RE: Investigation of Water Right Claims in the Snake River Basin Adjudication, Basin 63

Dear Claimant:

As you may be aware, the Idaho Department of Water Resources (IDWR) is commencing its Snake River Basin Adjudication (SRBA) investigation of water rights in the Boise River Basin (Basin 63). This investigation is a major effort, and IDWR has hired a contractor, Intrepid Engineering Services, to assist us with this task.

The purpose of this letter is to advise you that Intrepid might be contacting you to conduct a field investigation of your water use. This investigation is meant to provide important information to the IDWR Senior Water Resource Agent who will be making a recommendation for your water rights. Accordingly, we request that you provide Intrepid with access to your water diversion system so that their personnel can conduct this field examination. Intrepid will be gathering information on the rate of flow, diversion location and place of use of your water rights, and will be reporting this information to IDWR.

If you have sold your property in the Boise River Basin, we request that you forward this letter to the purchaser, so that the purchaser can report the new name and address to our office. If you are unable to forward this letter, please send any information regarding a new owner to our Western Regional Office located at 2735 Airport Way, Boise, 83705, (208) 334-2190.

The process of adjudicating your water rights is straightforward for most people, resulting in the issuance of decreed water rights on your property. Experience has shown that water users who work with our agency early in the process to ensure that their recordings are correct have a better experience than those who wait until IDWR has filed its findings with the SRBA Court. Thus, we encourage you to work with our staff and with Intrepid to ensure that the results accurately reflect your water uses.

Sincerely,

Jan Shurte

State why an extension of time is requested explaining how a diligent effort has been made to meet the deadline:

There are two main reasons of why the application was late:

1. When I phoned the DEPARTMENT OF WATER RESOURCES in Boise,
they gave me the wrong due date of September 8, 1989

2. After I phoned the department and told them what I wanted
to file for, they sent me the incorrect form originally.

Claimant requests an extension to October 13, 19 89

State why an extension of time is requested explaining how a diligent effort has been made to meet the deadline:

Application was turned in on last day to file for water rights.
However, upon review of application additional information was required
on this property. I had to investigate when the mobile home
Park was developed by contacting the former owner of the park.
NOTE - I have only owned this property for approx. 1 year.

RE: WATER RIGHTS FOR HOLLIBAUGH MOBILE ESTATES

The purpose of this letter is to provide your department with the necessary information in reference to the property located in Township 3N, Range 1E, Section 2 of the NE 1/4 of SW 1/4 of SW 1/4 of Ada County.

I, Barbara J. Meier (formerly Barbara J. Schaffer), along with my former husband (Carl Schaffer) owned and managed the above described property from the year of 1967 through most of 1988.

This property at hand was developed in November, 1962. Bert and Vera Giles (original developer and owner of this mobile home park) completed the development of a sixty-seven (67) unit mobile home park along with a laundry facility of ten (10) washers by the later part of November, 1962. When Carl and I purchased this mobile home park, we further developed the park by adding concrete pads, additional septic systems, and paved roads. However, as far as the well and water system for the sixty-seven (67) unit park and the laundry building, it was already in place as per the date as stated above.

On September 2, 1988, I (Barbara J. Meier) sold this mobile home park to Roger E. Hollibaugh II, an unmarried person. Roger E. Hollibaugh II is now the acting Manager/Owner of HOLLIBAUGH MOBILE ESTATES.
