Subject: Notice of Claim to a Water Right
Attachments: license.95-8731.exam.map.and.pictures.pdf; claim.95-8731.pdf; Instructions Long Claim Form.pdf; lebarre.parcel.map.pdf

To: Curt or Sheryl LaBarre,

& Ron Glauser on
Hello, 11-8-17

In regard to our phone call today; please find the following:

- a. Copy of water right license 95-8731, exam map and pictures of the place of use
- b. Pre-printed Notice of Claim 95-8731
- c. Instructions for the claim form; and
- d. Kootenai County parcel map of your property

A – This packet of information shows the way that the water usage was licensed and includes a map taken during the field inspection and pictures of the diversion, pump, riser and place of use. This information may be used to verify you have the correct water right appurtenant to your property.

B – Since this right has been licensed I was able to pre-print a Notice of Claim form. Please correct any information, i.e. claimant name, locations, or anything which may be inaccurate and sign and date under the "individuals" option under item 14.

C – Instructions for completing the claim form, and

D – A map showing the parcels appurtenant to parcel number 02840001005A, outlined in green.

Please show on this map where the diversion from the lake is located and outline where the irrigation is occurring.

We need the originals, so please return the Notice of Claim, map and other pertinent information to my attention, as soon as possible. The fee for the claim will be \$103.00. That is based on \$50.00 for the claim, \$1.00 per irrigated acre and a \$50.00 late fee.

Upon receipt of the claim, we will verify the information and make our recommendations to the District Court. Prior to that, you will receive notices from the Department on the status of the claim. The first such notice will be a "Notice of Error" which you will receive within the next few months.

Finally, feel free to contact me if you need any assistance.

Sincerely,

Linda Werner
