To Whom it May Concern:

I Ward Hart, purchased this property from Dorothy Miller Sexton, East 1020 54th Avenue, Spokane, Washington and took possession on December 23, 1969 with all furnishings and original equipment. The Sandy Beach subdivision was done in 1950, as a matter of fact, the survey was done around the 200 front feet that Mr. Miller wanted, which was Dorothy Sexton's father. The developers C.G. and Eva M. Madson gave Kootenai Electric an easement for power lines, etc. on July 24, 1950, obviously that doesn't mean they had power the same day. It was shortly thereafter they took the power down the old road by the lake because the upper road on the plat was not there until later, only existed on paper.

The domestic water system in this home was installed by R.C. Worst and Co., Inc, located in Coeur d'Alene, Idaho. We still have the original Jacuzzi water pump and storage tank by Mitchell Lewis Staver located in Spokane, Washington since 1882. The serial number on the A.O. Smith motor is F-55 meaning June 1955, so giving 30 days for distribution we believe a fair and honest date for installation and water service is July 30, 1955.

I further believe this date is correct because of several other dates coming into alignment from neighbors and the fact this home was the only one in this subdivision that was commercially built from the ground up. The water pump and storage tank would have been new at that time as there was no shortage of money by the owner, Mr. Miller, who owned Miller Screening of Spokane, Washington, which built and equipped most of the concrete grain elevators in the Palouse Empire.

Sincerely,

Ward Hart
