RE: Amendment of Snake River Basin Adjudication (SRBA) claim 67-436B and Evidence of Priority for SRBA claim 67-4083A

Dear Mr. Grossen,

Per our conversation this morning, I am sending you an amended claim for 67-436B. To recap our discussion, as I was looking for claims that overlap with 67-4083A, I found 67-436B. However, the original decreed right 67-436 was not claimed in full in the SRBA. So I am enclosing an amended claim that increases the claimed diversion rate from 0.39 cfs to 0.48 cfs. The split of decreed right 67-436 will then be as follows:

67-436:	0.52 cfs	
67-436A:	0.04 cfs	Holmes
67-436B:	0.48 cfs	Grossen

Please look over the amended claim. For your convenience, changes are highlighted in yellow. Please initial any changes you wish to make and when satisfied, sign the claim in front of a notary and return it to this office ASAP.

In addition, we spoke about needing Evidence of Priority for claim 67-4083A. It sounded like you were going to try to get an affidavit to support when all the ground claimed was first irrigated. An affidavit needs to speak to the date of use, how the affidavit writer knows (...grew up next door and they are 70 yrs old... or ...fell in the ditch...), and the extent of use (how many acres).

Please send the evidence of priority into me ASAP. I am not going to set a deadline, but we have a lot of claims to review by this summer and I cannot guarantee that if we do not have the requested information to make a favorable recommendation, I will have a chance to contact you about it again.

Please feel free to contact me with any questions.

Respectfully submitted,

To whom it may concern,

I Boyd Mink, residing at Fruitland Idaho leased & operated the Ben Surber place at Indian Valley, Idaho for the two crop years of 1957 & 1958. The owner at time of lease was Bert Taylor.

The Ben Surber place is approximately 400 acres situated East of East-Indian Valley Road & North of North Grays Creek Road.

To the best of my knowledge there was ample irrigation water for the hill land south of Grays Creek & the bottom land north of Grays Creek.

RE: Amendment of Snake River Basin Adjudication (SRBA) claim 67-436B and Evidence of Priority for SRBA claim 67-4083A

Dear Mr. Grossen,

Per our conversation this morning, I am sending you an amended claim for 67-436B. To recap our discussion, as I was looking for claims that overlap with 67-4083A, I found 67-436B. However, the original decreed right 67-436 was not claimed in full in the SRBA. So I am enclosing an amended claim that increases the claimed diversion rate from 0.39 cfs to 0.48 cfs. The split of decreed right 67-436 will then be as follows:

67-436:	0.52 cfs	
67-436A:	0.04 cfs	Holmes
67-436B:	0.48 cfs	Grossen

Please look over the amended claim. For your convenience, changes are highlighted in yellow. Please initial any changes you wish to make and when satisfied, sign the claim in front of a notary and return it to this office **ASAP**.

In addition, we spoke about needing **Evidence of Priority for claim 67-4083A**. It sounded like you were going to try to get an affidavit to support when all the ground claimed was first irrigated. An affidavit needs to speak to the date of use, how the affidavit writer knows (...grew up next door and they are 70 yrs old... **or** ...fell in the ditch...), and the extent of use (how many acres).

Please send the evidence of priority into me **ASAP**. I am not going to set a deadline, but we have a lot of claims to review by this summer and I cannot guarantee that if we do not have the requested information to make a favorable recommendation, I will have a chance to contact you about it again.

Please feel free to contact me with any questions.
