Re: SRBA Claim No. 63-18687

Dear Mr. and Mrs. Kregger:

I am the Deputy Attorney General assigned to represent the Idaho Department of Water Resources in Basin 63 in the Snake River Basin Adjudication.

The Department of Water Resources has previously contacted you regarding information on the priority date for the above SRBA claim. In order to make positive recommendations of this water right, each element of the water right must be proven.

The Department plans to issue its Preliminary Recommendations on this water right early next year. If the Department does not receive all the necessary evidence for this claim, it will have no option but to recommend to the SRBA Court that this water right be disallowed, meaning that the water right will not be valid.

Please contact Vicky Music at the Western Regional Office for the Idaho Department of Water Resources at (208) 334-2190. **If we do not hear from you by January 7, 2005 then your water right will be recommended as disallowed.**

Very truly yours,

RE: Investigation of Water Right Claims in the Snake River Basin Adjudication, Basin 63

Dear Claimant:

As you may be aware, the Idaho Department of Water Resources (IDWR) is commencing its Snake River Basin Adjudication (SRBA) investigation of water rights in the Boise River Basin (Basin 63). This investigation is a major effort, and IDWR has hired a contractor, Intrepid Engineering Services, to assist us with this task.

The purpose of this letter is to advise you that Intrepid might be contacting you to conduct a field investigation of your water use. This investigation is meant to provide important information to the IDWR Senior Water Resource Agent who will be making a recommendation for your water rights. Accordingly, we request that you provide Intrepid with access to your water diversion system so that their personnel can conduct this field examination. Intrepid will be gathering information on the rate of flow, diversion location and place of use of your water rights, and will be reporting this information to IDWR.

If you have sold your property in the Boise River Basin, we request that you forward this letter to the purchaser, so that the purchaser can report the new name and address to our office. If you are unable to forward this letter, please send any information regarding a new owner to our Western Regional Office located at 2735 Airport Way, Boise, 83705, (208) 334-2190.

The process of adjudicating your water rights is straightforward for most people, resulting in the issuance of decreed water rights on your property. Experience has shown that water users who work with our agency early in the process to ensure that their recordings are correct have a better experience than those who wait until IDWR has filed its findings with the SRBA Court. Thus, we encourage you to work with our staff and with Intrepid to ensure that the results accurately reflect your water uses.

Sincerely,

Jan Shurte
