RE: Snake River Basin Adjudication (SRBA)
Notice of Claim to a Water Right #67-4052A

Dear Claimants:

We have processed the change in ownership of the Notice of Claim to a Water Right referenced above for your property in Washington County. Thank you for your patience.

Enclosed is a copy of this water right claim. Please retain this copy for your file, and refer to this record number in any future inquiries or correspondence.

If your mail delivery address changes in any form, please contact us in writing so we can update our records to assure you receive important notices concerning your claim.

Sincerely,

Sally Sherman
Technical Records Specialist

RE: Change of Ownership

OK to change, but it looks a little weird.

What happened apparently is that the Freeman's sent in a change of ownership with a deed but we couldn't find it. The tax lot data verify's that the Freeman's owned the property under 67-4052A so we added the Freeman's as "Present Owners" and left the Petersons on the claim.

So the Freemans send in another copy of that land description which after reviewing the file I see we already have.

So that is why it looks odd.

We can drop the Petersons, change Freeman's to Current owners, and notify them of the change... please.

No Rush.

NOTICE OF CHANGE IN WATER RIGHT OWNERSHIP

RECEIVED**MAY 30 2005****DEPARTMENT OF
WATER RESOURCES**

Please print or type. Attach pages with additional information. Instructions are included at the end of this form.
 Incomplete forms will be returned.

1. Please list the water right number(s) and/or adjudication claim number(s) (if any) for each water right to be changed. List just the adjudication claim number if there is no corresponding water right record on file with the department. Indicate, by checking in the space provided (under the "split" heading), if the change in ownership is limited to a portion of a water right in which case division of the existing water right or adjudication claim record will be required.

Water Right No(s).	Adjudication Claim No(s).	Split	Water Right No(s).	Adjudication Claim No(s).	Split
	⁰⁴ 67-4052A				

2. The following **REQUIRED** information must be submitted with this form:

- A. The appropriate **FILING FEE**. See instructions for fee amounts.
- B. A copy of the most recent **DEED, TITLE POLICY, CONTRACT OF SALE** or other legal document indicating your ownership of the property and water right(s) or claim(s) in question, **WITH ATTACHED LEGAL DESCRIPTION**.
- C. Either of the following (if necessary to clarify division of water rights or other complex property descriptions):
PLAT OF PROPERTY or **SURVEY MAP** clearly showing the location of the point(s) of diversion and place of use of your water right(s) and/or adjudication claim(s) (these are usually attached to your deed or on file with the county).

OR

If your water right(s) and/or adjudication claim(s) is for ten or more acres of irrigation, you must submit a USDA Farm Service Agency **AERIAL PHOTO** with the irrigated acres outlined and point(s) of diversion clearly marked. The **AERIAL PHOTO** should be submitted in place of the **PLAT OF PROPERTY** or **SURVEY MAP**.

3. Name and Address of Former Owner/Claimant(s)

Robert W. Peterson (deceased)
Jean L. Peterson (deceased)

4. New Owner/Claimant(s)

Paul C. + Josephine M. Freeman
 Name Connector (Check one): ☐ and, ☐ or, ☐ and/or

New Mailing Address

P.O. Box 177

City, State and ZIP Code

Cambridge, Id. 83610

New Telephone Number

5. Date you acquired the property

May 24, 2001

Monica Van Bussum or Misty Mount

SCANNED**SEP - 7 2006**

6. If the change in ownership affects the entire water right for each water right or adjudication claim number listed in item 1, THEN SKIP THIS ITEM AND GO TO ITEM 7. If the change in ownership divides the water right(s) among multiple owners, you must describe, in detail, your portion of each water right after the change. Fill in the appropriate spaces in the box(es) below to describe your water right(s) after the change (one water right per box, you may copy this page as necessary). If your quantity of water is greater than a proportionate split, you must attach documentation to show justification for a larger amount. If you are not sure how to identify your portion of the original water right or adjudication claim records, please contact the nearest IDWR office for assistance.

DESCRIPTION OF YOUR PORTION OF WATER RIGHT
(If the right(s) will not be split, skip this area and proceed to item 7)

RE: Snake River Basin Adjudication (SRBA) claim 67-04052A

Dear Claimants,

The Idaho Department of Water Resources is currently in the process of reviewing SRBA claims filed in basin 67. In my review, it appears that you now own property in Washington county that was previously owned by Robert W. and Jean L. Peterson. The legal description is as follows:

T14N R03W S3 NE1/4NE1/4

Five claims to a water right have been filed on that property (enclosed correspondence).

If you use the water claimed for beneficial use, you need to file a change of ownership form in order to allow IDWR to change the name on the claims and ensure that you receive future correspondence (form enclosed).

