RE: EVIDENCE OF PRIORITY

Dear Claimant (s):

The Idaho Department of Water Resources has begun its water right review in Basin 67. The Notice(s) of Claim identified with the number shown above in the "address" label and at the "end" of this letter has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates water usage is based on "Beneficial Use". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a license, Decree, or Permit. For this reason, proof must be provided supporting the priority date. As the claimant, you are responsible for submitting the necessary proof to support the priority date.

It is important that each element of the Notice be substantiated. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

For your reference, I have provided a printout of your Notice and the pamphlet entitled **"Evidence of Priority"**. The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled **"What Kind of Evidence is Required"** and **"Some examples of Documents Which May Be Evidence of the Priority Date"**.

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other items of the Notice have been or soon will be conducted by Department personnel.

.....
The Department cannot recommend the Notice be decreed by the court if no evidence of a priority date is submitted.
.....

Please submit the documentation supporting the priority date by **April 23, 2005** **referencing all documents with the corresponding Notice number.** If you have any questions not covered by this letter or the enclosed pamphlet, please feel free to contact me at (208) 287-4907.

In addition, a contractor employed by The Idaho Department of Water Resources may be contacting you to set up a field exam in order to verify the elements of your water right.

Respectfully submitted,

Melanie L. Vining
IDWR Contract Field Examiner

Notice of Claim 67-04065

STATE OF IDAHO

Section 42-225a, Idaho Code

CLAIM TO A WATER RIGHT

Under the provisions of Section 42-225a, Idaho Code, a person may file a claim to a right to use water which has been established by diversion and application to beneficial use. The filing of this claim does not confirm the water right but will serve for information purposes only. It may, however, become the basis for future adjudication of the water right by the Court.

Notice is hereby given that Clarence &/or Louise King
(name of claimant)
of P. O. Box 356, Council, Idaho, claims a right to the diversion and beneficial use of
(mailing address)
ground water or surface water tributary to Weiser River

The extent and nature of said claim is as follows:

- (1) Describe source of water: (name of stream, lake, spring, etc., or ground water) Hornet Creek
- (2) Describe the purpose for which the water has been used and the time during the year when you have used the right claimed:

Amount	<u>1.12</u>	Use	<u>Irrigation</u>	Period of Use:	From	<u>March 15</u>	To	<u>Oct. 31</u>
Amount	_____	Use	_____	Period of Use:	From	_____	To	_____
Amount	_____	Use	_____	Period of Use:	From	_____	To	_____
	(cfs, gpm or a/l)		(dom., irri., stock, etc.)					(both dates inclusive)

- (3) Total quantity of water claimed: 1.12 cubic feet per second, or _____ acre feet per annum, and/or _____ gallons per minute.

- (4) Priority claimed: (the date water was first applied to beneficial use) June 30, 1883

A claim is not acceptable on a ground-water source with a priority later than March 25, 1963 or on a surface-water source with a priority later than May 20, 1971. An exception to this rule is that a claim may be filed on domestic use from a ground-water source.

- (5) **A) Point of diversion:** (give location of point where water is diverted from its source)

SW 1/4 NW 1/4, Sec. 15 Twp. 17N Rge 2W B. M. County of Washington
Additional points of diversion:

B) Describe means of diversion of water: (pump and pipeline, well, diversion dam, reservoir, length of ditch and field, etc.) Give sizes and capacities; be as specific as possible.

- (6) A) Describe location of use by listing number of irrigated acres within each 40-acre tract in appropriate box. If use is not for irrigation, place an "X" in appropriate box to show location.

