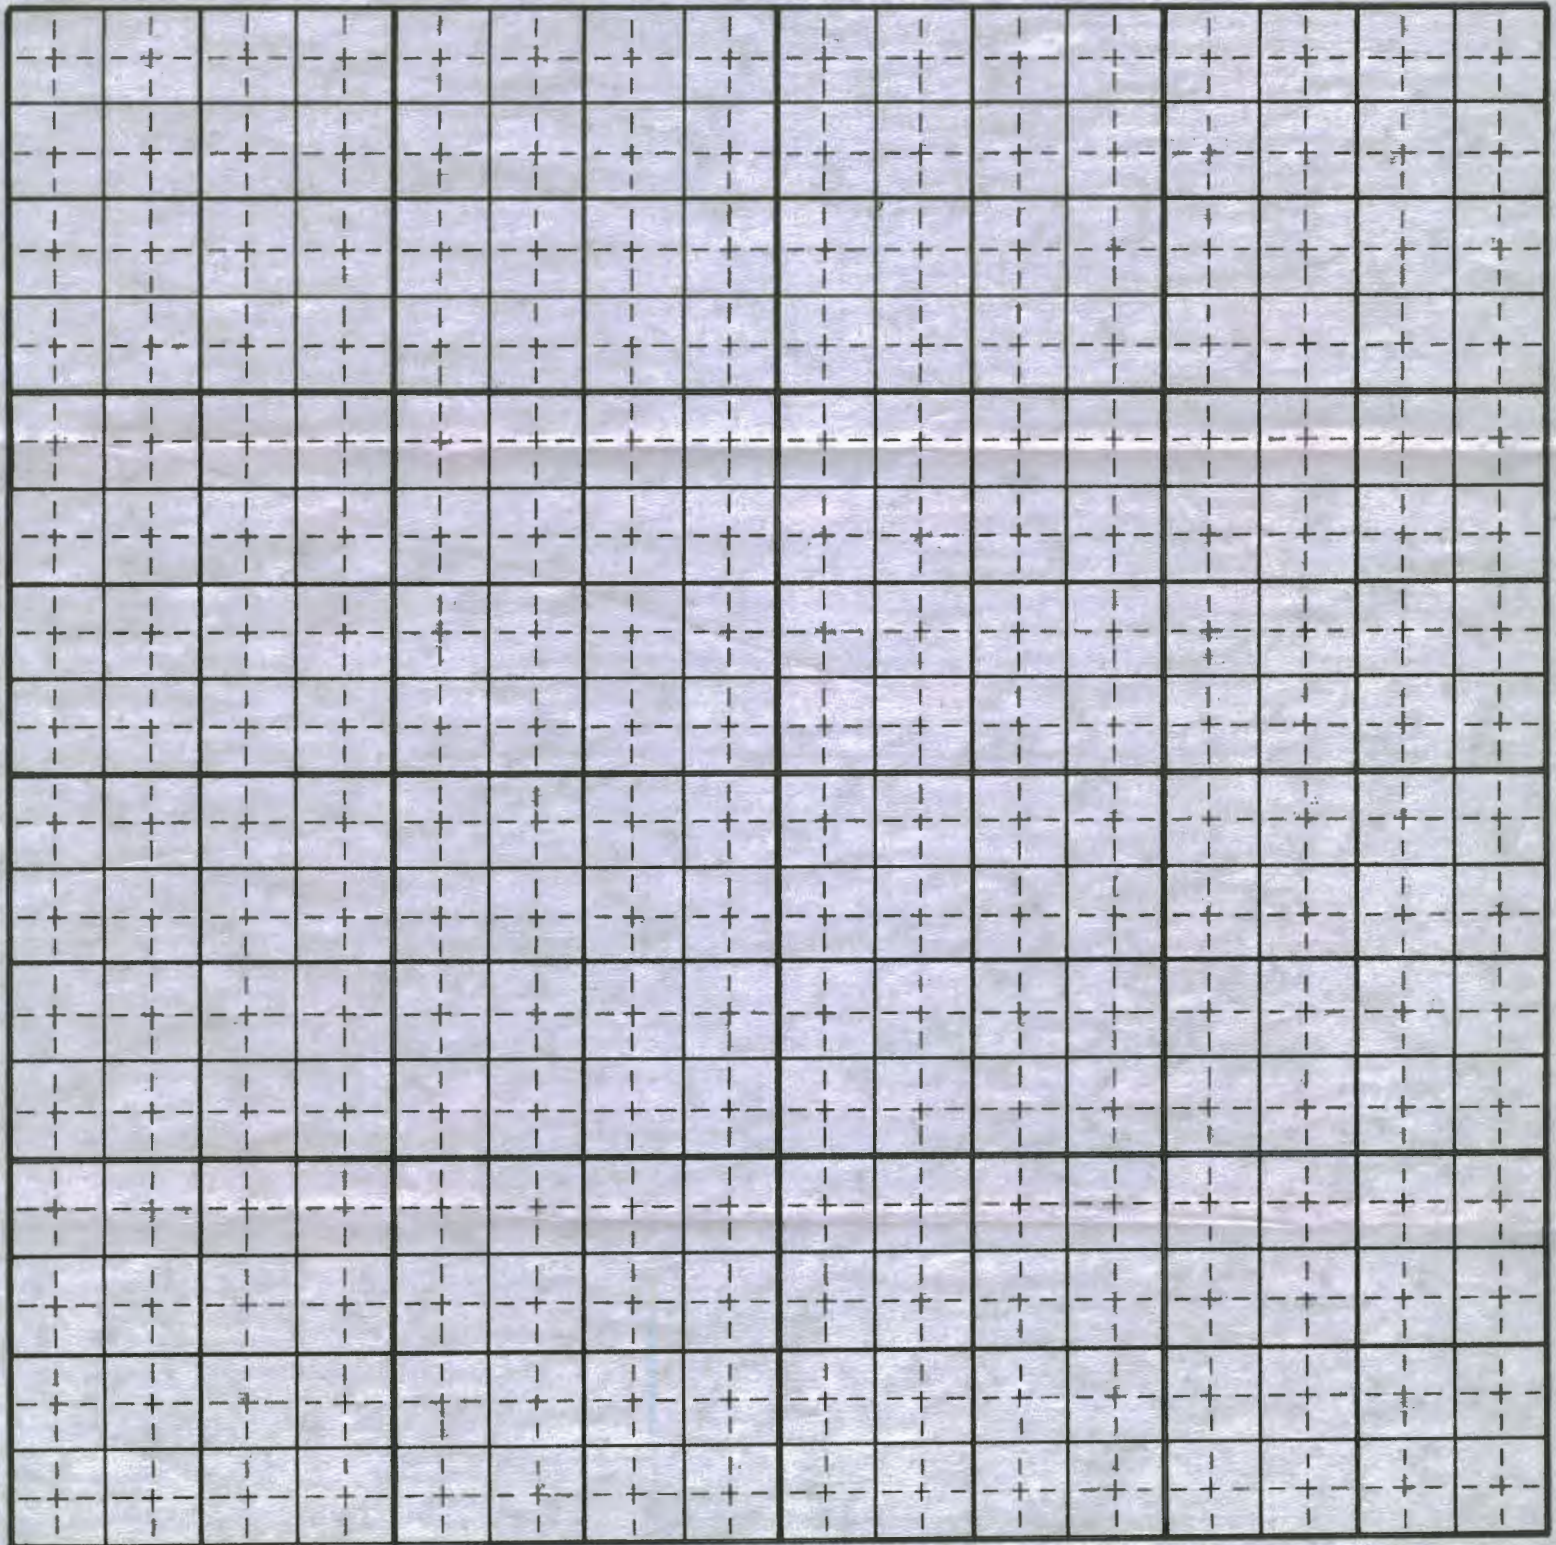

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

Gentlemen:

Enclosed are copies of the above referenced claims which reflect the change in ownership of the lands and appurtenant water rights covered under the original filings.

The Department will contact you in the future concerning any other requirements that may be needed in order to process these claims for final court decree.

If you have any questions concerning the enclosed claims, please feel free to contact me.

Sincerely,

RE: Adjudication Claim A67-02243. For additional information, see also, 67-02251 and A67-00030C

Dear Mr. Panak;

During the review process of your Adjudication Claim A67-02243, copy attached, we have noted several deviations from the original License #67-02243. These deviations are primarily the Point of Diversion and Total Quantity Claimed. Because of the complexity of your water rights we would very much appreciate the establishment of an appointment between you and one of our agents in one of the Boise Offices. During our meeting, we can look at maps and water rights logs for your property and properly file on all of your water rights.

Although we would like to schedule an appointment at your convenience, perhaps on a day when you have other business in Boise, there is a certain urgency in having the claim properly filed. As such, we would appreciate a prompt response during which time we can set up an appointment.

When you respond or if you have any questions or concerns, please refer to this correspondence and my name as your claims work will be temporarily filed in my correspondence file with a copy of this letter. If response is not made within thirty days of this letter, your claim will be accepted as is, however, it is doubtful that the director will recommend the right to the Fifth District Court as claimed.

Thank you very much for your time.

Regards,

Bruce A. Schuld
Senior Water Resource Agent

Because IDWR 67-02251
IDWR 67-02243 & IDWR 67-00030 cover
the same acreages we are only irrigating
a total of 141 acres. Because IDWR 67-
02243 has a different point of diversion
we are filing two (2) claims as outlined
in instruction book. We were advised not
to fill out page 3 of application by the
Weiser office of the I.D.W.R. because we
have made the legal description down to
the nearest 10 acres.