Because 67-04052A is claimed based on beneficial use, all elements of the water right need to be verified. If water is being put to beneficial use, IDWR personnel may need to conduct a field exam to verify the elements of the water right. If this is the case, you can expect to hear from one of our contract field examiners soon

Without the requested information, the recommendation to the SRBA court for the two above mentioned claims could result in disallowal.

I realize that this is a lot of information all at once. Please feel free to contact me at (208) 287-4907 with any questions.

Respectfully submitted,

Monica P. Van Bussum

INSTRUCTIONS

This form has been prepared to assist new owners of property to comply with the requirements of Section 42-1409(7), Idaho Code. This statute provides that new property owners notify the Department of Water Resources (IDWR) of any change in ownership of a water right during an adjudication of water rights, and if a claim for the water right has not been filed to file the needed claim(s).

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. If you would like any of these brochures or if you have questions about completing this form please contact your nearest office of IDWR or you may call 1-800-451-4129 (toll-free).

The first line of the form asks for the date of closing so IDWR will have a record of the effective date of the property transfer.

The second line of information requires the legal description of the property being transferred. This information is **ESSENTIAL** and should be available from the documents that will be present at the time of closing. The first two lines of the legal description **MUST** be completed. IDWR's records are based upon legal descriptions using township, range, section and fractions of a section descriptions, and this information must be included on the form. If you also have available a legal description based upon a townsite or subdivision and lot and block number, please also include this additional information. A lot and block legal description is **NOT** a substitute for the township, range, section and fraction of a section description.

After completing the legal description, if all water is supplied by a public service water supply you may check the first box; complete the name, address and telephone information for yourself, the new owner; sign the form in the space provided and return the form to the IDWR office nearest you.

If there are water rights associated with the property, the seller should be able to provide you with the water right number(s). The water right number(s) for the property are to be put in the space provided at the second box on the form. If you or the seller believe there are water rights for the property but the numbers are unknown, then you may wish to call or come into an office of IDWR for assistance in identifying the water rights for the property involved. If claims for the property have not been filed you will be so advised by IDWR.

After the water right number(s) for the property has been entered on the form, complete the name and address information for **BOTH** the former owner/seller and for yourself, the new owner, in the spaces provided. Please also include your telephone number. If the property you have purchased is only part of the property owned by the former owner/seller, you may be purchasing only part of the total water right held by the seller. This means the water right held by the seller must be split so you get your proportionate share of the water right. Be sure to include a description of the portion of the water right you have purchased. The seller should be able to help you describe the portion of the water right for the property you have purchased.

If the former owner/seller will sign the form and the seller is shown as the claimant of the water right in IDWR's records, then you do not need to attach proof of ownership of the land or the water right. The seller should know if the original claim was filed by him, or if the seller has filed a change in ownership so the seller is shown as the claimant of the water right in IDWR's records. If the seller is not going to sign the form then you must attach some proof of ownership of the property described at the top of the form or proof of ownership referencing the specific water right(s) for the property.

The new owner must sign the form in the space provided. If the former owner/seller is available to sign the form please do so in the space provided.

When complete, the new owner and the former owner/seller should each retain one of the copies and return the original of the form to IDWR. You may return the form to the IDWR office nearest you or to: Idaho Department of Water Resources, Statehouse Mail, Boise, ID 83720-9000, Attention: Adjudication Bureau.

HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

6. Water is claimed for the following purposes:

(both dates are inclusive)

(cfs)

(acre feet)

For Irr. purposes from 3-15 to 11-15 amount 0.16 or _____

For Stockw. purposes from 3-15 to 11-15 amount 0.02 or _____

For _____ purposes from _____ to _____ amount _____ or _____

For _____ purposes from _____ to _____ amount _____ or _____

7. Total quantity claimed (a) 0.16 (cfs) and/or (b) _____ (acre feet)

8. Total consumptive use claimed is 24.0 acre feet per annum.

9. Non-irrigation uses; describe fully (eg. Domestic: Give number of households served; Stockwater: Type and number of livestock Etc.) 3/ Maximum 17 hd stock

10. Description of place of use:

a. If water is for irrigation, indicate acreage in each subdivision in the tabulation below.

b. If water is used for other purposes, place a symbol of use (example: D for Domestic) in the corresponding place of use below. See instructions for standard symbols.

TWP	RNG	SEC	NE 1/4				NW 1/4				SW 1/4				SE 1/4				Totals

Last Name Edwards Ident No. _____

Copies: White-State, Yellow-Claimant

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

no lateral contraction of water passing through the weir is possible.

Conditions for accuracy of measurement for this type of weir are identical with those of the contracted rectangular weir, except those relating to side contraction. In the suppressed weir the sides of the approach channel should be coincident with the sides of the weir, and should extend downstream beyond the crest to prevent lateral expansion of the nappe. A suppressed weir in a flume drop is illustrated in figure 5.

