Dear Mr. Griggs:

We have reviewed your Notice of Claim that was submitted on August 11, 2009. The source of water can be Groundwater or surface water not both. The groundwater source of your right should be claimed with the date of priority the day that water was first used from the well. We have enclosed a blank claim for you to complete for water us out of the well.

Since the surface sources (spring, unnamed drain, etc) were started after May 20, 1971, an application for a water right was required. An application is enclosed for you use.

Sincerely,

Kenneth Knoblock
Water Resources Supervisor
