Dear Special Master Booth,

This appears to be a data entry error. I reviewed the file and all available evidence indicates that the POU for this right is T12N, R05W, S24, SWSE.

- The SWSE was the claimed POU in both the Statutory and SRBA claim.
- The map submitted by the claimant shows the POU in the SWSE.
- Despite the name on the county parcel data not matching the name on the SRBA claim, the addresses are the same. The location of the parcel falls within the SWSE.
- The agent that made the original recommendation placed the polygon representing the place of use in the IDWR GIS database in the SWSE.

I have updated the recommendation as attached.

Thank you,

Craig

Remarks:Comments:

1. mcase 6/15/2004 POD
Comment: Updated shape

2. csaxton 8/16/2007 POU
Comment: Recommendation was submitted to the court without listing a QQ for the POU. This error was pointed out to me by Special Master Booth via e-mail on 8-13-07. I updated the database to reflect the POU of the SWSE, T12N, R05W, S24 for domestic and stockwater use. I am e-mailing Special Master Booth and Becky Harvey to notify them of this change.

3. csaxton 8/16/2007 volume
Comment: In my review of this recommendation per the request of Special Master Booth, I noticed the recommended volume of 0.27 af. Had I the ability to make the change, I would remove this volume completely from the recommendation.

Subject: Notice of Change in Water Right Ownership 67-4035

Dear Mr. Roger Hill,

Attached is a Notice of change in Water Right Ownership from. Please note in reference to Item 2A, there is no filing fee.

A copy of this e-mail will be put in the file to record that I spoke with you today over the phone, and I informed you that at this time, we will ignore the September 16, 2005 deadline for submitting evidence of priority. You stated that you will be working on it and will submit the evidence you collect as soon as possible. If I do not receive anything back from you by the time the directors report is issued, I will most likely drop the irrigation portion of the claim and recommend the well for Domestic and Stockwater use only which will limit use to 1/2 acre of irrigation and not to exceed 13,000 gpd.

That being said, I would like the evidence of priority information as soon as possible.

Let me know if you have any questions.

Respectfully submitted,

Craig L. Saxton

CONVERSATIONAL MEMORANDUM

Date: September 15, 2005

To: File 67-4035

From: Craig L. Saxton

Subject: Evidence of priority

Received a call from Cliff Langley (423-357-7103). He has sold the property but wanted to help the new owner with EOP. What he found was a copy of the newspaper add that was put in the paper to advertise the filing of the original statutory claim. I explained to him why that wouldn't work.

Then I asked him if he actually irrigated more than ½ acre and he said sometimes. Not very often, only when the surface water ran out. I told him we could recommend it as D and S only and he wouldn't need to submit anything. He said we would have to talk to the new owner and see if they wanted to pursue more than ½ acre.

He did say that the well was hand dug, but he felt that he new someone that could remember the power being put in prior to 1963 as he almost shocked himself.

I told Mr. Langley that we could use a statement from him. He is going to send me and the new owner the contact information of the guy that could write the affidavit as well as forward my letter to the new owner.

I told Mr. Langley that I wouldn't be contacting anyone for the affidavit, but that the new owners would have to do that. I did say it wouldn't be a bad idea to send me the information though of who could write an affidavit so I can put it in the file.
