Hi -

Lori H just brought me the notice of intent to correct clerical error and issue amended pd for the above. the acres irrigated was omitted in the recommendation and the correction was to insert 0.5 acres under acres irrigated and total acres irrigated. However, in the amended pd attached to the notice, the acres are mistakenly listed as 0.05 acres under both irrigated acres and total acres rather than 0.5.

HISTORY OF STAR IDAHO

The community of Star was one of the earliest in the Boise Valley. The Pioneer ditch was started in 1863 by M.B. Palmer and later extended to the Middleton Mill. This irrigation ditch and its supply of water allowed the country between Star and Middleton to be settled early.

One of the first settlers was Ben F. Swalley who in 1863 drove his ox team and wagon onto 300 acres of land along the Boise River, a mile south of the present town. Others followed, homesteading the good farm land along the Boise River. The surrounding farms often catered to the needs of early travelers and miners providing them with food and lodging in Star, on their way to and from Boise and the mines in the Boise Basin.

One of Idaho's oldest Christian church's was organized in Star about 1869. As early as 1864 the first meeting of the Church of Christ were held at the home of David Fouchy, a Christian minister, who was farming in the locality and later served as Star's second postmaster. Another of the church's early leaders was Shepp Gray, the first postmaster of Star. The Church of Christ built a church east of Star in 1881 on land donated by Mrs. Sam McDowell and later moved the church to its present location in 1906. Another area church was the Star Chapel belonging to the Methodists.

The first location of the village of Star was one mile to the east of present Star, about halfway between the present town of Star and Star-Emmett junction. The first schoolhouse was built there in the 1870's on land donated by B.F. Swalley. When the settlers finished building the schoolhouse, they couldn't decide on a name for the building. One of the men sawed out a star and nailed it to the front door, pounding nails all around the edge of the star. This became an important landmark for miles around, and was a guide for travelers and miners. When they came to the schoolhouse with the star on the door, they could travel west one mile and find board and lodging for the night. So in time, the town became known as Star.

The village of Star began to grow, providing services to travelers and serving as a rural center for neighboring farmers and ranchers. In 1880, a post office was established in Star with Shepp Gray the first postmaster and proprietor of the general store. The early settlement also had two blacksmith shops for "iron work" as well as the district school house, two churches, and half a score of residences. The first hotel was opened in 1888.

RE: Investigation of Water Right Claims in the Snake River Basin Adjudication, Basin 63

Dear Claimant:

As you may be aware, the Idaho Department of Water Resources (IDWR) is commencing its Snake River Basin Adjudication (SRBA) investigation of water rights in the Boise River Basin (Basin 63). This investigation is a major effort, and IDWR has hired a contractor, Intrepid Engineering Services, to assist us with this task.

The purpose of this letter is to advise you that Intrepid might be contacting you to conduct a field investigation of your water use. This investigation is meant to provide important information to the IDWR Senior Water Resource Agent who will be making a recommendation for your water rights. Accordingly, we request that you provide Intrepid with access to your water diversion system so that their personnel can conduct this field examination. Intrepid will be gathering information on the rate of flow, diversion location and place of use of your water rights, and will be reporting this information to IDWR.

If you have sold your property in the Boise River Basin, we request that you forward this letter to the purchaser, so that the purchaser can report the new name and address to our office. If you are unable to forward this letter, please send any information regarding a new owner to our Western Regional Office located at 2735 Airport Way, Boise, 83705, (208) 334-2190.

The process of adjudicating your water rights is straightforward for most people, resulting in the issuance of decreed water rights on your property. Experience has shown that water users who work with our agency early in the process to ensure that their recordings are correct have a better experience than those who wait until IDWR has filed its findings with the SRBA Court. Thus, we encourage you to work with our staff and with Intrepid to ensure that the results accurately reflect your water uses.

Sincerely,

Jan Shurte
Adjudication Section Supervisor

Dear Claimant(s):

We have received your Notice(s) of Claim to a Water Right filed in the Snake River Basin Adjudication.

In the initial review of this claim(s) we found it necessary to complete some of the items on the claim form(s). A copy of your original claim(s) with these changes marked, along with the computer generated copy, and Receipt No. *1005404* are enclosed. The following items have been added and/or changed on the claim(s) enclosed:

_____ Item #2 - Only a portion of your priority date was listed. This item requires a month, day and year. We have added in the required information based on the Department's rules for dates of priority.

_____ Item #4 - The point of diversion appears to be incorrectly described or not described at all. Based on other information provided which included your legal description, we have added in the quarter-quarter, section, township and range. If you had listed the Lot, Block and Subdivision name, enclosed is a copy of the subdivision map from which we computed the quarter-quarter legal description.

_____ Item #5 - No description of diverting works was listed. Because the source was described as a groundwater source, we have completed this item with well, pump and pipeline. If your groundwater source is not a well, please notify us.

_____ Item #6 - The period of use is not listed for the use(s) claimed. The Department has recommended periods of use for certain uses. The recommended period of use has been added to your claim.

MICROFILMED

SEP 01 1992

Item #7 - The total quantity claimed was not completed. The use(s) claimed have been added together and this amount added to your claim.

Item #9 - The number of homes was not listed on your claim. It appears to be filed for one domestic home and this information has been added to your claim.

Item #10- The place of use appears to be incorrectly described, or not described at all. Based on other information submitted we have added in the quarter-quarter, section, township and range. If you had listed the Lot, Block and Subdivision name, we have enclosed a copy of the subdivision map from which we computed the quarter-quarter legal description. Or, if you have listed a quarter-quarter legal description under Item No. 4, we have listed this same quarter-quarter, section township and range on this item.

Item #12- The ownership of the place of use has not been marked. We have assumed you own the place of use and this information has been added to your claim.

Item #15- Basis of Claim was not completed. No previously recorded water rights were found, therefore, we have marked beneficial use of the water as the basis for filing this claim.

X Other We have interpreted and entered the proper
Consumption Use on your adjudication
Claim please NOTE highlights on Claim

If you have any problems or questions concerning these additions and/or changes, please feel free to change the copy of your claim form(s) and return it to this office. The new changes can then be made and a computer generated copy showing these changes sent to you. If we do not hear from you, we will assume these changes meet with your approval and the claim(s) will remain as shown on the enclosed copies.

Sincerely,

Bruce A. Hill