Special care must be taken with suppressed weirs to secure proper aeration beneath the overflowing sheet at the crest. This is usually accomplished by placing vents on both sides of the weir box under the nappe (fig. 3).

(c) *Standard Cipolletti (Trapezoidal) Weir.*—A standard Cipolletti weir is trapezoidal in shape (fig. 6). Its crest and sides, which are of thin plate, are placed far enough from the bottom and sides of the approach channel so that full contraction of the nappe occurs. The sides incline outwardly at a slope of 1 horizontal to 4 vertical.

The Cipolletti weir is a contracted weir, and should be installed accordingly. However, its discharge occurs essentially as though its end contractions were suppressed because the contractions are compensated by making the sides of the weir slope outward.

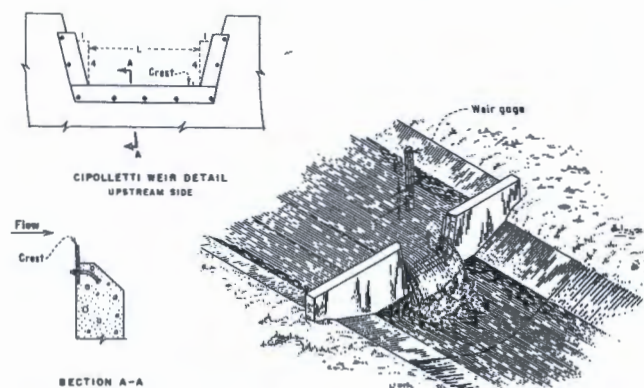

Figure 6.—Cipolletti weir in a permanent bulkhead discharging under free-flow conditions. 103-D-859.

All conditions for accuracy stated for the standard contracted rectangular weir apply to the Cipolletti weir. The height of the weir crest above the bottom of the approach channel should be at least twice the head over the crest, and the distances from the sides of the notch to the sides of the channel should also be at least twice the head. The weir should not be used for heads less than about 0.2 foot, nor for heads greater than one-third the crest length. A Cipolletti weir is illustrated in figure 7.

(d) *Standard 90° V-Notch Weir.*—The triangular or V-notch thin-plate weir is an accurate flow measuring device particularly suited for small flows. The V-notch usually used by the Bureau is the 90° V-notch shown in figure 2.

The crest of the standard 90° V-notch weir consists of a thin plate, the sides of the notch being inclined 45° from the vertical. This weir operates as a contracted weir and all conditions for accuracy stated for the standard contracted rectangular weir apply. The minimum distances of the sides of the weir from the channel banks should be at least twice the head on the weir, and should be measured from the intersection points of the maximum water surface with the edges of the

Figure 7.—Cipolletti weir with a well-type head-measuring station. PX-D-53011.

Above photos are taken of Ridenour Weir from just upstream. Rod instream is for scale. Actual measurements are in file 67-4052D.

Photo of Ridenour weir from just downstream. POD off Rush Creek is about 100 yards upstream of this point.

RE: 67-4052A

Ok, this is fed from the Ridenour ditch which needs a measurement. Measurement will be used for this and several other rights. *ok*

This is a flood water claim filed without a claim for the decreed water. WM records show delivery of the decreed water. I suggest the claimant file a claim for it. I have enclosed a completed claim. Fee = \$50.00. Acres already paid for. *ok*

-Needs a c/o to Freeman. I put a form in the file. *yes it is*

- Need to confirm that this is irrigated from the Ridenour POD. So a good description of the ditches that feed the POU is needed. *ok*

- Please outline POU *ok*

- Verify # of stock for 67-4052A

- Change of Ownership

claim decreed right!

give new owner the claim to fill out - explain.

RE: Snake River Basin Adjudication (SRBA) claim 67-04052A

Dear Claimants,

I received a copy of your Deed of Trust in regards to the letter I sent August 9, and our phone conversation August 12, concerning change of ownership. Thank you for responding so quickly.

While the Deed of Trust is helpful in establishing ownership, you need to file a change of ownership form in order to allow IDWR to change the name on the claims and ensure that you receive future correspondence (form enclosed).

Please feel free to contact me at (208) 287-4907 with any questions.

Respectfully submitted,

Monica P. Van Bussum

MEMORANDUM

Date: August 12, 2005

To: File

From: Monica Van Bussum

RE: Phone conversation with Mrs. ~~Pearson~~ Freeman 08/12 10:15 am

Freeman - unclear at first in phone conversation
Mrs. ~~Pearson~~ ^{Freeman} called in some confusion over the letter I sent her regarding 67-4052A. This used to be owned by the Petersons, now both deceased. The Pearsons are now the owners, but have not filed a change of ownership.