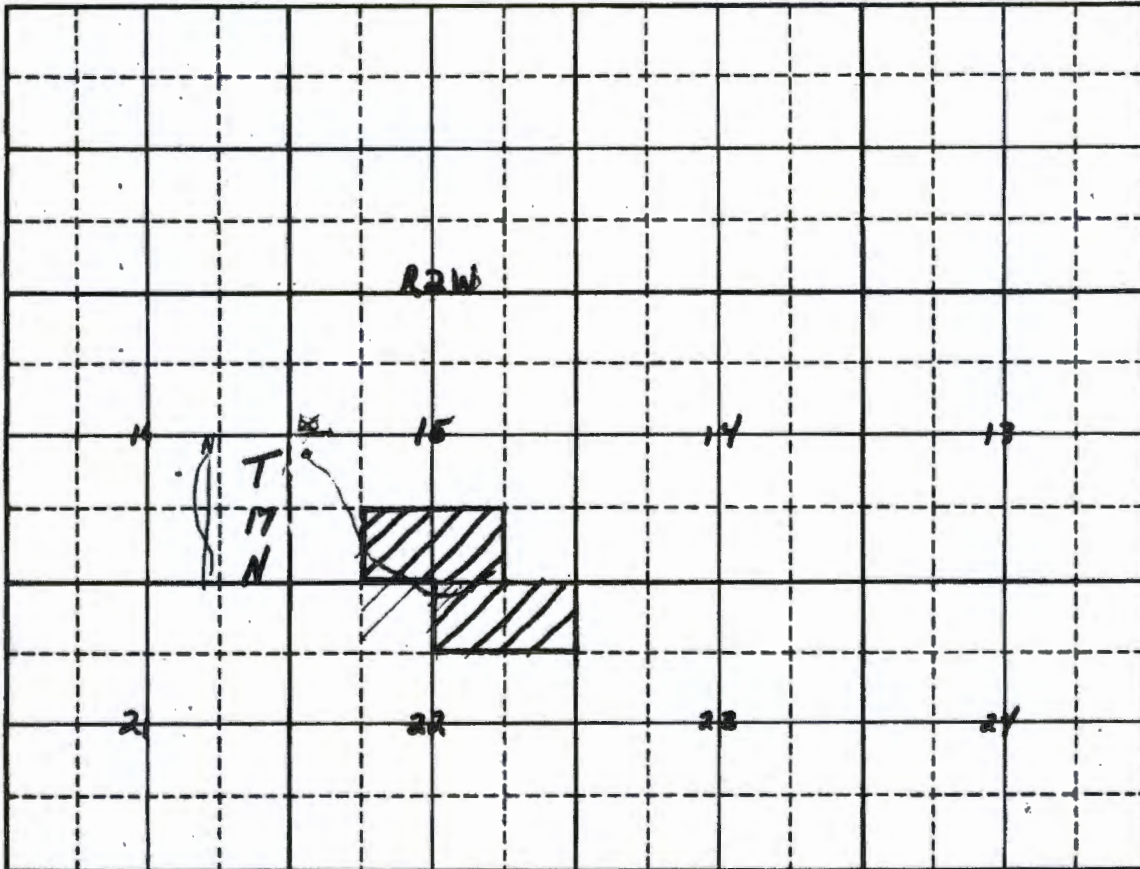

[illegible]

Total No. of acres 140

- B) If the water is used for other than irrigation, fully describe that use, being as specific as possible: _____

- (7) If you are claiming water as a member of an organization, list name of organization:

(8) Remarks _____

Scale: 2 inches equal 1 mile.

Map should show the location of the point of diversion and the place of use of the water by 40-acre subdivisions, section, township and range of the public land survey system.

State of Idaho

County of Adair ss.

Be it known that the undersigned, being duly sworn, deposes and says that he, she, they subscribed the foregoing claim to a water right, together with all attached information, and that the matters and facts therein are true to the best of the affiants knowledge.

Sworn to before me this 23rd day of May, 1974.

RE: Notice of Change of Water Right Ownership for Snake River Basin Adjudication (SRBA) claims 67-00383B, 67-00384, 67-00406, 67-00407, 67-04065, 67-11326, 67-11327, and 67-11328.

Dear Mr. Walling,

The Idaho Department of Water Resource is currently in the process of reviewing SRBA claims in your area. Melanie Vining has been working with Mr. Rubelt to gather information about your claims. On 7-13-05 I was delivered a divorce decree and was told that Anna Walling's name should be removed from your claims.

There are a couple of issues. The first being that I need a completed change of ownership from submitted with your signature approving the change. Secondly, I do not know which claims Anna's name should be taken off. The above list of SRBA claims and Water right numbers are what I found by doing a search for water right records under the name of Anna Walling. Should Anna's name be removed from all the water rights listed above?

If so, three water rights have already been Partially decreed by the SRBA court:

67-11326
67-11327
67-11328

Since they have been partially decreed, there is a \$25 fee per claim to make the change.

There is no fee for claims:

67-00383B
67-00384
67-00406
67-00407
67-04065

Enclosed is a Notice of Change of Water Right Ownership form. Please fill out the form and list the water right number where Anna's name should be removed. I keep the divorce decree in the file for ease. Simply complete the form and note that you are simply removing Anna's name, sign it, and return it to my attention with the appropriate filing fees.

I apologize for the inconvenience. Please feel free to contact me with any questions.

Respectfully submitted,

RE: EVIDENCE OF PRIORITY

Dear Claimant (s):

The Idaho Department of Water Resources requested evidence of priority through written correspondence on April 6, 2005, for the Notice of Claim identified with the number shown above in the "address" label and at the "end" of this letter. As of this date, we have received no return correspondence from you.

The Notice indicates water usage is based on "Beneficial Use." Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a license, Decree, or Permit. For this reason, proof must be provided supporting the priority date. **As the claimant, you are responsible for submitting the necessary proof to support the priority date.**

It is important that each element of the Notice be substantiated. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

For your reference, I have provided a printout of your Notice and the pamphlet entitled "**Evidence of Priority.**" The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some examples of Documents Which May Be Evidence of the Priority Date."

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other items of the Notice have been or soon will be conducted by Department personnel.

.....
The Department can not recommend the Notice be decreed by the court if no evidence of a priority date is submitted.
.....

Please submit the documentation supporting the priority date by **July 18, 2005** **referencing all documents with the corresponding Notice number.** If no further documentation is received by July 18, IDWR will have no choice but to recommend this claim as disallowed to the SRBA court as it does not contain sufficient evidence to establish a priority date. If you have any questions not covered by this letter or the enclosed pamphlet, please feel free to contact me at (208) 287-4907.

Respectfully submitted,