Mrs. Pearson says they have not irrigated in the 5 years they have been on the land, but are interested in pursuing the water right claim so they can irrigate. She says there is a headgate and there are ditches and they would like to use them on the alfalfa. She believes the whole property (10 acres) was irrigated before they bought it.

In short, I asked Mrs. Pearson to send me a copy of her warranty deed and I would probably send her a change of ownership form to fill out. The warranty deed will enable me to see which part of the Peterson property they bought and help move the recommendation process along. After we get the warranty deed, I think we'll probably send an evidence of priority letter.

To: Claimants of Snake River Basin Adjudication (SRBA) Beneficial Use Claim 67-04052 (split portions: 67-04052A, 67-04052B, 67-04052C, 67-04052D and 67-04052E)

Re: Request for proof of water right ownership

Dear Claimant(s):

We are currently beginning to review SRBA claims in your area. You have claimed on a previous statutory claim 67-04052, which has been split into A, B, C, D and E. You are being contacted because you are the claimant(s) for one of those split portions. At this point we are having difficulty determining how and where the acreage claimed is being irrigated and we are seeking a true picture of how the land is irrigated and from where the water is diverted.

For your convenience, I have enclosed a Notice of Claim for your split portion and a layout of the area you are claiming as your place of use. Please outline your irrigated acreage on the enclosed layout and show your point(s) of diversion and return the documentation to this office by **August 19, 2005**. Also, if you have any further information about historic beneficial use of water on the land, please include any you think we may find helpful. **Lack of additional information could result in all or part of your claim being recommended as disallowed to the SRBA court.**

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible. You may be contacted to schedule a field exam to verify other items of the Notice of Claim.

Thank you for your attention to this important matter. I look forward to your timely response. Please feel free to contact me at the above address or at (208) 287-4907.

Dear Wateruser(s):

This office has reviewed the **Notice of Change of Water Right Ownership** form submitted to our office. However, due to the items checked below, we cannot continue to process this ownership change. We are returning the Notice of Change of Ownership to you to COMPLETE OR RESEARCH ONLY THE FOLLOWING ITEM(S) SHOWING A CHECKMARK IN THE BLANK FOR THAT ITEM(S).

☒ There is no existing water right in our records either under the former owner's name or for the legal description given. If, after contacting the former owner, you find more information concerning a water right, please contact us.

☐ Legal description of property. Please complete showing the legal description by 1/41/4 (40-acre tract), section, township and range for the property changing ownership. If you only have a subdivision lot & block legal description, please send us a copy of your subdivision plat map.

☐ It appears you receive your water from an irrigation district, ditch company, municipality or community water company. If this is the case, then the water right remains in the name of this entity and you should contact them concerning the ownership change.

☐ Name and address of former owner (seller). This will clarify the original owner of the water right.

☐ Name, address and phone number of new owner (purchaser).

☐ This change in ownership appears to result in a splitting of the water right. A split of the water right occurs when the ownership change affects only a portion of the original right. In order to accurately split this right we must know what portion of the right was sold. The amount of water in CFS, the place of use by 1/4 1/4 with the number of acres in each 1/41/4 (if applicable) and the point of diversion by 1/41/4, Section, Township and Range is needed. If this right is not being split, please submit proof of ownership for the remaining portion.
Enclosed is a computer copy of this right for your review.

☐ Proof of ownership is needed. This proof can be a copy of the warranty deed, sales contract or tax assessment in your name which includes a description of this property by 1/41/4, Section, Township and Range.

MICROFILMED

AUG 05 1994

____ Signature of new owner (purchaser) is needed on this form.

X other: There is a statutory claim on file
for this land but no one has filed a claim in
the adjudication. Is your land irrigated from
Rush creek? If not, no claim is necessary. I am
enclosing a proof report of this right for your info.

Please complete the above item(s), if required, on the Notice of Change of Water Right Ownership form and return it with the requested information to the Department of Water Resources, Western Region Office, 2735 Airport Way, Boise, ID 83705. If we do not hear from you within 30 days, the claim upon which this form was filed(if one exists), will remain in the original owner's name.

Feel free to contact this office if you have any questions concerning this letter.

Sincerely,

Adjudication Staff

Re: Notice of Claim to a Water Right No. A67-04052A

Robert W. Peterson
Jean L. Peterson
P.O. Box 66
Cambridge, ID 83610

Mr. & Mrs. Peterson:

Enclosed is a copy of the above referenced claim which reflects the change in ownership of the land and appurtenant water rights covered under the original filing.

The Department will contact you in the future concerning any requirements that may be needed in order to process this claim for final court decree.

If you have any questions concerning the enclosed claim, please feel free to contact this office.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Jan Shurte'.
